

# Zeebrugge Is Taken By Allies As Huns Rush Back Across Belgium

## PEACE STOCKS BAN IS STILL ON

**Boom Assumes Broad Proportions in Spite of Warning That War Is Not Over**

**Movement Rivalled Many War Sessions of Exchange in 1915 and 1916**

NEW YORK, Oct. 18.—Notwithstanding official warnings from Washington that the war is not yet over, the boom in peace stocks, which began early in the week today assumed broad proportions. In point of activity and scope, the movement rivalled the many war sessions of the stock exchange in 1915 and 1916.

Sales during the first hour aggregated almost 500,000 shares or on the basis of over 2,500,000 shares for the day. Advances in these stocks which it is believed would benefit by a declaration of peace, ranged from 2 to 10 points. The public as well as professional interests, were buyers.

Of these were the chief beneficiaries, mounting to new maximums at advances of between 2 to 10 points, while metals next in favor, recorded gains of 1 to 2 points. Rails moved upward 1 to 2 points.

Conversely the war issues which have been speculative favorites, were subject to liquidation. United States Steel, by some regarded as a peace stock, by others a war issue, gained 1½ points at the start, later forfeiting most of it, and again moved upward. Leaders in the war group, Bethlehem and Crucible Steels and Baldwin Locomotive yielded 1 to 2 points.

**Board of Health Refuses to Raise Lid on General Closing Order**

**No Action Taken on Church Question—Local Theatre Men Are Indignant**

One of the warmest sessions which the board of health has had since the outbreak of the influenza epidemic in Lowell was that held this morning. The board's action may be epitomized as follows:

Refusal to lift ban on theatres, schools, saloons and stores.

No definite action taken on opening of churches next Sunday.

Announcement of decrease in number of patients at isolation hospital.

The Lowell Theatre Managers' association and the Lowell Liquor Dealers' association were both represented at the meeting and, despite nearly an hour of persistent argument, the board refused to budge an inch on its attitude toward the general resumption of business in both lines next Monday.

After the meeting the theatre managers registered a protest and stated that they did not believe that they were being treated fairly in view of the fact that theatres in other communities where the epidemic was much more severe than in Lowell were being allowed to re-open next Monday.

The board based its decision principally on the opinion of Dr. Charles E. Simpson, the state health officer for this district, that it was not yet time to resume normal activities locally. It argued that Dr. Simpson was in touch with the situation throughout the state and that his opinion was worthy of careful consideration. Also, the board maintained, from the reports being received, there was no warrant for them to amend any action they had already taken. At noon today 62 cases had been reported at the office of the board of health in comparison with 54 cases yesterday. There were five deaths today. The total number of cases to date is 5890 and the total number of deaths 265.

**Hospital Supervisor III**

While today's report showed a slight increase over yesterday's, nevertheless, it is understood that the epidemic is on the wane as yesterday's reports were the best received since the outbreak of the disease. Sporadic jumps are to be expected for several weeks to come. Dr. C. R. Eskey, the federal health officer in charge of the isolation hospital, was compelled to cease his labors temporarily today and although his sickness has not yet developed symptoms of influenza, there is a probability that this is the cause. Also, the doctor has been working night and day since his arrival in Lowell and to this in a large measure may be contributed his illness.

**Meeting in Detail**

This morning's meeting was called at 11.30. Inspectors Kearney and Connors of the health department were asked to give testimony as to alleged unsanitary conditions at property numbered 44 and 58 Elm street, respectively. The property is owned by

**BIG JOHN TOBACCO**

Bank will be open Saturday, Oct. 19, from 9 a. m. to 9 p. m.

## Secretary McAdoo Makes Urgent Appeal to the People of Lowell

(To The Lowell Sun, Lowell, Mass.)

WASHINGTON, D. C., Oct. 17.—Subscriptions reported and estimated up to noon Thursday amount to \$4,000,000,000, leaving at least \$2,000,000,000 to complete the Fourth Liberty Loan. Only two days are left within which to raise this vast sum. No country on earth but America could raise so vast a sum in so short a time. Americans can do it, and must do it. The destinies of the world and the hopes of civilization are centered upon America. We shall fail in everything we have fought for and hope to gain in this war if the Fourth Liberty Loan is defeated.

Let every true American citizen today examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency. The highest obligations of duty and patriotism command every true American to go immediately to his bank or to his Liberty Loan committee and subscribe to the limit of his ability to the Fourth Liberty Bonds.

Don't delay, don't wait to be urged. Be as quick to do your part in the Fourth Liberty Loan battle as our soldiers in France are quick to obey the orders to charge the enemy. Buy Liberty Bonds on the instalment plan if you cannot buy them for cash. Every patriotic bank will help you. If every patriotic citizen will do his duty today, victory for the Fourth Liberty Loan is certain.

The continued victories of our armies in Europe, the certain defeat of our enemies and the glorious triumph of the cause of liberty depend upon what the American people do in the remaining two days of the Fourth Liberty Loan campaign.

W. G. McADOO.

## MILLION A MINUTE NEARING QUOTA

**What Nation Must Subscribe to Put Fourth Liberty Loan Over the Top**

**Plan Whirlwind Finish of Campaign for Greatest War Loan in History**

WASHINGTON, Oct. 18.—One million dollars a minute is what the nation must subscribe between now and midnight tomorrow night, if the Fourth Liberty loan is to go over the six billion dollar mark.

Treasury officials estimated today that just about 38 working hours remained to the two million subscribers when they set out this morning for a whirlwind finish to the three weeks' campaign for the greatest war loan in all history. The task before them Continued to Last Page

## Germans Forced to Give Up the Entire Belgian Coast While Allies Sweep On

**Foe Also Retiring Between Oise and Serre—Allies Close to Ghent—British Enter Turcoing—French and American Successes in Argonne**

LONDON, Oct. 18 (Via Montreal)—Zeebrugge, the port of Bruges and the second important German submarine base on the Belgian coast, has been occupied by allied forces.

LONDON, Oct. 18 (Via Montreal)—Bruges, seven miles south of Zeebrugge, has been evacuated by the Germans, according to information received at the Belgian army headquarters.

LONDON, Oct. 18.—Turcoing, six miles northeast of Lille, has been entered by British troops, according to the Evening News.

Between the Senece canal and the Lys river the British are continuing their advance on the whole front.

(By The Associated Press)

The German withdrawal from western Belgium and the coastal region shows no signs of halting. The allied forces are pressing rapidly after the retreating enemy and additional cities and towns have been occupied.

From Lille southward the German retreat is not so rapid, but the Continued to Classified Page

embell of democracy then slowly floated to the flag-staff.

Lieut. E. W. Nichols then read the oath of allegiance which was repeated by the entire battalion. He then read the general orders of the day, which included messages from President Wilson and Sec. Baker. President Eames introduced His Honor, Mayor Thompson. The mayor said in part: "I promise that this will be a very good one. The board of health has been cautioning us to be careful about catching cold and I see that many of you are bareheaded and not wearing heavy clothing, so I shall not keep you but a few moments. I want to congratulate all of you young men on the Continued to Classified Page

J. M. WALTON

**Interviews Three Hundred Vitalitas Users**

Mr. J. M. Walton who is at the Dows Drug Store, Merrimack Square, Lowell, Mass., says: "During the past 10 days I have interviewed at least 300 users of Vitalitas and I did not find one who had been taking the Vitalitas treatment who had had Spanish influenza, nor did I find anyone who knew of a Vitalitas user having influenza."

We think this is a pretty good record for the Vitalitas users. We do know that Vitalitas is one of the greatest tonics and correctives in the world. It gives tone to the system, builds up the blood and drives out the toxic poisons, giving the system strength to resist disease. Vitalitas should be used as a gargle every morning and night as well as to take it as prescribed. Get it today at Dows, Druggist, Merrimack Square, city.—Adv.

## SAVED LOST BATTALION

Story of Daring Journey of  
Lt. McKeogh, Ex-Magazine  
Writer, Through Hun Lines

NEW YORK, Oct. 18.—When Arthur M. McKeogh, a mild-mannered, sunny-dispositioned young newspaper writer, used to sit at his typewriter in the office of The Sunday World Magazine a couple of years ago, it pleased him hugely when it would fall to his lot to write tales of adventure, of thrills—"action stuff," as the phrase goes.

Mac dropped out of the writing game when war impended. He went to the First Officers' training camp at Plattsburg. Near he was heard of at Camp Upton. Then overseas with the Metropolitan division, the 77th.

He came back home, after having lived through an adventure that had enough thrills and enough action in it to make his most stirring written nar-

rative sound like a tale of Little Rollo and his Uncle.

For it was this same Arthur F. McKeogh, now 1st Lieut. McKeogh, U.S.A., who won his way out of the Forest of Argonne, by cunning and by killing, and carried the word which resulted in rescuing forces being sent to the aid of the famous Lost Battalion, which lay there starving, thirsting, surrounded by the foe, and apparently doomed.

As everyone has known for several days, the battalion, composed almost entirely of New York city lads, and commanded by Maj. Charles W. Whittlesey, a New York lawyer, was saved but it is brand-new news that a Sunday World man was the one who first told of the outfit's plight.

Lieut. McKeogh, whose home is at No. 62 East 93d street, arrived Wednesday in a group of 20 Pershing officers who have been detailed to service in this country as instructors. He has a slight wound in his right forearm (the result of a pistol duel with a German officer on his way out of the forest, but otherwise is in fine shape.

To one of his old colleagues Mac

## ANAEMIA AND POOR BLOOD

How Mrs. Burnell's Daughter Recovered

Drewsville, N. H.—"My daughter was anaemic, had poor blood and suffered from indigestion and bilious attacks. As Vinol had built up my son some time ago, I gave it to my daughter, and she soon improved in health, and it has built her up and restored her health."—Mrs. N. Burnell.

The reason Vinol was so successful in Miss Burnell's case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich red blood and create strength. Liggett's Riker-Jaynes Drug Store, Lowell Pharmacy, Falls & Burkinshaw, F. J. Campbell, and druggists everywhere.—Adv.

P. S.—For rough, scaly skin, try our Saxon Salve. Money back if it fails.

told the following story of his exploit:

Invited to be "Kamerad"

His regiment, the 308th Infantry, on Sept. 25 took over the front line on the edge of the Forest of Argonne. On the morning of Sept. 26 at dawn the 3d battalion went over the top and into the forest, their objective being the German "funk-hole line," about a mile and a quarter in. They gained this without much resistance and were ordered to push ahead.

McKeogh was adjutant, and it was his duty to establish "runner-posts," by means of which communication could be maintained between Major Whittlesey and the colonel at headquarters.

This communication was suddenly cut off. A strong attack developed on the left. It was obvious that the Americans were surrounded. There were machine-gun nests on all sides.

"The major gave me 15 or 20 men with grenades to wipe out what we thought was a single nest on the left," said McKeogh, "but we found there were three nests. The boches heard us coming and shouted over something about 'Kamerad.' I got one of my boys—a little East Side Jew named Hirsch-kowitz (and a wonder, too!) who knew German, to find out if they wanted to surrender. He had a long shouted palaver with them and then reported: 'No, sir. They want us to surrender; they say they've got us surrounded and they want us to the 'Kamerad' act! Tell them 'Kamerad, hell!' I instructed Hirsch, and he did it with great glee.

Plugged Boche Between Eyes

"We cleaned out what we could of them with grenades, but it was a tough job. Then along about evening another lieutenant with a detail of men joined my party and told me the major said I should take a couple of men, make my way back to headquarters and tell the colonel if I got there, that the battalion was surrounded. I picked out this Hirsch-kowitz and another fellow named Jack Munson, and we started off through the darkness, going by compass. It was a jungle we had to go through and we could make only a few feet at a time, crawling along.

"There were boches all around. Every few yards we would see them or hear them, and it was a miracle we weren't caught.

"At dawn we reached the edge of a little clearing. We heard talk in German, and then saw two boche officers standing together. We were lying down and I rested my automatic on a log and called on them to surrender. But they weren't 'Kamerading.' One of them let go at me and I let fly at him. I aimed at his mouth and plugged him between the eyes. His bullet caught me on the right wrist—just a nick, but enough to give me my wound-stripe. The other fellow ran off."

Through the day the lieutenant and

# \$1,000 TO CHARITY

Let me offer—\$1,000—to any charity in Lowell for proof of any tailor or clothier in this city selling the following goods at the prices I quote, and the people would have a better idea of the extraordinary character of the goods and prices at which I will take your order for an OVERCOAT or SUIT Today and Saturday.

As no concern can profitably produce them with the price of woollens advanced over 100 per cent., and as I know beforehand that no concern is producing them for the money, such an offer on my part would be bombastic advertising of slender meaning—a practice in which I never indulge.

## BUT I WILL DO THIS I CAN'T DO THIS ALWAYS

I will do it Today and Saturday, you buy then—you won't be sorry—you won't make any mistake.

### CAROLINA MILL ALL WOOL Overcoatings

Sell all over the country today around \$35 to \$40, in some stores as high as \$50.00 It is one of the best mills in New England today on all wool coatings.

I'll make to your measure a suit of Blue Serge, guaranteed in color, made by the Arlington Mill, Lawrence, Mass. **\$18.00 To Order**

I'll take your order for a custom made suit from the greatest mill of them all, the World Famed Standish Fabrics. **\$25.00 To Order**

I'll make you an Overcoat from a mill that won't let me use their name because the mill is too near Lowell. Colors in browns, greys and olives. **\$18.00 To Order**

PER ORDER OF THE BOARD OF HEALTH BUSINESS HOURS 8 A. M. TO 6.30 P. M., SATURDAYS INCLUDED.

**MITCHELL, the Tailor 31 MERRIMACK SQUARE Lowell, Mass.**

#### WAS WELL KNOWN HERE

Lieut. Thomas C. Carver, Worcester Lawyer, Dies at Jacksonville, Fla.

WORCESTER, Oct. 18.—Lieut. Thos. C. Carver of the quartermaster's department at Camp Johnston, Jacksonville, ex-deputy grand knight of Alhambra council, K. of C. and prominent Worcester attorney, died Wednesday night, according to a message received here yesterday. Lieut. Carver was graduated from Classical high school and Holy Cross college in 1902. He studied law at Harvard and at Georgetown, teaching chemistry at

Georgetown while completing his course there. He was admitted to the bar in 1914. He was drafted in September, 1917. While at Camp Devens he was commissioned a lieutenant and sent to Camp Johnston. He is survived by one brother, William J. of New York, and two sisters, Mrs. James J. Nolan and Miss Elizabeth W. Carver of Worcester. The body will be brought here for burial.

#### Well Known Here

Lieut. Carver is well and favorably known in this city and visited here frequently. He was a classmate at Holy Cross college of Joseph G. Byrne of the high school faculty and those who knew the young lieutenant esteemed him highly as a young man of sterling qualities. At Camp Devens he was attached to the 24th company, Depot Brigade, under Capt. Anthony and later recommended for a commission. He was a close friend of Lieut. Richard D. Donoghue of this city, both having served as privates in the same company at Devens and subsequently being recommended for the officers' school at Jacksonville, Fla., where they spent many happy hours in and out of the training school.

The committee held that such imposts would be unconstitutional. Chairman Simmons announced. Senator Simmons announced last night that the house provisions taxing the salaries of military and naval officers so as to differentiate between officers holding civil jobs at home and those in actual service. Discussion of the surtax section which the committee had planned to take up today was deferred owing to the absence of Senator Lafollette, who was called away by the death of a relative.

#### WILL SEE WAR TO FINISH, SAYS ROOSEVELT

PROVIDENCE, R. I., Oct. 18.—"We are going to see this war to a finish if it takes three years more, our bed-rock dollars and the last man," declared Theodore Roosevelt last night at a Liberty loan rally at which he and "Billy" Sunday, the evangelist, were the principal speakers.

Continuing he said: "We will accept no peace save the peace that follows unconditional surrender and we will get that peace with the machine gun and not with the typewriter. Germany needn't bother about terms. She isn't going to be consulted. We will settle on terms with our allies. Germany's part will be limited to saying 'Yes sir.'"

Colonel Roosevelt as an after-the-war measure advocated free night schools to teach English and recommended that if the foreign born after five years "has not learned, then send him home. We can't afford to have this country grow up as a polyglot boarding house."

Colonel Roosevelt appealed to the man of moderate means to subscribe to Liberty bonds.

Mr. Sunday made the bond sales and \$107,300 was subscribed in the first 10 minutes.

#### JEWISH PEOPLE WANT TO BE ADMITTED INTO LEAGUE OF NATIONS

PARIS, Thursday, Oct. 17.—(Havas)—A great mass meeting of Jews was held at Vienna on Oct. 14, and a resolution was passed asking that the Jewish people be admitted into the League of Nations with rights equal to those of other nationalities, according to advices received here. The Jews also asked that they be represented at the peace conference.

It was pointed out that the large number of Jews in Austria, entitled members of that race to consideration in the formation of Austrian federal states, which had been suggested in official circles.

#### SALE OF GERMAN PLANTS

German Government Sends Protest to State Department at Washington

WASHINGTON, Oct. 18.—A protest against business concerns, ships and other property by Alien Property Custodian Palmer has been made by the German government to the state department. The note transmitted through the Swiss legation and made public last night declares the sale of German-owned property in this country is "consciously aimed to do lasting injury to German economic existence."

Referring specifically to the proposed sale of the property in New Jersey of the North German Lloyd and Hamburg American steamship lines, the note says it is an endeavor "to shackle through measures of force the opportunities of German shipping interests to develop in the future."

The German government concludes by saying: "It cannot but be guided in the enforcement of the retaliatory

orders that have been issued against American property in Germany, by the manner in which the United States of America will proceed against German property."

Mr. Palmer revealed in this connection that Germany has flatly refused to give the American government information as to the treatment being accorded American property in Germany, although full information regarding treatment of German-owned property in this country has been sent to Berlin through the Spanish government.

Plans for Americanization by sale to American citizens of German-made property valued at about \$300,000,000 have been prepared, and Mr. Palmer declared last night they would be carried out as soon as possible. Mr. Palmer stated it was not his present intention to sell securities which are the private investment of individual Germans, but only those which form more important ownership in American industries or German banking and industrial interests.

The total value of enemy-owned property taken over by the alien property custodian to date is between \$700,000,000 and \$800,000,000. Unofficial reports place the value of American-owned property taken over by the German government at \$14,000,000.

British subjects at Addis Ababa, capital of Abyssinia, who number 300,

with only 12 Europeans, have sent \$10,000 to the headquarters of the Overseas club and Patriotic league in London.

#### 16 MORE INDUSTRIES MUST CURTAIL PRODUCTION TO SAVE FUEL, LABOR, ETC.

WASHINGTON, Oct. 18.—Sixteen industries were added yesterday by the war industries board to the list of those

which must curtail production to save fuel, labor, capital, material and transportation for essential war work. The products affected include electric fans, safes and vaults, pottery, padlock, builders' hardware, sporting arms and ammunition, cash registers, talking machine needles, silk fabrics and the like and bottles and glass jars.

If you want to reach the people who spend their money in Lowell advertise in The Sun, Lowell's greatest newspaper.

#### RHEUMATISM

The Way to Get Rid of It is to Remove the Cause.

The fact that rheumatism depends on an excess of uric acid in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain, is well established. This excess is due to some defect in the processes of digestion and absorption, and to torpidity or sluggishness of the liver, kidneys and skin.

Hood's Sarsaparilla is very successful in the treatment of rheumatism because it acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and builds up the whole system. Get rid of rheumatic pains and aches by taking this good medicine.

#### NOT TO TAX SALARY OF THE PRESIDENT

WASHINGTON, Oct. 18.—The senate finance committee in revising the war revenue bill yesterday, struck out house provisions taxing the salaries of the president, members of the supreme courts and state officials. The committee also rejected house provisions taxing state and municipal bonds.

# ON TO BRUSSELS

Road-Opened by Capture of Lille, Douai and Ostend, by Allies Yesterday

Most Glorious Day for Allies Since Battle of Marne—Move on Ghent

PARIS, Oct. 18.—Lille, Douai and Ostend, three great cities, have been delivered from the enemy. This is the most glorious day for the allies since the battle of the Marne and it fittingly terminates a wonderful battle of three months, which was opened by Gen. Mangin's victorious counter-offensive on July 18.

Many cities have been liberated and hundreds of square miles of territory re-taken. The results have been splendid. But the victory in Belgium is not all. The British, south of Le Cateau have broken into the German positions and now threaten the Hunding line. The whole German defense system eastward to the Meuse is in peril. The road to Brussels is open. According to latest advices the French and Belgian armies are advancing rapidly towards Bruges and Ghent. The capture of Ostend made it possible to land reinforcements and throw powerful forces against the extreme right of the German army.

Georges Leygues, minister of marine, has received a report from the French commander-in-chief in the North sea that parties from British and French warships cruising off Ostend entered that city, together with troops coming from the south without opposition from the Germans. The Tirpitz battery at Ostend was captured, the enemy not having been able to move back the enormous quantity of materials stored there.

Gen. von Armin's army is no longer strong enough to sustain operations on the extended front, from the French to the Dutch frontier. It is, therefore, reasonable to expect that its march across Belgium will be rapid and that King Albert will re-enter his capital earlier than was hoped.

At the very moment that Flanders was won, another offensive was started in the direction of Hison and Verdun, by Anglo-American and French forces. The object is to take the armies of the crown prince, under shelter of the Hunding line, on the flank, and condemn them to an early retreat towards the Ardennes across the front of the powerful allied right wing.

The way back to Germany lies through two bottle necks separated by the Ardennes—one between Elog and Dinant and the other between Montmedy and Verdun. The latter is already practically blocked.

While it may be admitted that the Germans are fighting well and conducting their retreat with great skill, sober military opinion here is that the great German military machine is in danger of collapse at no very distant date.

great stretches to the north and north-east.

The hill is, in fact, the final one of three key positions, all of which have been bitterly defended. The first was Mamelle trench outside of Romagne, which when won, gave access to the equally vital Dame Marie, and that

# SPANISH INFLUENZA

What It Is and How It Should Be Treated

This disease, authorities now agree, is simply the old fashioned grip that was epidemic in 1889-90. Then it came from Russia by way of France and was given the French name of la grippe. This time it comes by way of Spain.

Spanish influenza, which appeared in Spain in May, has swept over the world in numerous epidemics. Hippocrates refers to an epidemic in 412 B.C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

## THE SYMPTOMS

Grip, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat, and bronchial tubes—there is usually a hard cough, especially bad at night, sometimes a sore throat or tonsillitis, and frequently all the appearances of a severe cold.

## THE TREATMENT

Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little quinine, aspirin or Dover's Powders may be given by the physician's directions. If the aching always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

## EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot wet towels should be applied to the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloth. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, Vapo-

Rub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

## NO OCCASION FOR PANIC

There is no occasion for panic—Influenza or grip has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

## HOW TO AVOID THE DISEASE

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds, which means avoiding crowds, common drinking cups, roller towels, etc. Keep up your bodily strength by proper diet, exercise in the open air, and good food.

## KEEP FREE FROM COLDS.

Above all, avoid colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapor, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea kettle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE: Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Eucalyptus with such volatile oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be used in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold troubles. Over six million jars were sold last year. VapoRub is particularly recommended for children's colds, as it is non-toxic, can be used directly and often without the slightest harmful effects.

position in turn gave access to Chateillon.

From the latter position the great mass of German defensive positions to the northwest can also be controlled and the line can be exploited further without organized attack, because each position is on a sloping hill that can be swept with an enfilading fire.

**IPERK, MONTENEGRO IS CAPTURED BY FRENCH**

LONDON, Oct. 18.—Serbian troops engaged in ousting the Germans and Austrians from Serbian territory have captured Krashevatz, according to advices received in London. This town is 30 miles northwest of Nish.

The French, operating to the west, have captured Ipek, Montenegro, about 10 miles west of the Serbian border.

The French have captured Pivovara on the Nish-Sofia railroad, 12 miles from the Bulgarian border.

The Serbians took Aleksinatz on the Morava river, 15 miles northeast of Nish, and captured 32 guns in the recent fighting.

A Paris statement issued before the capture of Ipek was announced said: "The allied forces continue to advance into Northern Serbia. Serbian troops have taken the massif of Veliki fastrebatz and have reached the Morava river at Grenobatz and Rujinar, 20 kilometers north of Nish. They have captured a number of prisoners and guns. More to the west the French and Greek forces have occupied Kusumkyla.

"The enemy has evacuated Diakova and is retiring toward Npek."

**BRITISH AND AMERICANS IN POWERFUL ATTACK**

WITH THE BRITISH ARMY IN FRANCE, Thursday, Oct. 17.—(By The Associated Press, 10.30 p. m.)—Considerable opposition has been met by the British in the region southwest of Douai, but this fighting died down some hours ago. In the Lille area, allied troops have reached Roncq.

A new crossing of the Lys has been effected south of Wulverghem. There was little opposition north and south of Lille as the British moved ahead today.

The Fourth British army launched a powerful attack from Le Cateau southward this morning. American contingents are participating in the fighting. First reports indicate excellent progress made everywhere against the desperately fighting Germans, who are being driven back toward the Oise. The Sulle river has been crossed at St. Benin and the station has been captured. At last reports the allies were well east of the river and still advancing.

**KING AND QUEEN OF BELGIUM ENTER OSTEND**

PARIS, Oct. 18.—King Albert of Belgium and Queen Elizabeth entered Ostend yesterday afternoon.

**SOLDIER LEADS POLICE MERRY CHASE**

Just because he could not produce a pass properly signed, Private Harry Beauville of Camp Devens was arrested in this city last evening by two members of the military police and was taken back to camp, where he will be dealt with by the military authorities. The arrest of Beauville, however, was not affected without trouble, for the soldier refused to be escorted to the camp by the officers and a wild chase followed.

Shortly after 8.30 o'clock last eve-

ning Beauville was engaged in a very earnest conversation with two sailors at Tower's corner, when two M. P.s approached him and asked him to show his pass. The soldier produced a piece of paper, which by the way, was not properly signed and after handing the paper to one of the officers, he started on a run across Gorham street into Central street with the two M. P.s following. Patrolman J. H. Clark, who was nearby, joined in the chase as did a crowd of civilians. The soldier was finally apprehended in Hurd street and taken back to the camp.

# Nervous Dyspepsia

An Augusta Woman Tells What the Tonic Treatment with Dr. Williams' Pink Pills Did for Her

The processes of digestion are controlled by the food and nerves. That is why the tonic treatment, by which the blood is built up, has corrected so many cases of stubborn stomach trouble.

Many people are suffering daily from stomach trouble because they cling to old-fashioned methods, and predigest foods, and in other ways aggravate the disorder they seek to overcome.

There can be no permanent relief in stomach trouble until the digestive organs are toned up to do the work that nature intended of them. The only way that this can be done is through the blood, which plays such an important part in the work of digestion.

I am in better health now than I have been in years and I give the credit to Dr. Williams' Pink Pills," is the statement of Mrs. Caroline Poulton, of No. 20 Kendall street, Augusta, Me.

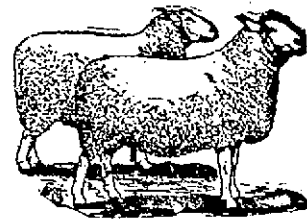

"Overwork caused me to become very nervous and weak. I lost my appetite, had sour stomach and often belched gas. The pain in my head was so intense that it hurt me to speak and a pain in the lower part of my back caused me much distress. My heart became affected and palpitated badly. I lost rest, became very thin and had dizzy spells when I would see black spots before my eyes."

"An article in a newspaper brought Dr. Williams' Pink Pills to my attention and a trial of one box gave me relief. I slept better and my stomach was in a better condition. I took four boxes in all and my health is very good now. The pain in my head and back are completely gone and I am much stronger. Dr. Williams' Pink Pills will have my recommendation."

The first thing to do when threatened with nervous trouble is to stop the cause of it, if possible, whether it is irregular living, worry, or whatever it may be. Then the nerves must be given special nourishment and the blood must be kept pure and rich. This is the mission of Dr. Williams' Pink Pills, and this is why the pills have been used with such great success in nervous trouble that did not yield to ordinary methods of treatment.

Your own druggist can supply you with Dr. Williams' Pink Pills—or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write for a free copy of our diet book—Adv.

## ENTRY INTO LILLE

Whole City a Delirium of  
Joy as Victorious Allied  
Troops Arrive

Eye Witness Describes What  
He Terms Most Touching  
Spectacle of His Life

PARIS, Oct. 18.—"I have just witnessed the most touching spectacle of my life. The whole city, in a delirium of joy, was ready to throw itself upon us, the first to enter Lille," telegraphs the war correspondent of the Petit Journal, from that city.

"Tonight at 9 o'clock, near Armentières, an officer shouted to us 'Lille is taken!' We sped our automobile on the road of victory. Two miles from Lille, two young girls ran out in front of our auto crying amid sobbing of joy. They have gone, they have gone. Vivent les Anglais! Vive la France!"

"We went a little farther and then a huge shell hole obliged us to abandon our machine and proceed on foot. Two more girls, who had run out of the city to meet their deliverers, sooner, cried while tears streamed down their cheeks: 'They won't come.'"

"A hack appeared and we got in, but a crowd, every member of which was weeping, seized us. One man climbed on our shoulder. Another started to kiss my name. I am city councillor. The Germans offered me a million to betray my country. The cowards, the cowards! And then he burst into sobbing."

"Carried by the crowd, we arrived at the city hall. Deputy Mayor Baudouin stood at the door. When we entered everyone rushed to embrace us. An old man with white hair, stood with a violin at the top of the grand staircase and played the 'Marseillaise.' Outside the crowd seemed like a sea. We were the first messengers from the motherland."

"Speak, speak to us," they cried. We opened the windows and told of our victory. A shout went up that filled the city. We told of the Bulgarian capitulation. Again the cheers rang out. We told of the Turkish promise to quit the war, and again the crowd cheered. Then we told them that President Wilson had refused to grant an armistice and demanded Emperor William's head. The crowd in a frenzy tossed everything it could lay hands on into the air."

"At the Prefecture the acting prefect, M. Tegnier, embraced us and there was a fresh outbreak of cheering from the crowd. It was for Mayor Delais and for his son, a French officer of the Legion of Honor, and wearing the war cross. This officer, an aviator, heard at 11 o'clock that the city had been freed. He leaped into his machine, flew quickly to Lille and landed in the Place de Theatre. Alighting, he rushed home to his father."

"This was the first French uniform the liberated citizens had seen and the sight of it increased their delirium of joy."

"There remain 120,000 inhabitants in Lille. The Germans had carried off all the male population more than 14 years of age. The city is not greatly damaged, and the public buildings are intact."

"When news of the deliverance of Lille came to Paris, flags were hung out on all sides and a crowd of refugees from the Lille region paraded to the Lille statue in the Place de la Concorde, where they sang the Marseillaise and decorated the statue with allied flags."

"Numbers of refugees waited most of the day Thursday at the offices of the committee in charge of the refugees of the department of the Nord on the chance that news of the evacuation of Lille would be received. When a messenger arrived with the glad tidings, tears came into the eyes of the refugees."

"At most of the theatres the managers announced the news to the audiences which arose and sang the Marseillaise."

## GERMAN BANKER HELD

Henry Upmann, One of the  
Richest Men in Cuba, Held  
Incommunicado

HAVANA, Cuba, Thursday, Oct. 17.—Henry Upmann, prominent German banker of Havana, resident of the German club and one of the richest men in Cuba, is being held incommunicado in his residence in connection with the general rounding up by the Cuban secret service department of enemy subjects whose names have figured with the trading-with-the-enemy blacklists.

Two maps of the western front, an autograph letter from the German kaiser and caricatures of the Belgian king are said to have been found in Upmann's residence.

TO PROVIDE FARMS FOR  
AMERICAN SOLDIERS

KANSAS CITY, Mo., Oct. 18.—A nationwide movement to provide farms for the victorious American soldiers on their return from the battlefield is endorsed by Franklin K. Lane, secretary of the interior, in a telegram to the International Farm congress, which has adjourned on account of influenza.

After referring to the "far-reaching value and effect of the plan for making farms for returned soldiers," the telegram continues:

"I shall look to your congress in the hope that you who are pioneers in reclamation work, will give your approval to this new and greater adventure."

"The boys in France are thinking of two things—Berlin and home. They are determined to pass to the latter through the former. We want a guaranteed peace and when our boys return we should have a job for each one. He can make his own home out of our unused lands."

# Buy Your Fall and Winter Clothes and Furnish Your Home Comfortably

At the store where low prices are kept down in times of war by a fixed policy of fair pricing that keeps Chalifoux Profits 10% to 15% lower than the average store asks. It's the profit a store asks that regulates prices. No store has any great buying advantage over another. We have the advantage, if there is one, and that is the advantage of discounts due to our cash buying. But it's the profit that makes prices high, moderate or low, and our prices are low. Chalifoux Values always uphold this declaration.

## Men's Overcoats \$10 to \$48

### COURT DISSOLVES THE PERRY INJUNCTION

BOSTON, Oct. 18.—According to a despatch received last night from Cleveland, the common pleas court in that city yesterday dissolved the injunction barring the Braves, the National league and the national commission from interfering with Scott

Perry's retention by the Athletics. The injunction was granted Manager Lloyd of the A's last June after the national commission had awarded Perry to the Braves, this action causing a threat of civil war in organized baseball.

Settlement of the case out of court, according to attorneys' statements in Cleveland yesterday, was responsible for the dismissal of the injunction. On the face of it the Braves won a delayed victory. Business Manager Haggood of the Braves said last night that the club had received no notice of a settlement, and he assumed that the club's attorneys would be cognizant of any such action. He did say, however, that the Braves, in August, made a proposition for a settlement with the A's which was agreeable to all parties involved, but that the A's then refused to go through with the settlement.

"The Boston club," he said, "has not been notified officially that the Philadelphia club has agreed to a settlement of the Scott Perry case out of court. The Boston club agreed to withdraw the case on the payment by the Athletics to the Braves of \$2500, the American league waiver price."

French papers endorse British "town for a town" slogan, urging destruction of German towns, cathedral and historic place for every such crime in France and Belgium.

### K. OF C. GIVE \$2000 TO MADAME FOCH

### U-BOAT SINKINGS

Records of June, July and August Show Fall in Allied Shipping Sunk

Steady Rise in Number of Submarines Destroyed—Great Work by Convoy

AMERICAN NAVAL BASE, France, Oct. 18.—(Correspondence of the Associated Press.)—The record of submarine activity for June, July and August, the period most favorable to submarines, is now practically made up, and shows a steady fall in the allied shipping sunk, and a steady rise in the submarines destroyed.

Every Soldier Landed  
Not one of the in-coming troopships was lost in this period and every soldier was landed. Such losses as have occurred, have been on out-going ships, mainly freighters going back with little or no cargo.

The American naval convoy service has borne the brunt of this protection. In the Mediterranean, five allied navies are co-operating in the protective service, French, British, American, Italian and Japanese. There on the Atlantic coast, however, the French and American fleets furnish the convoys and protective service, and along 300 miles of the front the American service has a foremost part, particularly in the huge movement of troops and supplies from America.

260,000 Tons Lost in Summer  
The record of tonnage losses for the summer will close around 260,000 tons, or about 50,000 tons less than the monthly losses at the opening of the year, and 100,000 tons less than the losses in March. In January the losses stood at about 300,000 tons. They mounted steadily through February and March, until the March total was around 350,000 tons. Then a sudden drop began, and in April the losses were down to 260,000. Again they mounted slightly in May to 280,000. Then there was another fall to 240,000 tons. In July, they stood at 260,000, and this has been the level to the close of the summer.

The percentage of losses on the Atlantic route since the convoy system began, May 25 last, is less than that on any other route. In the Mediterranean the percentage of losses is about 1½ per cent. and on one exposed route, it runs up to 18 per cent. But on the Atlantic route, where the American convoy is chiefly concerned, the percentage of losses is around 1 per cent.

Many Submarines Destroyed  
As to the loss of submarines, the one fact known definitely is that they are being destroyed faster than they are being built. But there are not the same exact data as to the fluctuations of losses, as these are carefully concealed by the enemy, and the loss of an under-water craft is much less apparent than one on the surface. But a pretty accurate check is kept on those which disappear, and the new ones taking their place.

Among the new ones are the U-130, U-141 and U-142, built at the Germania Krupp yards at Kiel. They have a length of about 115 feet, with 16 knot speed on the surface and nine knots under water. They mount four guns and two machine guns, and have four 500-centimetre torpedo tubes, two forward and two aft.

But the appearance of the new boats in no way keeps pace with the loss of the old ones, which are crippled or sunk, or mysteriously disappear leaving hardly a trace as the depth bombs do their deadly underwater work.

### SEEKING RELATIVES OF GEORGE GIBBS

Medical Examiner Smith has made a personal request that The Sun through its news columns, ask that any person or persons in this community having any information whatsoever connected with the late George Gibbs, 60 years old and formerly living at 491 Lawrence st., should immediately get in touch with the medical examiner's office.

Gibbs was employed as a stationary engineer for a contractor doing some work at West Chelmsford in connection with railroad improvements. He fell from a ladder while at his work Oct. 16, and was removed in an unconscious condition to St. John's hospital where he died the next morning. It

was found his death resulted from a fracture at the base of his skull.

The medical examiner has taken much pains to trace Mr. Gibbs. Nothing to help in this matter has been found, either on his person or among his effects in his room. He carried a license as stationary engineer which he evidently received when working for some contractor at Webster, Mass. The body of Mr. Gibbs is now at O'Connell and Fay's undertaking rooms where it can remain 10 days. Mr. Gibbs is spoken of by his employer as a man of excellent habits, and any person having information of a character likely to assist in learning the whereabouts of Mr. Gibbs' living relatives will be doing a very great kindness if they will turn over their information to Dr. Smith.

A. R. Martin of Paden City, W. Va., has had a picture of the Kaiser tattooed on his back removed by a surgeon.

### BREWING MUST CEASE

Not Even the So-Called Kruezen or New Beer Can Be Brewed After Dec. 1

WASHINGTON, Oct. 18.—Not even the so-called Kruezen or new beer for carbonizing old beer can be brewed after Dec. 1, under a ruling announced today by Food Administrator Hoover and Fuel Administrator Garfield. Brewers had asked that they be allowed to brew new beer for this purpose after the date fixed by the president for all brewing to cease. It is necessary to use up the malt and other material on hand brewers may

use as much of their fuel allotment as they choose between now and Dec. 1, it is announced. But for the purpose of refrigeration after Dec. 1, it is considered that the allotment of fuel under the order of last July is sufficient.

—There are ten suits that were formerly priced at \$54.50, and sixteen suits that were formerly priced at \$59.50. Both groups are to be included at this special price of \$44.50, for Saturday only.

# THE JAMES CO

MERRIMACK STREET, COR. OF PALMER

## This Store Doesn't Camouflage Values

OUR OFFER OF \$50.00 REWARD TO ANYONE PROVING A MISSTATEMENT OF FACTS

—Our customers are never given to understand that they are to expect one thing and then find something radically different when they arrive at the store.  
—Nor do we quote "mythical" values, and "should be worth such and such a price," nor any one of the hundred and one things that some merchants resort to to get customers into their stores.  
—Never any camouflaging here.  
—Always straight facts told in a straight-forward manner.  
—If we tell you that we are reducing the price of a garment or a number of garments, you can be sure that it is so.  
—This store has the reputation of never misrepresenting things. It has required courage, in the face of the fraudulent statements of some unscrupulous competitors, to maintain this reputation. But we have, and we will continue to be to the line of honesty in our advertising because we want you to continue to believe our printed word in our advertising is still in effect. It always will be. We invite other good merchants to join us in this. It will help to build up a waning confidence in advertising that can be directly traced to irresponsible merchants whose only thought has been to fool the public.

WITH RESTRICTIONS OUR ENTIRE ASSORTMENT OF  
\$4.95, \$5.95 and \$6.75

**Trimmed and Ready-to-Wear Hats**  
ON SALE SATURDAY AT  
**\$3.00**

—Included at this low price are close fitting, medium and large hats.  
—Many are of Cardinal and Lyons velvet, becomingly trimmed with ribbon fancies, stick-ups and fur in various ways.  
—Remember, you have unrestricted choice of our entire line of trimmed and ready-to-wear hats that, until this sale, have been priced at \$4.95, \$5.95 and \$6.75.  
—Be here early Saturday for best selection.

A SALE OF  
\$32.50 to \$37.50  
**Jersey Dresses**  
—AT—  
**\$24**

—Into this assortment goes almost our entire lot of better Jersey Dresses—51 in all—in the very style conceptions to which this popular fabric has been subject and in every desirable shade.  
—Because the quantity is limited we think it advisable to urge your early attendance.  
—Remember, you save from \$8.50 to \$13.50 on each garment.  
—This special price in effect for one day only, Saturday.

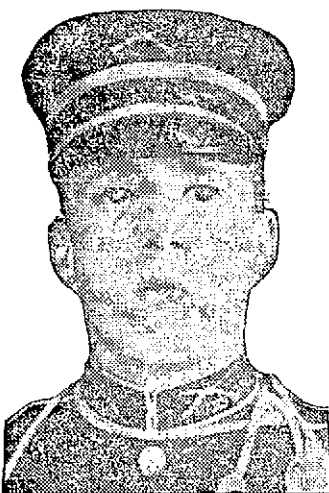

A SALE OF  
\$22.50 Skirts \$17.00  
\$14.50 Skirts \$9.75  
\$10.75 Skirts \$5.50

—Briefly, the headlines tell the story of the unusual skirt bargains for tomorrow. Included in the three lots are new worsted plaids in box plaid styles; navy and black serge skirts, and black silk poplin skirts with tunic and fringe trimming.

## Letters From Lowell Soldiers

Private John Catterall, who is now overseas with a Canadian unit, has been severely wounded, according to a letter received by his parents, Mr. and Mrs. John T. Catterall of 357 Lakeview avenue. Private Catterall was in a hospital in Birmingham, England, when he wrote the letter, Sept. 18.  
Dear Mother and Father: I write you these few lines to let you know how I am getting along. I landed in England on Sept. 8 and am getting along fine. I was wounded through the left side. It did not hit the bone and is healing up in great shape. I have no pain. I was out on an advance machine gun post about three-quarters of a mile from our front line trenches and there were German snipers all around. So our officer directed us to a nearby ridge and we started on the run.  
A fellow by the name of James Brown, formerly an inspector in the weave room in the Boot Mills and who said he knew you well, was just behind me and suddenly he cried: "Jack, I'm wounded!" I looked around and he had his left hand on his groin. I don't know whether he was hit in the hand or the groin; I told him to lie in a shell-hole and wait for a stretcher-bearer. I kept on going. About a minute later I got it: I thought I had been hit with a baseball bat. I dropped and rolled into a shell-hole and waited for a stretcher-bearer. Finally one came and dressed my wound. I told him where Jim was and he went over to dress his wound. He said he would be back and that they would carry me out. Perhaps he was killed for I never saw him nor Jim afterwards and went on a furlough together and had a good time. Our battalion has always reached its objective. It is known as the Fighting First. I belong to Co. B, 7th Platoon, 2nd Machine Gun section.  
Well, I have not much more to tell you except that it was at least six months before I got back to my battalion. I will get a ten days' sick leave when I get back to the reserve battalion at Bramshott and a six days' furlough before I go to France. I hope that all the folks are in good health.  
Your loving son,  
JOHN CATTERALL

PRIVATE JOHN CATTERALL

to the nearest hospital where they fixed me up. That night I was put on a Red Cross train and it took eighteen hours to get to General British Expeditionary Forces hospital No. 3, where they performed an operation on me. It was awful cold lying in that shell-hole and when daylight came I could see the grass on the edge of the hole being cut by machine gun fire. I was thinking of crawling out many a time during the night, but if I had I might be dead now.  
I have been in two different parts of the front in the month of August.

Joseph Charnard, one of the best little wrestlers in Maine, was killed Aug. 3 at the front. We enlisted together and went on a furlough together and had a good time. Our battalion has always reached its objective. It is known as the Fighting First. I belong to Co. B, 7th Platoon, 2nd Machine Gun section.  
Well, I have not much more to tell you except that it was at least six months before I got back to my battalion. I will get a ten days' sick leave when I get back to the reserve battalion at Bramshott and a six days' furlough before I go to France. I hope that all the folks are in good health.  
Your loving son,  
JOHN CATTERALL

## FIGHTING THE INFLUENZA

35 Portable Hospitals Similar to Those in War Zone, Established in Washington

WASHINGTON, Oct. 18.—Twenty-five portable hospitals, similar to those used by the American Expeditionary Forces in France, were established in Washington today to care for influenza patients, for many of whom facilities are not available at the city and private hospitals. The war department will provide nurses and detail soldiers to act as orderlies.  
Only in cases of absolute necessity will additional war workers be brought to Washington until the epidemic is under control.

## NOTHING TO THE DEVENS BOOZE STORY

CAMP DEVENS, Oct. 15.—Letters from temperance organizations, clergymen and politicians have reached camp lately, the result of stories circulated that whiskey was used here as a preventative against gripe. According to the report, booze was being used wholesale.  
This story is without foundation. Whiskey as a preventative doesn't stand kaiser high with the medical authorities, and was only used in critical cases of pneumonia where the patient had been an habitual drinker. In comparison with other stimulating drugs, whiskey was used but little during the gripe epidemic. Representatives of wholesale liquor firms, who have been coming to camp as a result of the story, have found that out, too.

## ONE KILLED, 30 INJURED IN CRASH ON CROSSING

BUTLER, Pa., Oct. 18.—Of 33 men on their way to work in an omnibus today, one was killed and 30 were seriously injured and the other two slightly hurt when a train on the Susquehanna and New York railroad crashed into the vehicle. The workmen are employees of the Haskell Powder Works at Haskell, N. J.

## SUN BRÉVITIES

Best printing. Tobin's, Associate bldg.  
A recuperative diet in influenza. Horlick's Malted Milk, very digestible.  
Fire and liability insurance. Daniel J. O'Brien, Wyman's Exchange.  
Lawrence J. Condon, son of Mr. and Mrs. John H. Condon, who has been a yeoman at Commonwealth pier in Boston for several weeks, has been given more responsible duties and assigned to the naval air station at Halifax, N. S.  
A linen shower was given Wednesday evening to Miss Ora C. Drouin, of 40 East Pine street, who is soon to become the bride of Mr. Henry Berard of this city. Both are popular young people and Mr. Berard is a well known piano player. Solos were rendered by Miss Elsie Young and Miss Lucy Alfano, accompanied by Mr. Berard at the piano. Buffet lunch was served. When the party broke up, all wished the bride-to-be health and success. Miss Lucy Alfano managed the affair with success.  
It was the agents of the Prudential Life Insurance Co. and not those of the Metropolitan Life Insurance Co. vice.

as inadvertently stated in yesterday's issue of The Sun, who devoted the entire day yesterday in handing out leaflets on street corners in an effort to boost Lowell over the top in the fourth Liberty loan drive. The men, who were headed by the assistant superintendents of the local office, also visited several homes for the purpose of receiving subscriptions and their work was very commendable.  
Charles Myers, Russian Poet, in London, fined under the alien restriction order, said he had slept in the parks every night since March to escape service.

## News From Camp Devens

### BASE HOSPITAL ATTACHE TRIED FOR SUPPLYING SOLDIERS WITH DRUGS

CAMP DEVENS, Oct. 18.—Otto A. Sears, 26, whose home is in Canada, attached to the base hospital, was tried by general court martial yesterday for selling or giving drugs to men in uniform. It was charged that on Aug. 13 he furnished drugs to Walter Shaw, colored, of Tampa, Fla., and on Aug. 15 sold drugs to another soldier.

Maj. George W. Edgerly was president of the court; Lieut. Harold Reed, counsel for the defense, and Lieut. Harold R. Govey of Pittsfield, judge advocate.

This traffic in drugs was uncovered by the intelligence department. Special Agent Pond of the department of justice said the case had been brought to his attention by the military authorities, who had reason to believe drugs were being used in the camp.

Shaw and another soldier went to the base hospital with an agent of the department of justice. Shaw obtained four morphine tablets. The department of justice man kept his to

have it analyzed. The following day, the agent and Shaw obtained five tablets, a syringe and a hypodermic needle for two silver half dollars.

**Enters Sweeping Denial**  
Sears, who testified, denied having sold anything to Shaw. Sears was formerly employed at hospitals in Mattapan, Westboro and Northboro, Conn. Shaw testified that he had been a drug user for 16 years. The findings of the court will not be made public until reviewed by the proper authorities.

Camp Devens is abuzz with enthusiasm as the Liberty loan campaign draws to a close. The men are out to whip Camp Lee, which stands first on the list of 33 camps in the country. Devens is second, although Lee has nearly twice as many men as has this camp. The New Englanders still think they can lick the southern outfit.

Up to midnight of Oct. 14 the standing of the first eight camps was as follows: Camp Lee, \$606,900; Camp Devens, \$495,000; Camp Gordon, \$450,000; Camp Hancock, \$425,000; Camp Jackson, \$398,000; Camp Dix, \$380,000; Camp Humphreys, \$355,000; and Camp Sheridan, \$347,000. The whole 33

camps have subscribed close to \$10,000,000.

Here is the way these men are coming through: One private, who stipulated that his name should not be given out contributed \$30,000 yesterday. One lieutenant, however, who has nothing but his salary—\$100 a month—rooted out a \$1000 bond, and hereafter \$100 a month will be deducted from his salary. He will have to buy his uniforms, pay his mess charge and other sundries out of the remaining \$66.

In commenting on the situation here, Maj. Barratt O'Hara, Liberty loan officer, yesterday said:

"We are nearing our first objective of a 100 per cent officers' subscription. A number of organizations again went over the top yesterday. Officers who have already sent in their pay vouchers for October may still make out the allotment blanks, as prescribed, and double the deduction from the November pay."

The campaign closes at midnight tomorrow, Oct. 19. It is the zero hour all along the line. Pour in the subscriptions as our comrades across the seas are pouring in the bullets. Pound that line!"

It is Lieut. Col. Phillip S. Stoll now. The promotion came to "Major" Stoll yesterday. Col. Stoll is well known in Boston. Here he is division judge advocate. In Boston, where he was stationed for 10 months, he was assistant judge advocate of the northeastern department from Oct. 5, 1917, to March 16, 1918, and judge advocate from March 16 to July 30, when he came here. Col. Stoll's home is at Kingsree, S. C., where for 10 years he was prosecuting attorney.

There was but one death reported yesterday, that of Sergt. Edward Fitzgerald of 34 First avenue, Albany, N. Y.

At the Y.M.C.A. auditorium, last night a big crowd turned out to see the boxing bouts between Camp Devens fighters and a delegation from the naval training station at Hingham.

friends here. At the time war broke out he was employed in Winnipeg, Manitoba, and despite the fact that he might have held back on the ground of being an American citizen, he at once offered his services to England, the birthplace of his parents. After brief preliminary training in Canada, he was sent to England and eventually was assigned to the flying corps. In this branch his promotion was rapid until finally he gained the coveted rank of captain. He is the son of Mr. and Mrs. George Elliott.

### LOST LIFE ON BOARD U. S. SUBMARINE CHASER

Ensign John W. Montgomery of Natick, but who had been employed by Morse & Beals, the local florists, previous to enlisting in the United States navy early in the war, has lost his life off the English coast on board one of the United States submarine chasers. It is assumed that the chaser was the victim of a torpedo, although details are not yet available. Montgomery had been stationed at an Atlantic port until recently when he expressed a desire for overseas duty.

### LOWELL MEN WOUNDED IN ACTION OVERSEAS

Today's Canadian casualty list contains the name of three Lowell men wounded in action overseas. They are Privates Francis Carman, Herbert Lancaster and George T. Booth.

Private Carman volunteered for the Canadian forces here on Oct. 3, 1917, and following a month of intensive training in Canada, went to France, where he has taken part in much of the heavy fighting. He was previously employed at the Waterhead mill in this city.

Private Lancaster is a member of Co. D, 7th Battalion, Canadian Expeditionary Force, and was wounded early this month, according to a telegram received by his wife at 301 Lakeview avenue. He is 24 years old and came to this country about a year ago. He was employed by the Merrimack Mfg. Co., until March 11 of this year when he volunteered for the Canadians. Mrs. Lancaster has already given up one brother, Robert Hargreaves, in the great war. He was killed last July while serving with the British forces. Three other brothers are at present

in the service. Since her husband's enlistment, Mrs. Lancaster has worked pluckily to keep the little family of two children and herself intact until the return of her soldier husband.

Private Booth, a member of the 43d Canadian Artillery, is 22 years old and joined the Canadian forces Dec. 9, 1917. He had previously been employed in the Massachusetts mills. His relatives received word last night that he had been wounded in action in France.

### LT. BRUCE, LAWRENCE FLYER, KILLED IN WAR

LAWRENCE, Oct. 18.—Lieut. Alexander D. Bruce, son of David Bruce of this city and grandson of the late Mayor Alexander D. Bruce, was killed in action in France on Aug. 17, according to advices received yesterday by his father from the treasury department at Washington that informed him that his son's insurance was ready for delivery. This notification was the first

intimation the parents had that the son had been killed.

Lieut. Bruce was graduated from Phillips-Andover with the class of 1911 and from Harvard in 1915. He was appointed a professor in chemistry in 1917 at Phillips-Andover, and was instrumental in forming the Phillips-Andover medical unit that sailed for France on April 28, 1917.

This unit was composed of 21 students and two professors, of whom Lieut. Bruce was one. In France he volunteered as a driver to supply ammunition when it was announced that drivers were urgently needed. Later he entered the Lafayette Escadrille. Six months later he enlisted in the American forces in France. The last information told that he was a member of the pursuit squadron that up to early September was credited with having secured 70 Hun planes.

### UNFURL SERVICE FLAG AT STATE HOUSE

BOSTON, Oct. 18.—A service flag with 254 stars was unfurled today at the state house by Gov. McCall in honor

of employees of the state who have entered the military and naval service. The flag, 12 by 20 feet, contained five gold stars. The ceremony was witnessed by a crowd including state officials and hundreds of employees at the state house. The governor made a short address.

A Union Jack bearing many notable signatures, including Lord Kitchener's, realized more than \$100,000 in a raffle at Melbourne for incapacitated and wounded soldiers.

## LAUDS PRESIDENT

Cardinal O'Connell Pays  
Glowing Tribute to Wil-  
son at Boston

Says Unification of All Sects  
Is Due to Clear Vision of  
Nation's Chief

BOSTON, Oct. 18.—Addressing representatives of New England dioceses at a conference here yesterday, Cardinal O'Connell paid a glowing tribute to President Wilson for the unification of the Y.M.C.A., Y.W.C.A., National Catholic War council, Jewish welfare board, American Library association, war camp community service and Salvation Army in the "United War Work Campaign" for the promotion of the spiritual, educational and recreational welfare of American forces on land and sea.

In extolling the high aims of the president and the American people, Cardinal O'Connell said: "It took us a long time to enter the war. We did not rush into it blindly. After long provocation and mature deliberation, we found that from the standpoint of duty there was nothing left for us to do but throw the strength of our nation into the cause which represented the maintenance and vindication of right and justice."

"When the president sounded the call the whole nation moved and responded gloriously. From that day to this moment the president has met all situations with wonderful equanimity and his timely decisions have represented his clear vision and unflinching adherence to the lofty principles upon which America entered this war."

"America has flooded the world today with the theory that the rights of the people must not be outraged, and she will not sheath her sword until justice has been vindicated."

Discussing the purposes of the united war work campaign, he said: "It remained for America to originate a new conception of the soldier; and to look upon him not merely as a fighting machine, but also, as a human being, whose soul and mind and opportunity for innocent recreation should also be zealously cared for and protected."

"America today gives to the world the beautiful spectacle and the new lesson of a nation sending forth her sons to fight and following them with the tender solicitude and care of a loving mother."

Cardinal O'Connell then explained that the conference was called to organize the council's resources to supply "all the boys in the service with the opportunity for the practice of their religions, the development of their minds and the employment of their leisure hours in healthful recreation."

"The Y.M.C.A. and Knights of Columbus," said the cardinal, "set the very outset caught the vision of this new service. Five other organizations have been added and each in its own way is rendering its particular and peculiar service. Each organization was again about to appeal for new funds. The matter of divided appeals was referred to the president, who wisely decided upon a united drive."

"This does not mean the surrender of individual principles nor the merger of individual belief; but that we, together with the other six organizations, husband our material resources and unite to obtain a common fund at one time, out of which each organization will take its proportionate share to carry out its own program of ministering to the wants of its own members."

"To my mind, one of the great outstanding developments of this war is the unity and harmony among our great organizations. May God bless our great president, who has made possible this work which will mean so much to all people."

Among those present at the conference were Bishop Louis S. Walsh of Portland; Rt. Rev. M. J. Spillane, Rev. A. F. Hickey, Francis Slattery, Joseph Brennan, Boston; Rev. J. S. Buckley and Thomas F. Nolan, Manchester, N. H.; T. B. Wright, Burlington, Vt.; Very Rev. E. J. Carr, Judge Edward F. Hanly and Charles A. Cummings, Fall River; Rev. C. A. Sullivan, Rev. P. F. Doyle, Charles H. Maloney and John M. Sullivan, Springfield; Rt. Rev. Peter E. Blessing and Francis I. McCanna, Providence, and Rev. W. A. Keffe, Hartford, Conn.

Judge William J. Day, state deputy; James M. Mead, Leo D. Woodtke and William J. Keenan represented the Knights of Columbus and Harvey M. Bill and R. N. La Barr of New York, the National Catholic War council.

James J. Phelan, ex-Mayor James Logan of Worcester and George I. Huntress also spoke. The united war work campaign will be Nov. 11-18.

HOUSTON, TEX., BUSY  
BUILDING SHIPS

HOUSTON, Tex., Oct. 18.—Forty-one vessels, including ten barges, have been contracted for with the Emergency Fleet corporation by two companies of Houston and all are to be built on a water way that only a few years ago would not accommodate an ocean-going vessel.

Seven ships have already been launched, four by the Universal Shipbuilding company and three by the Midland Bridge company; eight more are under construction at the yards of each of the two concerns, and the Universal holds contracts for eight more ships, while the Midland company has contracted for ten barges.

Within one year after the program of the Emergency Fleet corporation went into effect, Houston, located in a section where former efforts along this line were confined to a few small pleasure craft and an occasional barge, began launching ships.

It was in April of this year that the first vessel built of southern yellow

pine under government contract slipped down the ways to the Houston ship channel. It was christened "Nacogdoches." Since that time the splendid progress made has been the subject of favorable comment by officials of the fleet.

Ships launched at the Houston yards are towed to Beaumont to receive their machinery after the finishing touches are given the hulls here. A central assembling yard is located at that point and, under the direction of the Emergency Fleet corporation, stores of all kinds of material are assembled there to be distributed to the yards. In

place of moving machinery to the boats, the boats are moved to the machinery.

The infant industry of shipbuilding in Houston demanded the services of some 3000 men within a few weeks after ground was broken, and the payroll now amounts to more than half a million dollars each month. Special trains carry the army of workers to the shipyards, which are situated on the "channel" a few miles below the turning basis. The shipbuilders live in Houston, which is credited with being one of the few cities where, with war work, extensive housing facilities

have not caused alarm. Comfortable quarters have been provided for all.

The Universal Shipbuilding company, a local corporation, was organized subsequent to the Fleet corporation. The Midland Bridge company, a Missouri corporation with headquarters at Kansas City was, prior to the present shipbuilding activities, engaged in bridge construction and the distribution of structural steel. Another company is now being organized to establish a concrete plant here.

The International Marine Iron Works is another unit in the shipbuilding program at Houston. This company

manufactures marine engines, boilers, propellers and other appliances used in ships, and is equipped to produce heavy castings. It has contracts for propellers for most of the ships constructed in the district.

Houston, as a lumber centre, has shared liberally in the prosperity which has resulted in that industry from the use of southern yellow pine in shipbuilding. Approximately 20 per cent. of the total production of southern saw mills is used all through Houston.

If you want to buy, sell or exchange anything, try a Sun want ad.

MAN ARRESTED HERE FOR PRO-  
CURING LIQUOR FOR SOLDIER  
TAKEN TO AYER

Joseph St. Pierre was arrested yesterday by Lieut. Petrie and Inspector Moore of the vice squad on a charge of aiding a soldier to procure liquor. The prisoner was taken to Ayer last night and was held in the sum of \$300.

INFANT MORTALITY  
Lowell's infant mortality rate for the week ending Oct. 12 was 14.7, this city being fourth on the list of large

cities. The three leading cities were Spokane, 25.9; Grand Rapids, 23.3; and Cleveland, 18.1. The average rate was 7.7. Denver had the lowest rate, 1.8.

STOLEN AUTO RECOVERED.  
An automobile owned by Assessor Albert J. Blazon was stolen from in front of city hall Wednesday night and was recovered later in Lawrence in a very bad condition. This is the second time within a few weeks that this car has been stolen.

Before taking your train home from Boston, get The Sun at either newsstand in the North station.

# An Important Message Regarding the Sugar Shortage

THERE'S an old saying  
"It's an ill wind that blows  
no good!"

Everyone has been inconvenienced more or less by the sugar shortage. Many people still rely entirely on sugar for sweetening and, of course, are inconvenienced.

But thousands of housewives have not only found "a way out" during the present shortage, but have learned a thing or two that will stick forever—sugar or no sugar.

Here's a fact: Sugar only sweetens—it gives absolutely no flavor.

*Brer Rabbit* real New Orleans Molasses not only sweetens like sugar, but it gives

a rich, delicious flavor to all cooking and baking.

Yet *Brer Rabbit* is not a "substitute" for sugar. It is practically sugar itself. Like sugar it is made from sugar cane and contains a large amount of real sugar.

Is it not quite natural that resourceful housewives have turned to *Brer Rabbit* Molasses during the sugar shortage?

## For the Children

Youngsters naturally crave molasses. Years ago sliced bread and molasses were part of the daily diet of children.

*Gold Label Brer Rabbit* Molasses gives to the child the elements the young growing body needs. *Brer Rabbit* is absolutely pure, wholesome, palatable and strengthening. Doctors will tell you what molasses and bread means to children.

Besides, it saves sugar, cuts the butter bill.

## There are Two Kinds of Brer Rabbit Molasses

Both are Absolutely Pure New Orleans Molasses

**GOLD LABEL *Brer Rabbit*** is mild in flavor, light in color and is delicious for table use—as a spread for pancakes, waffles, biscuits, etc. It is especially fine for cooking, baking and candy making.

**GREEN LABEL *Brer Rabbit*** Molasses is darker in color, slightly stronger in flavor and is splendid for cooking, baking and candy making. It costs less than the *Gold Label*.

**FREE** Write us today for *Brer Rabbit* Cook Book of Southern Goodies. All made without sugar.

## TIDAL WAVES ADD TO PORTO RICO DISASTER

WASHINGTON, Oct. 18.—Tidal waves which followed the earthquake in Porto Rico added to the death toll and devastation, the American Red Cross was advised yesterday in cablegrams from San Juan.

Mayaguez, the third largest city, is practically destroyed by the inrush of water, while the town of Aguadilla was badly damaged.

Other towns on the western part of the island were damaged by the earthquake and the death list is placed at more than 100, with probably 300 injured. Hundreds of families are homeless and the property loss is estimated from \$3,000,000 to \$4,000,000.

It was announced the Red Cross chapter at San Juan had organized relief committees and taken over relief work together with the military and naval authorities and the Insular government. Owing to the damage to railroads, roads and telegraph and telephone wires the messages said exact

## ONCE THIS BEAUTY HAD PIMPLES

Stuart's Calcium Wafers Proved That Beauty Comes from the Blood and from No-where Else

Prove This With Free Trial Package

Flatter your skin all over and you'll stop breaking in an hour. There is only one way to remove pimples, blackheads, eruptions and eczema with its rash and itch, and that is by the

blood. In Stuart's Calcium Wafers, the wonderful calcium sulphide at meals serves to supply the blood with one of the most remarkable actions known to science. This is its activity in keeping firm the tiny fibres that compose even such minute muscles as those which control the slightest change of expression, such as the eyelids, lips, and so on. It is this substance which pervades the entire skin, keeps it healthy and drives away impurities. Get a 50 cent box of Stuart's Calcium Wafers at any drug store and learn the great secret of facial beauty. A free trial package will be mailed if you will send the coupon.

## HARD FIGHT AHEAD IS VIEW IN BRITAIN

LONDON, Oct. 18.—(By Associated Press).—If the war is brought to a quick conclusion it will be through political and moral factors and not military, was the opinion expressed in competent circles here yesterday. It was pointed out that the German position on the western front cannot be termed perilous, although at certain points every changing front may render some small positions dangerous at times.

This view, which has been held by many experts for some time, has been strengthened by the German retreat to the Hindenburg line, which is considered one of the most successful retreats of the war from the enemy viewpoint. With the Americans and French pushing hard on this front, the Germans doubtless were forced to retreat faster than they had planned, but they lost comparatively few prisoners and guns for such a large operation.

**Not Near Collapse**  
It was pointed out that the startling transformation of the whole military situation in the past few weeks might lead to the impression that the German armies were faced with disaster and on the point of collapse, but it was stated that there was nothing in the western situation to justify such a view.

It is not expected that the enemy will be able to hold the Hindenburg line long. This line runs from south of St. Quentin along the Serre to where the river turns abruptly southward, thence across country to the Aisne and along the north bank of the Aisne to the Argonne. The dent the allies are making in the line south of the Senese makes this line untenable.

**Defend Vital Points**  
In this connection it is pointed out that the Germans are fighting well immediately south of the Senese, for the dual purpose of holding up as long as possible the allied advance toward the important city of Valenciennes, and to keep the allies from further driving in a salient that would make the Hindenburg line impossible for the enemy.

In demonstrating these facts military experts are one in the opinion that the Germans no longer will be able to withstand the onslaught with

## Stomach Troubles Are Due to Acidity

Tells Safe, Certain, Speedy Relief for Acid Indigestion

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisurated magnesium, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An anti-acid, such as bisurated magnesium which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose. For sale at Liggett's Biker-Jaynes drug stores and other leading druggists.—Adv.

their weakened divisions, tired troops and scanty reserves, but to trained militarists signs of a German collapse, or evidence on which to base high hopes of trapping a huge body of the enemy are invisible.

## M'CORMACK ADOPTS 10 U-BOAT ORPHANS

NEW YORK, Oct. 18.—John McCormack, the Irish tenor, was romping with his two children about his place near Noroton, Conn., yesterday when word came by cable to Mrs. McCormack that her brother and sister-in-law, Mr. and Mrs. Thomas J. Foley of Dublin, were among the 100 persons who lost their lives in the torpedoing of the Irish mail steamship *Lanister* a few days ago.

The couple were on a mission of mercy when they lost their lives, for they had left behind them in Dublin their ten children, the eldest 16 and the youngest only 11 months, when they started for England to see for the last time Mrs. Foley's only brother, Serp. Christopher Barrett of the British army, who was mortally wounded after three years of service in France. He died just after the *Lanister* sank.

"The children are mine now; I'll be a father to them," said Mr. McCormack to his wife, who was prostrated at the news of her brother's death. Immediately the singer sat down and cabled an announcement to the eldest of the children that he would care for all of them as long as they desired his care, "and longer if that is possible."

Having announced his intention to adopt the orphaned nieces and nephews of his wife, Mr. McCormack sent another cable message to the Freeman's Journal of Dublin, in which he said that the sinking of the *Lanister* "had brought home to all true Irishmen that this is a holy war to save the world from slavery." The message asked the newspaper to convey the singer's sympathy to relatives and friends of the victims "sacrificed to Germany's brutality" and asked "how can I help to assuage the sorrows of other bereaved ones?"

Over the telephone last night Mr. McCormack reiterated his intention to adopt the ten children left parentless by the sinking.

"Will you bring them to this country to live with you?" he was asked. "Now?" he shouted. "Indeed, I'll place them on the ocean to be sacrificed by those savages who killed their parents. But the children are mine now, and I'll be a father to them."

Mr. Foley for many years was an officer for the city government of Dublin and was about 40 years old. Mrs. McCormack was Miss Lilly Foley before her marriage to the singer and sang frequently in concert with her husband both before and after he came to this country from Ireland.

## WOMEN STREET CAR CONDUCTORS APPEAL

CLEVELAND, O., Oct. 18.—Women street car conductors of the Cleveland Railway Co., have sent a petition 416 feet long, bearing 35,000 signatures of car riders to Secretary of Labor Wilson, asking that their case be reopened. Federal mediators recently ruled that the women should be displaced after Nov. 1.

## THE AMERICAN ARMY IMPROVES IN FRANCE

By Nolan Rice Best  
PARIS, Oct. 6 (By mail).—The finest thing that can be said about the American army in France is that its leader is just as anxious to see his soldiers maintain a clean, faithful standard of manly integrity as to see them come off victorious in battle—that the soldiers are as anxious to live up to that standard as they are to sweep the enemies of liberty off the map.

Not often in world history has it been possible to say this about a general and his army, but it can be said with absolute truth about General John Pershing and the American Expeditionary forces. General Pershing knows, as a real soldier, that an army of men sound and strong in personal character is necessarily a more dependable army in a military sense than could ever be constituted from rogues and ruffians.

General Pershing has set his heart on having every man under his command preserve in France whatever religious faith he brought from the homeland—all of it, at full strength; more of it if he can get it. This is the mainspring of the encouragement the general has so constantly given the Y.M.C.A., the K. of C., the Y.W.C.A., the Salvation army, the Jewish Welfare board, the American Library as-

The greatest advertisement for the Fourth Liberty Loan was written by a Prussian.

His name is Count Roan and he wrote it as a member of the Prussian House of Lords. It is printed here. Read carefully.

Forty-five billion dollars for indemnity!

This, then, is the price the world must pay for a German peace. This is the Kaiser's prayer, expressed in the coldest terms of German arrogance.

## GERMANY'S TERMS

BY COUNT ROAN

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Brier and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her Colonies, including Kiaochow.

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.

Greece must be re-established under former King Constantine, with frontiers as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must also agree to deliver raw materials immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

This is the meaning of war to the Prussian, he proclaims his battles righteous, prosecuted in self-defense.

Oh, you men and women of America, is there a dollar in all this land so tightly held that it will not now come forth to answer the swaggering arrogance of the Hun?

This will tell, for as you place your name upon a subscription blank for Liberty Bonds you state the price your land, liberty and democracy are worth to you.

Now how are you going to answer the "peace terms" of the kaiser and his band of murdering buccaneers?

## How Are You Going to Answer Germany's Peace Terms?

This is the one big job in America today—nothing else counts for a minute. That is why the Broadway Wholesale Millinery Co. has waived aside all mention of merchandise to sell—to devote its space today to urge you to subscribe at once and to the utmost.

association, and the War Camp Community work back home. It is the secret, too, of Pershing's unexampled pains to develop the power and use of chaplains among his troops.

An innocent revelation of "headquarters secrets" shows the general expressing to his staff: "Gentlemen, this

army of ours has a heart and a conscience, and that heart and conscience must be fed."

General Pershing it was who created the heretofore unheard of office "senior chaplain" of the army and appointed Bishop Brent to the place. Rev. Paul Moody, son of the great evangelist,

and Father Doherty, a Catholic, are now the bishop's associates at headquarters. The three prelates are unanimously harmonious in their optimism about the American army in France.

"It is an army on a higher plane in every way," declares Chaplain

Moody "than it was in the training camps at home. It is wonderful how these welfare organizations contribute to the atmosphere that stimulates and inspires. Inspiration and high ideals are at a maximum in the trenches; everything degrading and base at a minimum."

## APPEALS TO COAL MINERS

Pershing Says "the More Coal You Produce, the Sooner We Shall Have Peace"

WASHINGTON, Oct. 18.—Declaring "the more coal you produce the sooner we shall have peace," Gen. Pershing, through a cablegram to Fuel Administrator Garfield, yesterday, appealed to the coal miners of the country for increased production.

"Let there be no shortage of coal," said the American commander's message. "Lack of coal means limiting our war industries, railroads and shipping are slowed down, and the army cannot be provided with means to deliver the telling blows needed to end the war. Without coal we shall be without guns and ammunition to use against the enemy. The man in the mine helps the man on the firing line. The more coal you produce the sooner we shall have peace. Every soldier of the American Expeditionary Force expects to be backed up by the miners of America just as labor in every branch of industry at home has stood behind us. The soldiers know that we can depend upon you to do your part as we are doing ours."

## CHELMSFORD WILL GO OVER THE TOP

So far the town of Chelmsford has subscribed \$264,760 in the Fourth Liberty loan drive, but that is not enough for the town's quota is \$276,000, which means that in order to go over the top committee will have to receive between now and tomorrow evening subscriptions amounting to about \$11,000. The committee is headed by James P. Dunnigan and today a house to house canvass of the town was made in an endeavor to go over the top.

North Chelmsford has already subscribed \$173,550, while West Chelmsford is credited with \$25,000. The North Chelmsford subscriptions are divided as follows:

U. S. Worsted Co. Silesia mills	\$100,000
204 Employees	25,500
G. C. Moore & Carbonizing Co.	10,000
100 Employees	6,800
North Chelmsford Machine & Supply Co.	5,000
25 Employees	1,500
Wm. P. Proctor Lumber Co.	1,000
26 Employees	1,100
Rufus E. Corcoran, 15 subscribers	1,200
Edward Tucke, 8 subscribers	450
Herbert Waterhouse, 16 subscribers	1,300
Wm. H. Quigley, 4 subscribers	650
Joseph Butley, 13 subscribers	900
James P. Dunnigan, 17 subscribers	2,000
Gabriel Audouin, 31 subscribers	2,000
D. Frank Small	11,000
Total	\$173,550

## Church Services Sunday

The board of health of the town of Chelmsford at a recent meeting has decided to lift the ban on the churches and the library, and accordingly services in both Catholic and Protestant churches will be held next Sunday. The matter of reopening the schools will be discussed at a meeting of the board, which will be held this evening.

## DR. PINT SUCCEEDS IN ISOLATING THE SPANISH INFLUENZA GERM

CHICAGO, Oct. 18.—Dr. Louis J. Pint, former state bacteriologist, and at present connected with the research laboratory of the University of Chicago, told the Chicago Medical society last night that he had succeeded in isolating the Spanish influenza germ and that the regulation diphtheria anti-toxin was an absolute specific for the disease.

He said the epidemic was mainly caused by the present war diet and especially by the curtailment of the usual consumption of sugar. He said that he had treated 75 cases with the diphtheria anti-toxin without the loss of a single case.

## WESTFORD NEWS

The subscriptions for the town of Westford in the Fourth Liberty loan drive amount to \$466,300, which means that the residents of Westford have doubled their quota, which is \$220,000 and it is expected that more subscriptions will be received before the campaign is brought to a close. The campaign is being conducted by a live committee headed by John C. Abbott and no efforts have been spared to make it a most successful one and the result is very gratifying.

10 Residence Halls and 35 Apartment Buildings to House War Workers

WASHINGTON, Oct. 18.—Contracts for construction of 10 modern residence halls and 35 apartment buildings to house 2500 of Washington's war workers and to cost approximately \$2,500,000, were awarded today to Taylor & Crawford of Philadelphia by the United States Housing corporation. The buildings are to be ready for occupancy about the first of the year.

## REFUSE WARRANT FOR ARREST OF JUSTICE

NORTHAMPTON, Oct. 18.—Warrants for the arrest of Superior Court Justice Richard W. Irwin and L. F. Johnson, secretary of the local board of trade, sought by G. R. Turner, agent of the board of health, because of violation of the health rules prohibiting gatherings during the influenza epidemic, have been refused by the local court. It was announced today. Judge Irwin, who is colonel of the Northampton Escort regiment, organized to do honor to department draftees and Secretary Johnson, were leaders in a parade held on Sunday afternoon. No further action will be taken.

## 234 BUTCHERS ACCUSED OF PROFITEERING

NEW YORK, Oct. 18.—Accused of profiteering, 234 butchers of Manhattan, The Bronx and Brooklyn were arraigned today for trial before two federal food administrators. Overcharges of from 10 to 15 cents a pound for lamb were alleged. Refunds of all excess profits, fines as high as \$2000, and the signing of pledges to comply with the federal food board's fair price schedule were to be exacted of all found guilty.

## OTTO KAHN APPEALS TO GERMANS IN U. S.

NEW YORK, Oct. 18.—Otto H. Kahn, financier, in an appeal yesterday to Americans of German descent, in which he referred to the large percentage of German names in the American army's casualty lists, implored them to strain every nerve to equal or outdo their fellow citizens of native birth in subscribing for the Fourth Liberty Loan.

Mr. Kahn, after bitterly assailing kaiserism for dishonoring all children of the fatherland, declared that "the war may be over before very long. This may be the last chance," he continued, "for some of us to obtain an adequate place in the book of honor of

## Good Health Is in Your Own Hands

BY SAMUEL HAMILTON, M.D.  
The man who said "People dig their graves with their teeth" uttered a truth that goes clear to the bottom of the health question. Suppose you should take everything you eat and drink for breakfast, everything you eat and drink for dinner, everything you eat and drink for supper, and mix all together in one mass. It would surely be a dreadful mixture to look upon. And yet your stomach is obliged to dispose of that unsightly mass each day! Is it any wonder so many people have indigestion, dyspepsia, headache, dizziness, bad blood, liver complaint, skin diseases, nervousness, coughs, colds, catarrh, bronchitis and goodness knows what else? Yes, people dig their graves with their teeth, and before the end comes they pass through one sickness or trouble after another. You should be glad to know that Dr. Pierce's Golden Medical Discovery has placed in the drug stores a medicine called Golden Medical Discovery that can be depended upon to overcome many of the diseases named above. It may seem impossible for one medicine to do so much, but really the whole thing is as simple as the figure 1. Dr. Pierce's Golden Medical Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. When this is done, away go the diseases that are caused by a sick stomach. If you are digging your grave with your teeth, stop today. Correct your stomach disorders right now with Golden Medical Discovery, and henceforth eat for your health's sake. If you don't know what foods are best for you, write Dr. Pierce, Price Invalids' Hotel, Buffalo, N. Y., and receive confidential medical advice without charge.

Golden Medical Discovery is made without alcohol or opiates, so anybody and everybody can take it with safety. It is put up both in liquid and tablet form. Send Dr. Pierce 10c for a trial pkg., and see for yourself how good it is. Try it now.—Adv.

Liberty loan subscribers. These pages will stand as a perpetual record as eloquent as the casualty lists.

**Denounces Kaiserism**  
"We men of German descent have a special reckoning to make with kaiserism," said Mr. Kahn. "The whole world has been wronged and hurt by Prussianized Germany as it was never wronged and hurt before. But the hurt done to us is the deepest of all. Our spiritual inheritance has been stolen from us by impious hands and hung into the gutter."

"The ideals and traditions we cherished have been foully besmirched. What we were justly proud of has been dragged into the mire. Our blood has been dishonored. We have been bitterly shamed by our very kith and kin. Our names which came down to us from our fathers have been defiled. Their very sound has been made a challenge to the world."

"The land to which we were linked by fond memories has been made an outcast among the nations, convicted of high treason against civilization and of unspeakable crimes against humanity."

"Professions of loyalty are empty. By our acts we shall be judged. Let each American of German descent say to himself that his subscription to the Liberty loan is, and will be, considered a test and proof of his whole-hearted allegiance to America."

## PARENTS DEAD AND FOUR CHILDREN SICK

One of the most pitiful cases in this city since the influenza epidemic broke out is that surrounding the death of Mrs. Ludger Bisson nee Elmira Bolduc, which occurred last night at St. John's hospital and by which six little children were made orphans without a relative in this city, for the father died last week.

The little ones are now at the French-American orphanage in Pawtucket street, where it was learned this morning that four of them are confined to their beds with illness. The children and their ages are: Rose Almee, 13 years; Romeo, 11 years; Adrien, 9 years; Aurélie, 7 years; Valmore, 4 years and Simonne, 2 years and 9 months. All but Rose Almee and Romeo are ill. Mr. Bisson was taken ill with influenza in the early part of last week and died a couple of days later. At that time his wife, who was also ill, grew worse and she was removed to St. John's hospital, while the little ones were taken to the orphanage, where they are given the best of treatment. Mrs. Bisson, who was but 27 years of age, passed away last evening and her remains were removed to the funeral parlors of Undertakers Amedee Archambault & Sons in Merrimack street. It is stated that there are relatives of the family in Canada, but all efforts on the part of friends to locate them have failed. It was learned this morning that arrangements are now being made by friends for the adoption of some of the children.

DAMN-ROW—License to wed was yesterday issued to John Damm and Christina Row.—San Francisco Bulletin.

## Peace Stocks Continued

country are in favor of such of President Wilson's points as the "freedom of navigation, renunciation of the boycott weapon and the new conception of the character of colonies."

## RUMORS CONTINUE TO STIR LONDON

LONDON, Oct. 18.—Late last night the foreign office was without official news of any German reply to President Wilson or any further development in the peace situation as affecting Turkey or other enemy powers.

that it is a matter of little consequence what reply Germany may make. Much more interest is displayed in the question whether the German army, pressed on every side by the allied advances on all fronts, will be able to escape.

## HINDY ON HAND FOR DRAFTING OF REPLY

BERNE, Thursday, Oct. 17.—President Wilson's reply to the German note has created a new state of affairs in diplomatic discussions relative to peace. It is reported here from German sources, and the German reply, it is said, will make it clearly understood that the tone employed by the president was open to objections.

There have been passionate discussions of the president's reply at meetings of all the groups of the reichstag, but no line of policy has been determined, although there have been prolonged deliberations on the subject.

## DEMANDS FOR PEACE IN HUNGARIAN DIET

BASEL, Switzerland, Oct. 18.—Scenes of tumult prevailed at the meeting of the Hungarian diet yesterday during which demands for peace were made and it was announced that Austria was being organized on a federal basis. So great was the uproar that the presiding officer was obliged to adjourn the sitting. The disorder continued, however, the deputies calling each other "blackguard, liar, traitor, slave, etc."

Dr. Alexander Wokerle, the Hungarian premier, said that the federal states which would be formed in Austria would organize their economic and military policies on autonomous and independent basis. He made an appeal

## POPE PINS HIS FAITH IN WILSON

ROME, Oct. 17.—(By the Associated

Press.)—"You may say that the holy father is pinning his faith entirely on President Wilson to make a quick and durable peace," Monsignor Corretti, papal under-secretary of state, said to correspondents yesterday. "He

is making special prayers to this end—that President Wilson may not deviate from his present course and that nothing may interfere with his purpose and compel a renewal of the war."

## The Mergency

A STEIN-BLOCH COAT THAT'S A BIG "HIT"

Men's Clothes this Fall will reflect a country at war—fewer fabrics, fewer models, higher prices.

Strict conservation of materials and energy are necessary to win the war—but there's no restriction on brains. Fall Overcoat and Suit Models make up in cleverness what they lack in variety.

The Mergency is an original Stein-Bloch effort. It's one of their cleverest models, and a big hit with the trade.

It's a one piece coat—no seam at the shoulder; sleeves of the kimono style—cut full and with a swing to the skirt, the waist gathered in by a half belt.

The front is double breasted, buttoning to the neck, with a full wide collar that will be welcome when the winds blow.

A Good Choice of Fabrics at \$30, \$32.50 and \$35

Other Good Overcoats at \$20 to \$45

Fall Suits \$25 and Up

**MITCHELL**—Robert B. Mitchell died last night at his home, 129 Lincoln street, aged 37 years. He leaves his wife, Georgianna, a son, Robert W., two sisters, Mrs. Mary MacLellan and Miss Elizabeth Mitchell of this city, a niece, Mrs. Agnes Brennan, 116 was a member of the First Presbyterian church and of the Order of Scottish Clans, 141.

**TAYLOR**—Richard Moran Taylor, aged 21 months, died last night at 1 Clark's court. The body was removed to the funeral parlors of Undertakers George H. McDonald, 55 Gorham street. He leaves his parents, Charles C. and Loretta Taylor.

**DOUGLAS**—Mrs. Annie J. Douglas died yesterday afternoon at the Lowell general hospital, aged 55 years. She leaves her husband, Frank C., two sisters, Mrs. H. Douglas and Miss Lillian Cook of this city, two brothers, Walter F. Cook of the U. S. merchant marine and James of Lowell. She was a member of St. Anne's Episcopal church.

**FRYGAN**—Miss Florence G. Frigan, a well known young resident of St. Michael's parish, died this morning at her home, 4 West Sixth street, aged 27 years. She was a graduate of the Lowell high school 1905 and graduated from the Lowell Normal school in 1912. She is survived by a father, Andrew J., a mother, Matilda, a brother, Andrew J., Jr., and a sister, Lillian B.

**MARR**—Mrs. Payson Marr, a well known resident of this city, died this morning at her home, 114 Essex street, after a brief attack of influenza, aged 50 years. She leaves to mourn her loss, her wife, Ella; two sons, Grant and Alder Marr, of this city, and one daughter, Mrs. Mattie Grant of South Lawrence. The body was removed to Undertaker William A. Mack's rooms, 70 Gorham street.

**SULLIVAN**—John Joseph Sullivan, beloved son of Mr. and Mrs. John Joseph Sullivan, died this morning at the home of his parents, 99 Andrews street, after a brief illness, aged 20 months. He leaves besides his parents, one brother, Daniel, and one sister, Mildred Sullivan, both of this city. Burial will take place this afternoon from the home of his parents, 99 Andrews street, at 4 o'clock. Burial in the family lot in St. Patrick's cemetery. Undertakers O'Connell & Fay.

**LAURENT**—Mrs. Joseph Laurent nee Rosalia Dupuis, aged 22 years and 3 days, died today at her home, 203 Middlesex street. She leaves her husband, who is with the United States army in France, three brothers, Ernest in France, Elodie and Bertrand and three sisters, Bernadette, Minnie and Annie.

**KIRBACKI**—Frank Kirbacki, aged 35 years, died last night at his home, 13 Lakeview avenue. Burial took place this afternoon at 4 o'clock in St. Patrick's cemetery under the direction of Undertakers Amodeo Archambault & Sons.

**KASPER**—Michael, aged 1 year and 3 days, infant son of Stanislas and Jose Kasper, died today at the home of his parents, 10 Concord street.

**MORIN**—Melina, aged 2 years, 11 months and 10 days, infant daughter of Pierre and Lina Morin, died today at the home of her parents in Dracut. Burial took place this afternoon under the direction of Undertakers Joseph Albert & Son.

**LARUE**—Medora, aged 1 month and 15 days, infant daughter of Nee and Adele Larue, died yesterday at the home of her parents, 112 Elm street. Burial took place this afternoon at 3 o'clock in St. Joseph's cemetery under the direction of Undertakers Joseph Albert & Son.

**POISY**—Roussel Edouard, aged 1 year, 2 months and 6 days, infant son of Michel and Lizzie Poisy, died today at the home of his parents, 122 Merrimack street. Burial took place this afternoon at 2 o'clock in St. Joseph's cemetery.

Joseph's cemetery under the direction of Undertakers Amodeo Archambault & Sons.

**SNAY**—Mrs. Prosper Snay nee Rose Collins, aged 23 years, died today at her home in Lynnhaven. She leaves her husband, three children, John, Arthur and Joffre, and her parents, Mr. and Mrs. Ludwig Gelina.

**MAVRESKY**—Antonio Tavesky, aged 47 years, died yesterday at the Chelmsford street hospital. The remains were removed to the funeral parlors of Undertakers M. H. McDonough Sons.

**JARDIN**—Antonio Jardin died yesterday afternoon at his home, Mason court. The remains were removed to the funeral parlors of Undertakers M. H. McDonough Sons.

**POWERS**—John E. Powers, aged 40 years, died this morning at the Congregational hospital. The body was removed to the funeral parlors of Undertakers M. H. McDonough Sons.

**HERLIHY**—Miss Frances Herlihy died this morning at the Holy Ghost hospital, Cambridge. Besides her mother, Mrs. Frances Herlihy, she leaves two brothers, Joseph and William Herlihy; one sister, Mrs. Catherine Molloy. The body was removed to her home, 39 Oak street, Lawrence, by Undertakers Charles H. Molloy's Sons.

## FUNERALS

**SMITH**—The funeral services of Mrs. Alice E. Smith, who died in Bristol, N. J., Wednesday, were held yesterday afternoon at the grave in Riverside cemetery at 4:30 o'clock. Rev. Amodeo Douglas, pastor of the Congregational church of North Chelmsford, officiating. The funeral arrangements were in charge of Undertaker George W. Healey.

**COUGHLIN**—The funeral of Daniel Coughlin took place yesterday from the home of his son, James Coughlin, 356 Park street, at 10 o'clock. A large church funeral mass was celebrated by Rev. Stephen Murray. The bearers were Daniel Whelan, Patrick McGowan, Chas. McCarthy, Jas. McCarthy, Timothy Dwyer and Daniel Coughlin. At the grave, Rev. Fr. Murray read the committal prayers and the burial was in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

**O'CONNOR**—The funeral of Edward F. O'Connor took place yesterday from his home, 113 Princeton street, and was largely attended, including a number from out of town; also the following delegation from the Loyal Order of Moose, Dr. J. J. Gargan, Goodson, Secretaries Thomas M. Keegan and Brothers Terence F. Casey and Edward St. Ledger. At St. Margaret's church a funeral mass was celebrated by the pastor, Rev. Charles J. Gallagher. The bearers were Sergt. John McDonough, Private James O'Connor, Thomas L. Smith, Dr. J. J. Gargan, Dr. J. J. Bagley and John Furry. At the grave, Rev. Father Murray read the committal prayers and burial was in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

**KOLIKAKOS**—The funeral of Geo. Koulikakos took place yesterday afternoon from the home of Undertakers Joseph Albert & Son in Alken at 10 o'clock. Services were held at the Holy Trinity church, and burial was in the Edson cemetery.

**GIL**—The funeral of Manuel Gil took place yesterday afternoon from the home of his parents, Joseph and Louisa Gil, 4 Elm street. Services were held at St. Anthony's church. Burial took place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

**MENDES**—The funeral of Conrad Mendes took place yesterday afternoon from the home of his parents, Manuel and Virginia Mendes, 106 Tilden street. Burial took place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

**PIRIERA**—The funeral of Guellhermia Periera took place yesterday afternoon from the home of her parents, 75 Summer street. Services were held at St. Anthony's church. Burial took place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

**SWETT**—The funeral services of Miss Edith Isabelle Swett were held yesterday afternoon at her home, 43 Viola street. Rev. William Townsend, pastor of the North Street Methodist church, officiating. Appropriate selections were sung by Miss Edith Swett. The bearers were Herbert Swett and Fred Cummings. Burial took place in the Edson cemetery.

**LEMERRE**—The funeral of Esther Lemerre took place yesterday afternoon from the undertakers' rooms, 415 Bridge street. Burial was in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

**HARTIGAN**—The funeral of John Hartigan, Jr., took place yesterday afternoon from the home of his parents, John and Bridget Hartigan, 9 Whipple street. Burial took place in the family lot in St. Patrick's cemetery under the direction of Undertaker George B. McDonough.

**O'BRIEN**—The funeral services of Mary O'Brien were held at the family home in Westford Wednesday afternoon. Rev. John J. O'Brien, pastor of the officiating clergyman. The bearers were Edward Blaisdell Hamilton, Nathaniel Whitney and Everett Jarvis. Burial was in Fairview cemetery under the direction of Undertakers David L. Greig & Son.

**RICHARDSON**—The body of Almont Richardson was brought to the city Monday night and burial took place at Fairview cemetery. Almont Richardson was 16 years of age and died after a brief illness of pneumonia at the home of his mother in Readville. He had been employed by Perley Wright on the Boston market trucks for a greater part of the summer.

**TESSIER**—The funeral of Miss Dora Tessier took place this morning from her home, 238 Cheever street. Solemn high mass of requiem was celebrated at St. Jean Baptiste church at 9 o'clock by Rev. Armand Baron, O.M.I., assisted by Rev. Joseph Bolduc, O.M.I., and Rev. Louis N. Bachand, O.M.I., as readers.

**Catarrrhal Deafness and Head Noises**  
TELLS SAFE AND SIMPLE WAY  
TO TREAT AND RELIEVE  
AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or phlegm in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms can be relieved by the following treatment which you can easily prepare in your own home at little cost. Securo from your drug store.

One ounce of Eucalypti (Double Strength). Take this home and add to it 1/2 pint of hot water and stir well. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathe should become easy, while the distressing head noises, dizziness, dullness, cloudy thinking, etc., should gradually disappear. Loss of appetite, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.—ADV.

Hickory and John Hickory. Burial was in St. Patrick's cemetery, where the final prayers were read by Rev. Joseph A. Curtin. The funeral was a large number of floral offerings were also in the church. The funeral was under the direction of Charles H. Molloy's Sons.

**MARENESKY**—The funeral of Antonio Marenesky took place this morning from his home, 28 North street, at 10 o'clock. High mass of requiem was celebrated at St. Patrick's church at 8 o'clock by Rev. Joseph A. Curtin. The Gregorian mass was rendered by the choir, the solos being sustained by Messrs. John Murphy and Daniel S. O'Brien. The bearers were John J. Hickory, Frank Hickory, John J. Hickory and John Hickory. Burial was in St. Patrick's cemetery, where the final prayers were read by Rev. Joseph A. Curtin. The funeral was a large number of floral offerings were also in the church. The funeral was under the direction of Charles H. Molloy's Sons.

**ANASTASIOU**—The funeral of the late Kamela Anastasiou will take place Saturday afternoon at 4 o'clock, services at the Holy Trinity Greek church at 2:30 o'clock. Burial in the family lot in St. Patrick's cemetery. Undertakers James F. O'Donnell & Sons.

**BARROWS**—Died in New Brunswick, N. J., Oct. 17, after an illness of but four days. She leaves besides her husband, Lieut. Ariston K. Barrows, her grandmother, Mrs. M. A. H. Coburn, 32 Putnam avenue. Services strictly private.

**CAPUANO**—The funeral of Miss Julia Capuano will take place Saturday afternoon from her home, 130 South street, at 10 o'clock. Burial will be in the family lot in St. Patrick's cemetery in charge of Undertaker William A. Mack.

**CHARNOY**—Died in this city Oct. 16th, at his home, 21 Lundberg street, Carl E. Charnoy, aged 47 years, 7 months and 3 days. Private funeral services will be held at his home, 21 Lundberg street, on Saturday afternoon at 2:30 o'clock. The funeral arrangements are in charge of Undertaker William A. Mack.

**CASSIDY**—The funeral of Mrs. Ellen F. Cassidy will take place Saturday morning from the home of her son, William F. Cassidy, 172 Walker street at 8 o'clock. At St. Patrick's church a funeral high mass of requiem will be celebrated at 9 o'clock. Burial in the family lot in St. Patrick's cemetery in charge of Undertaker William A. Mack.

**CHAMBLAS**—The funeral of the late Mrs. Anne Chamblas will take place Saturday afternoon at 4 o'clock, services at the chapel of James F. O'Donnell & Sons, Pruyars at the grave. Burial in Westlawn cemetery in charge of Undertakers James F. O'Donnell & Sons.

**DENNY**—The funeral of Mrs. Margaret Denny will take place Saturday morning at 10 o'clock from her home, 38 Perry street. A funeral mass of requiem will be celebrated at 9:15 o'clock at the Im-

maculate Conception church. Burial will be in St. Patrick's cemetery, under the direction of Undertakers C. H. Molloy's Sons.

**FINGAN**—The funeral of Florence G. Fingan will take place from her late home, 47 West Sixth street, Monday morning at 8:30. A funeral mass will be sung at St. Michael's church at 9 o'clock. Interment will be in St. Patrick's cemetery, in charge of Undertaker Peter H. Savages.

**MORRIS**—The funeral of Miss Frances Herlihy will take place from her home, 39 Oak street, Lawrence, time to be announced later. Funeral in charge of Undertakers C. H. Molloy's Sons.

**KEANE**—The funeral of Mrs. Alice (Regan) Kelly will take place Saturday morning from the home of her brother, William F. Regan, in Chelmsford, Mass., at 8 o'clock sharp. At the Sacred Heart church, this city, at 9 o'clock a funeral mass will be celebrated. Burial will be in the family lot in St. Patrick's cemetery. Funeral arrangements in charge of Undertakers O'Connell & Fay.

**MARR**—The funeral of Payson Marr will take place Saturday morning from the funeral parlors of William A. Mack, 70 Gorham street, at 10 o'clock. Burial will be in the family lot in the Edson cemetery, in charge of Undertaker William A. Mack.

**MCDONALD**—The funeral of the late Private Leo McDonald will take place Saturday morning at 8 o'clock from his home, 402 Mammoth road. A funeral mass will be sung at St. Columba's church at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

**POWERS**—The funeral of John E. Powers will take place from the rooms of Undertakers C. H. Molloy's Sons, time to be announced later.

**SULLIVAN**—The funeral of the late Miss Esther Sullivan will take place Saturday morning at 8 o'clock from her home, 99 Andrews street. A funeral mass will be sung at the immaculate Conception church at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

**TANSEY**—The funeral of the late Catherine A. Tansey will take place Friday afternoon at 1 o'clock from her home, Mt. Pleasant street, North Chelmsford. Services at St. John's church, North Chelmsford, at 2 o'clock. Burial in St. Patrick's cemetery, Lowell, in charge of Undertakers James F. O'Donnell & Sons.

**WILLIAM**—The funeral of the late William E. Tobin will take place on Monday morning at 8 o'clock from the funeral parlors of Undertakers M. H. McDonough Sons. High mass of requiem will be sung at St. Patrick's church at 9 o'clock. Burial will take place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

## CARD OF THANKS

We, the undersigned, wish to express our sincere thanks to Rev. E. J. Gueva, the readers, the members of the Polish Co-operative store, to the St. Catherine's society, to the Polish Women's club, to our relatives, friends and neighbors for their kindness and sympathy during the death of our beloved father, Joseph Marcotte, also for the many floral and spiritual offerings.

S. GONDEK, JOZAWA, CZEKANSEKI, MRS. O. GARA.

## CARD OF THANKS

The undersigned wish to express their sincere thanks to the many friends and neighbors who, by their presence at the funeral of our dear friend, Mr. Harry Fletcher, who so kindly gave their services at the burial of Sergt. Carl E. Fletcher.

MR. AND MRS. CLARENCE W. FLETCHER.

## 16 SHIPS LAUNCHED AT ORANGE, TEXAS

ORANGE, Texas, Oct. 18.—Sixteen vessels already have been sent down the ways at Orange, 24 others will be ready for launching before Christmas, and contracts have been placed for construction of 61 more at the earliest possible date. The tonnage of vessels launched, building and contracted for here totals 317,300.

Before the program is completed here more than half a million acres of yellow pine forest will have been laid bare.

The shipbuilding program brought prosperity to this little town, whose population has nearly doubled since America entered the war. Fifteen months ago the industry was little known or understood here. One or two small yards, located along the banks of the sluggish Sabine river, were devoted to repair work on tugs and small launches.

Then came the call for a "bridge for

### HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots begin to loosen and then the hair comes out 'est. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Dandruft at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.

## YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Happy, Mother! Remove Poisons from Little Stomach, Liver and Bowels

Give "California Syrup of Figs" if Cross, Bilious or Feverish

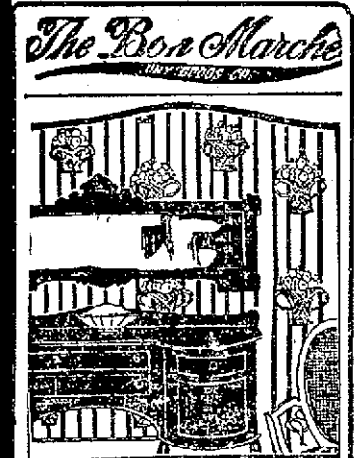

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sure throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, indigestible food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "Fruit Laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

the Atlantic." Almost over night the river banks sprang into life. The ring of axes reverberated through the forests nearby. The burn if industry banished the restive alligator from his old haunts and the steel-ribbed skeletons of ships began rising almost in the midst of a wilderness.

The shipyards now employ approximately 7000 men, who draw wages totaling \$225,000 weekly. Notwithstanding more than a thousand homes have been built in 11 months, workmen still are forced to live in improvised shanties and tents while housing facilities are being increased with all possible speed.

The National Shipbuilding company of Texas has launched six ships, has eight on the ways and contracts for 18 more, all for government use except two of those already launched which went to the British Cunard line. The Southern Dry Dock & Shipbuilding Co. has launched one ship, has five on the ways and contracts for five more, all for government account; the International Shipbuilding Co. has launched eight, has ten on the ways and contracts for 38 more, all for the Italian government; and Ed. Weaver & Sons has built one and has one on the ways.

The National yard is building the new type of vessel of 4940 tons each. The first two of these ships, which are classed by authorities as among the innovations of the war, are now on their maiden voyages. Approximately 1500 dead weight tons larger than a Ferris type vessel, the new ship requires nearly 500,000 fewer feet of timber to build and fewer steel bolts. It was designed by A. A. Daugharty, an engineer who at the outbreak of the war was building an oil refinery here. His employers were in need of tankers to transport crude oil from Mexico and Daugharty designed a tanker 315 feet long, with 45-foot beam and 26 feet depth of hold. His design was radically different from the common type having the boilers and engines in the stern, and his propeller drive shaft was only 19 feet, as against a drive shaft of 119 feet in the Ferris-type vessel. A fore peak tank balances the weight. The emergency fleet corporation officials were impressed with the Daugharty idea and awarded the company a contract for 25 of the vessels.

Workmen at the National yards claim a world's record of setting up the 79 frames for Daugharty ship No. 242 in 30 hours and 35 minutes and have challenged other yards to equal the record. A Pacific coast company held the previous record of 44 hours for framing a ship.

One of the greatest problems confronting directors of the shipyards here has been protection against German agents. On Independence day, the torch was put to the shipyard of the Orange Maritime corporation by an enemy agent, resulting in the yard and three large vessels being destroyed. Now armed soldiers patrol every foot of every yard, while agents of the department of justice round up all suspicious characters.

## LIQUOR FOR PARTY WAS PURCHASED HERE

MANCHESTER, N. H., Oct. 18.—Having decided that the death of Mrs. George H. Labell of 314 Pine street, at the home of Mrs. Sallie Lind, 514 Maple street, Tuesday night resulted from natural causes, the authorities yesterday arraigned the five other members of the party, who were being held, on the charge of drunkenness. George H. Labell, Eugene Roy, Annie S. Johnson and Sallie M. Lind pleaded guilty and were fined \$7.50 each. Every Herbie, who is alleged to have procured the liquor for the party in Lowell, Mass., was fined \$20.70 and was then turned over to the federal authorities for violation of the Webb-Kenyon law.

## PRES. MAHON IN BOSTON

Head of Carmen to Aid in Settling Differences Between L. Officials and Men

BOSTON, Oct. 18.—William D. Mahon, president of the Amalgamated Association of Street & Electric Railway Employees of America, arrived here today to aid in settling differences which have arisen between officials of the local Carmen's union and the Boston Elevated Railway Co. and the Bay State Street Railway Co. The elevated employees were recently awarded a wage increase with back pay by the national war labor board, but misunderstandings have developed regarding the carrying out of the award. The

A BROKEN FLANGE WRECKS FREIGHT TRAIN ON STONY BROOK BRANCH

A broken flange in one of the cars of a freight train at a point a short distance from the Westford station on the Stony Brook branch was the cause of a wreck which hampered the Lowell-Ayer traffic to a large extent through Wednesday night and yesterday morning. The accident occurred in the early

part of the evening, and wrecking crews from Nashua and Lowell worked all night and part of the forenoon before they succeeded in partially clearing the track of the debris. Passengers going to and coming from Ayer were forced to get out at this point and change trains, and Lowell business

## CASTORIA

For Infants and Children In Use For Over 30 Years

Always bears the Signature of *Chas. H. Fletcher*

interests were also more or less affected by the resultant delay in freight deliveries.

The train comprised 50 cars, all loaded and destined for Lowell. When the flange broke efforts were made to bring the train to a quick stop, but this was impossible owing to its great weight, and resulted in the overturning of four of the cars. One of these was a coal car and was completely demolished. The other three cars did not suffer so badly but what they can be rebuilt. The tracks were also torn up for a considerable distance, over 1000 ties being thrown out of place before the derailed cars came to a full stop.

## NOT GUILTY OF MURDER

Bridgeport Jury Acquits

"Baby Doll" Thomas and "Texas" Hankins

BRIDGEPORT, R. I., Oct. 18.—William (Baby Doll) Thomas and Jake (Texas) Hankins were yesterday acquitted of the charge of the murder of

Norris Pannell. The jury was out four hours.

This murder trial was the outcome of a spectacular raid on the Keystone club, a resort for colored men, last December in which there was a gun fight between men in the club and police officers on the outside.

After a siege of several hours firemen flooded the club rooms, and Thomas, the proprietor, and others, including women, were arrested. Pannell was killed and several wounded in the shooting.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this hold in Lowell.

## WHY AID THE LIBERTY LOAN?

When, after the great battle by which the St. Mihiel salient was cleared of Germans, some thousands of German prisoners were brought into the American camp, it was found that a great many of them had in their possession government bonds showing that out of their meagre earnings during two, three and even four years of war, they had invested their savings in the various loans floated by the German government.

Just think of that ye Americans, here at home, who hesitate to invest in the Fourth Liberty Loan. Here were Germans who offered not only their lives but their money, and this merely on promise of the German autocracy which may be wholly worthless, now that Germany cannot win the war.

Yet the German soldiers were not a whit more patriotic than our own American boys, as shown by the fact that the men of every training camp in this country contributed very liberally to all the Liberty loans.

Why should the men who do the fighting have to help also to pay the bills? Why should they be called upon to make such sublime sacrifices while in many cases men who enjoy security at home and who are earning not \$30 a month but much more than that amount per week, refuse to subscribe to the Fourth Liberty Loan?

Those who do subscribe are not taking the risk of losing their money as are the German soldiers. No, indeed, but on the contrary they are protected by the best security in the world and, moreover, they are to be paid a liberal rate of interest for the use of their money.

Do not assume that the war is over and that there is no need of this money asked by the government. The thing which we know as "German militarism" is not dead, and all it needs is a little while to recuperate; but the government of the United States, in common with our allies, is determined that it shall have no breathing spell, and in proof of this, General Foch is keeping continually at the heels of the enemy; and Uncle Sam is to send 3,000,000 men additional to Europe to join the allied armies on their march to Berlin.

If the war were ended or about to be ended, would the authorities at Washington continue to prepare for the extensive war program already adopted by congress?

We are in the war and we must fight on until Germany surrenders; and the more we subscribe to the Liberty loan and the faster we transport our soldiers to Europe, the sooner will Germany be forced to surrender.

The question as to whether the people of this republic are ready to back up the government in support of this great war program will be answered by the national response to this Fourth Fighting Liberty Loan.

If the amount be over subscribed, then it will appear that the American people with their unlimited wealth and resources are behind the men at Washington, and behind our armies at the battlefield, ready to sustain them to the last.

And why should they not stand by those men and by the government? Whose war is this in which we are engaged?

Is it not a war, first of all, for the defense of our own freedom as against the menace of Pan-Germanism? But above and beyond this, it aims not only at perpetuating the liberties of our own republic, but at extending equal liberties to the peoples of every other land beneath the sun. The freedom so gloriously achieved by Washington and so proudly solidified by Lincoln, is once again to be defended, this time against Pan-Germanism, and not only to be perpetuated but through the superb international leadership of President Wilson, to be extended to all the subject peoples on earth—thus to form a new epoch in history and one from which will date the overthrow of autocracy wherever it exists, the emancipation of the oppressed, the establishment of universal freedom, and all through the adoption of the policies of Woodrow Wilson for world freedom and democracy.

Is there a human being anywhere with the love of freedom in his breast, whose heart does not thrill at the contemplation of an epoch, a deliverance, an emancipation so grand and glorious?

If you favor American freedom, if you favor freedom for all mankind, and the overthrow of autocratic power, then give some proof of the fact by subscribing to the Fourth Liberty Loan without which these sublime aims can never be accomplished.

If you are a wage earner who at the moment has not the money to spare, you can buy a Liberty Bond from any of the local banks by paying down ten per cent. of the amount and the balance in monthly instalments. Thus you can join the procession that is marching on to sweep into oblivion the Kaiser of Germany and all the cohorts of autocracy wherever found violating the God-given rights of humanity.

## THE INFLUENZA

A high medical authority who has made a special study of the influenza epidemic states that air and sunshine will kill the germs of the disease faster than anything else. He has found also that in the cases treated by physicians the progress of the disease was most rapid where the ventilation was poorest. Unfortunately there are a great many people who do not fully realize the importance of proper ventilation, the kind that sweeps through an apartment and not merely from a window opened on one side. "Perflation" is the term that might be used instead of ventilation in referring to a free current of air, not necessarily a draft, passing through windows on opposite sides of a room or a dwelling. By perflation the air in a room may be changed in five minutes, whereas by opening a window on one side only the air might not be completely changed in a whole night.

The Kaiser told his bully boys that they should have a place in the sun which they had long deserved, and started on what he thought was going to be a frisky, 65 day job of getting it for them. Now the fifth year has started and his bully boys have foggy days every day and most of the time are out behind the barn where the cans and other things are.

Secretary Baker of the War Department has increased his war program so as to provide for an army of 5,000,000 men in France by July of next year. At the time President Wilson issued his reply to Germany, Secretary Baker made the statement that every month from the present time until next July 250,000 American soldiers will be sent across the ocean

to France. The Germans at present are under no delusion as to the fighting qualities of the American soldiers and when they read this piece of news, they will naturally conclude that if such an army ever got into German territory, it would not take it very long to reach Berlin, and that is the destination of these millions of men that are now being sent across the sea.

It is said that when the time comes for our New England towns to suspend business generally and turn joyfully to the job of celebrating the surrender of Germany, Gardner, Mass., will feel entirely at home and experienced in such a celebration. Last Saturday night most Gardner citizens allowed themselves to get under the impression that Germany had already surrendered and immediately the greater part of the town started a celebration which lasted most of the night to an accompaniment of bonfires, ringing of bells, parades and patriotic speeches. When the Boston Sunday papers arrived, Gardner found her object was commendable but she was somewhat previous in the time she selected to celebrate the German surrender.

It is a purely human and business-like procedure that the playhouse managers of Lowell should respectfully appear before the health board and try to ascertain when the ban on amusements in this city is to be lifted. At the same time, most citizens will commend the cautious attitude of a health board in declining for the present to lift the ban. When amusements involve the possibility of spreading the influenza, the common safety requires that amusements suspend business although at the present time our ap-

petite for entertainment is certainly being whetted for what we hope will be a good theatrical bill of fare the balance of the season. As the influenza is declining, it is to be hoped that and other bans will soon be lifted.

When you tell your waitress you think you will have an order of "Ludendorff potatoes," it depends on whether she and the cook keep up with the war news of late, as to whether your order is brought without further explanation on your part. If he is hep to the war news the chef will send you some, "French fried."

After all, old Hindenburg has less to fear on the score of any summary hanging by the neck that might be coming to him, than some of his compatriots. All his pictures and general description of him show that it would be impossible to "hang him by the neck until dead." A neck was not given him when he was made. His head, on whose contents the Kaiser made so big a bet, joins on to his shoulders without any neck.

We hear about all kinds of petty grafters and of course it is to be expected that some special officers upon whom a badge has been conferred, would be included. A few nights ago a Lynn special officer named Fred Dupree, saw a man and a woman talking in the doorway of a factory where he was night watchman. They were innocent of any wrongdoing but he threatened to take them to the police station unless they paid him \$10. For the time being they compromised with him by paying \$2. Afterward they reported him, had him arrested and now he has not only lost his job and his badge, but is held in \$500 for the grand jury. And good enough for him.

That the newspapers of the country do not suffer less in proportion than other industries subject to the vicissitudes of war is indicated by a report read at a meeting of the Inland Daily Press association at its Chicago meeting. It was reported that since the war started, no less than 550 newspapers in the United States had been forced to suspend and 250 others had consolidated to see if they could thus ward off going out of business entirely.

Poor little Mary Pickford. On account of the war regulations governing erection of new buildings her naughty old Uncle Sam has refused to give her permission to build a new studio in southern California's motion picture colony. Too bad to be so mean to "America's sweetheart." Better try to get around your Uncle Sam by selling a lot of Liberty bonds for him, Mary.

Lowell will have to do some hustling if she catches up to the proud record of the city of Schenectady now holds. She is not only a million dollars over-subscribed in respect to her quota, but with a population of 100,000, there were 35,400 persons who had individually subscribed up to Wednesday night.

The German people and even the German warlords are still hoping that some way will be found to secure what they term an honorable peace, but nowhere, so far as the despatches show, is there any hope in Germany for final victory over the allies.

Fewer pairs of silk stockings for women and more Liberty bonds? It doesn't look like it. A big factory making silk socks says it has sold all it can make up from now until next July. Is this really an essential industry?

It shows what an economical nation we have become and how Hooverizing has sunk in on us, when all of us recall that we not only want all the bacon that is coming to the nation's breakfast table but the bacon must have the Rhine with it.

## SEEN AND HEARD

So Lille has been captured? Well, the poor girl certainly has had her share of suitors in the past few years.

Take her out into the country, breathe in nature's fresh air. Find a rustic bench for two and she'll never want to go to the movies again.

"Kipling is what I call an expert in his line," remarked the erudite customer in a Merrimack street barber shop. "Expert nothing," came back the head barber, "that fellow can't even hone a razor."

Cheer up, man. The gasolineless Sunday ban has been lifted, the epidemic is on the wane. Germany wants peace and Lowell is going to over-subscribe her Liberty loan quota. Outside of those few considerations, it's a mighty tough world to live in.

## Security of Turkey

The Cincinnati Packer, a newspaper

for wholesale merchants carries a doleful tale in its latest issue. There's a failure in the turkey crop this year and the bird that made Thanksgiving famous, will positively not appear on any table which values his presence at less than 50 cents a pound! Chickens and eggs are a bit more plentiful than usual but turkeys have shown a startling decrease in every state but California. California reports a monster turkey crop, the largest, finest, best flavored, tenderest, sweetest, and most remarkable turkey crop in the history of the world—80,000 birds strong to gobble the eternal praise of California!

## And No Per Seuse

Say Gentil A. As a writer of Funny stuff, I got paid every Saturday for reading gas meters. But sometimes I get a toothache, and Once in a while I get this way— We all know that Outside of the Imperial palace at Potsdam there are Few cases of indigestion from Overeating among The Hunlanders. Now I will Say, merely as An outside guess, that there are one Hundred Huns to Every pound of Limburger cheese. All right. Then, could I say That Hunland is a 100 per cent nation, in exst? Ohverlywell.

T. N. T.

## Success and Failure

Success is a mighty poor teacher. All some people get out of success is a swelled head and a shrivelled heart.

The best teacher in life is failure—sometimes spelled with a big F.

The only men who have really succeeded have been those who have failed—and made their failures stepping stones.

And the man who has failed oftenest—and finally won—most frequently has the biggest brain and the warmest heart.

Failure teaches men to have sympathy for others. It makes men forgive. It enlarges one's outlook upon life. It keeps men humble. It makes them appreciate real values.

Best of all, failure teaches men to know themselves—their real selves—not the selves that others see and know.

And if failure has driven you back upon yourself so that you have learned your sources of weakness as well as your sources of strength, count yourself fortunate. For if you conquer yourself, you will be greater than he who taketh a city.

## Don't be a Dud

(A "Dud" Is a Shell That Doesn't Explode.)

By Arthur T. Browne.

(Lowell Sun Correspondent at East Cambridge Courthouse.)

A "Dud" is a Miser who doesn't unload. Some of the gold that for years has flowed into some secret hiding place And brought a smile to the Miser's face. Just think of the boys who are "over the sea," Fighting for you and fighting for me. Don't be a Miser—a "Dud." Buy a bond.

A "Dud" is a Coward, weak-kneed and mean. Always complaining of horrors unseen. He moans and whines both night and morn Cursing the day that the War was born. Just think of the lads who have "gone beyond" Torn forever from parents fond. Don't be a Coward—a "Dud." Buy a bond.

A "Dud" is a Pacifist, who doesn't explode. When he reads of the horrors that strew the Hun's Road. Women outraged and children killed. We've read it so often our blood has been chilled. Just think of the day that on Belgium dawned. Of her women and children—and forever be warned. Don't be a Pacifist—a "Dud." Buy a bond.

## THE MAN ABOUT TOWN

That is interesting news contained in the announcement by the federal employment agent here, that he finds that since the influenza epidemic summarily forced the saloons to suspend business, he has had many applications from bartenders for other work. It is a happy and fortunate time for the bartenders here to come to this decision to change their line of work. I expect their prospective employers will find most of them capable men and honest, for the dishonest bartender has a short life in the average saloon. I feel like congratulating these men on entering a new line of work. Of course they may not hear so many war discussions as formerly and they may have to lose track of a number of bar-room authorities who know when the war will end but, on the whole, I think the congratulations of the friends of the saloon workers who want to change jobs are in order.

Supt. of Police Welch was very much pleased yesterday to have final disposition of the case of William J. Gould, check worker crook, made. Gould's case has been continued eight times. Yesterday he was sentenced to four months in jail. Mr. Welch said that hard times and much trouble stared Gould in the face. His picture is in the "roughs" gallery of the police departments of Boston, New York and Chicago, and other charges are pending against him. He is a slick phony check worker, preying for the most part on men having something to do with the automobile business. He has had many chances to turn honest but somehow never struck the trail.

Only those persons who have had much illness in the family and particularly in the case of a man who has had all the women ill at one time, can appreciate the very great kindness and convenience contained in the opportunity that our people here in Lowell have to go to the community kitchen in Dutton street and buy excellent, nourishing meat soup for 15 cents a quart. This community kitchen by its service at all seasons of the year, can make a strong place in this community for itself and I am glad to commend this soup retailing idea as one of the potent ways of helping the families suffering from the epidemic.

## BACK TO OLD TIME ON OCTOBER 27

WASHINGTON, Oct. 18.—No further effort will be made by congress to continue the existing daylight saving law and the hands of the clocks will be turned back an hour on Oct. 27 as originally planned. This decision was reached yesterday at a conference between congressional leaders and Chairman Haruch of the war industries board, who had recommended that the law remain in force for the period of the war.

## BILLERICA NEWS

Thomas Talbot Clark, chairman of the Billerica Liberty loan campaign, announces that the town has gone over the top, and then some. The quota for Billerica was \$175,000, and the chairman states that \$225,000 is accounted for, and that there is a good prospect that by tomorrow night the figures will be close to an even quarter-million. Too much credit cannot be given to the work of the women's committee and the local troop of Boy Scouts, both of these organizations having proved themselves tireless and efficient workers throughout the drive. After being closed for the past month the Corner bridge between Billerica

"Dr. Caldwell's Syrup Pepsin is certainly a most pleasant and efficient solution of the 'castor oil problem' that confronts most mothers." (From a letter to Dr. Caldwell written by Mrs. Chas. Daly, 412 Shonnard St., Syracuse, N. Y.)

For most children a mild laxative, administered occasionally, is all that is necessary to assure normal regularity and consequent good health. Dr. Caldwell's Syrup Pepsin is a pleasant-tasting combination of simple laxative herbs with pepsin that acts gently, yet effectively; children like it and take it readily.

## DR. CALDWELL'S Syrup Pepsin

The Perfect Laxative

Sold by Druggists Everywhere  
50 cts. (per ounce) \$1.00

A TRIAL BOTTLE CAN BE OBTAINED, FREE OF CHARGE, BY WRITING TO DR. W. B. CALDWELL, 459 WASHINGTON STREET, MONTICELLO, ILLINOIS

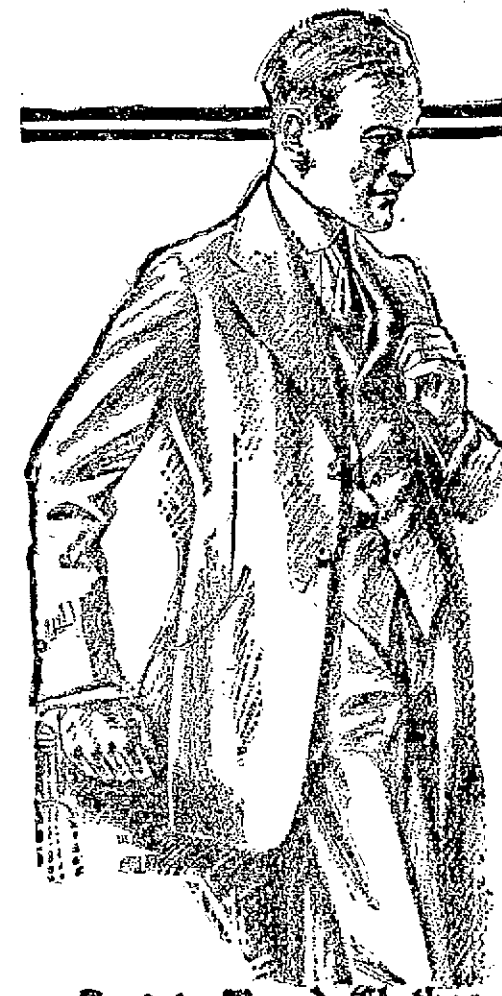

and North Billerica was opened for traffic yesterday morning. The bridge was closed when a large truck owned by the P. O'Riordan Co., of Boston, went through the flooring of the structure, doing quite severe damage to the planking and also to the iron trusses on the north side of the bridge. Representatives of the O'Riordan Co. have been requested by the selectmen of the town to attend a conference in the town hall next Monday evening to settle the question of restitution.

The influenza situation is pretty well cleared up here, not a single case having been reported in the last 48 hours. If this state of affairs continues it is expected that the board of health will lift the general ban on schools and churches by the first of the week.

## TROLLEY TIME CHANGES

The following changes in trolley time have been announced by the Boston Street Railway Co.: Beginning Sunday, Andover street cars will leave Merrimack Square on the even hour and half hour instead of 15 and 45 past as at present, and Hovey Square cars will leave 15 and 45 minutes past the hour.

If you want quick returns, try classified ad in The Sun, Lowell's greatest newspaper.

## Allies Move On

Continued

British maintain strong pressure all along the line to east of Cambrai. Further south the enemy is retreating from the angle between the Oise and the Serre.

## Zebrugge Occupied by British

Zebrugge, the second and last of the submarine bases on the coast, is reported occupied by British forces, probably naval units, and the army is reported to have evacuated Bruges, which Belgian cavalry is approaching. In the center the French and Belgians continue to advance toward Chant by way of Thielt.

## British Capture 4000

In the Lille region, the British are working eastward toward Tourcoing, and Roubaix and the fall of these cities appears to be a matter of hours only. East of Douai, Marshal Haig is maneuvering toward Valenciennes, in the operations south of Valenciennes Thursday, the British took 4000 prisoners.

## Flee to Escape Trap

The German retreat from the Oise and the Serre was made necessary because the enemy was in a pocket, the sides of which were being pressed in by the French. The French are advancing northward from the junction of the two rivers and have taken Angoulême, two miles east of the junction and north of the Serre. Northwest of the Argonne forest, General Gouraud is pushing forward against stubborn resistance and the front line west of Grand Pré has been extended to Vouziers. In the neighborhood of Vouziers the French have carried out an important stroke by crossing the Aisne river. Evidently they aim to advance northeast from Vouziers, and outflank the Germans in the front forces. This would be of great assistance to the American advance east of the forest.

## Quit Belgian Coast

Germany has apparently lost the whole of the Belgian coast, which for four years has been the base of submarine and aerial attacks against England and English shipping. Ostend has been taken. Belgian patrols are in Bruges, which is only eight miles from the Dutch frontier. German forces defeated and virtually demoralized in the full retreat toward Antwerp.

## Immense Booty Taken

Over a wide sector of the front in Belgium and northern France, the British, French and Belgian armies have swept forward with relentless speed, crushing rear guards left behind by the Germans to retard pursuit. Immense quantities of materi-

## Read This About

## Influenza

## A Slight Chest Cold Often Leads to Dearly Pneumonia

When you catch cold during this epidemic don't take any chances. Influenza starts with a cold, so send for your doctor at once.

In the meantime protect your throat and chest and ward off inflammation and soreness by rubbing on Mustardine.

It's better than a mustard plaster, will not blister and stops all aches and pains quicker than anything you can get.

Tens of thousands use it for sore throat, chest colds, pleurisy, tonsillitis and bronchitis—it's wonderful.

## MUSTARDINE

It CANNOT BLISTER

als have been captured by the allies and the number of prisoners taken is steadily mounting.

## Americans Aid in Drive

Keeping step with this movement, although at a slower pace, the allied forces further south have been moving along. From reports, it would appear that two American contingents are operating on the front east of Cambrai and St. Quentin. One is working with the British and is adding the advance into the German defenses east of Le Cateau. The other is with the French, and is materially assisting in the attempt to smash in the right flank of the German salient northeast of Laon.

## Flee From Laon Sector

In both these regions, the allies have fought their way ahead in the face of withering gusts of bullets and shells from German armies, which have been turned about. It is probable that east of Le Cateau, the Germans are standing on the Hunding line, the defensive zone established to support the Hindenburg system, which is now gone. Further south, the enemy is evidently holding the allies at bay until the forces retreating from Laon can make their escape.

## Americans Gain Ground

The retreat from Laon has, it is admitted by the allied observers, been conducted with great skill. It has been a tremendous task to move thousands of men, hundreds of heavy guns and mountains of munitions out of the Laon sector, but it is being done while the fanks of the salient stand firm.

In spite of bad weather and the terrible condition of the ground, General Pershing's men have gained ground east of the Argonne forest. Cote Châtillon, a dominating height, has been taken, and positions near it are solidly held by the Americans.

## RETREATING GERMANS CONTINUE ACTS OF BARBARITY

WITH THE FRENCH ARMY IN FLANDERS, Oct. 15. (Havas).—In their plans for a retreat from Belgium, the Germans had prepared three successive lines upon each one of which they intended to halt and reform. According to captured German officers the two first lines already have been broken by the allied advance and the third one will be reached in a few days.

At the beginning of the allied attack on Oct. 14, there were eight divisions in the Germans' first line. These were reinforced by seven new divisions, but the new divisions already were exhausted and were of little help. During the night of Oct. 15-16, two divisions from the Russian front were thrown into the battle, but their strength had been greatly reduced and their morale was weak. The 17 divisions have lost heavily in prisoners, killed and wounded.

The retreating Germans continue acts of barbarity. At Isenheim German soldiers threw bombs into a dugout where civilian refugees had sought shelter and were waiting for liberation.

## Textile School

Continued

opportunity you have of becoming leaders of men, and I know you will not forget the traditions of this institution and of the city of Lowell. You have received your chance to make good for your country, and now it is squarely up to you. In closing I am going to try and translate a little Latin quotation which seems to me to be very pertinent to this occasion. Roughly speaking, it means: "Work as if you were to live forever, but live as though you were to die tomorrow."

A photograph was then taken and the boys marched to their quarters.

Capt. Charles N. Cecil, U.S.A., Rtd., is the commanding officer at the school and is assisted by Lieuts. James J. Davis, Q.M. officer, E. W. Nichols, Adj., and Lieut. Harold Dudgeon. This is the only Textile school in the country which has been given the right to establish a students' army training corps as colleges and technical schools are considered eligible to establish this branch of training.

The school is only for draftees between the ages of 18 and 20. The boys of 20 will be withdrawn from the school in January of next year, the boys of 18 in April, while the class of 19 will finish the year there. Those who stand highest when withdrawn will remain in school, those next will be sent to a commissioned officers training school, and those next in proficiency to a non-commissioned school. The rest will be sent to some cantonment. Whatever branch a boy is found most proficient in, he will

remain in, whether it should be surgery, gunplay or any of the various military branches.

About 193 members are now enrolled, and are using the old Kitchin hall room for barracks. Every boy is the possessor of a regulation army cot, with three blankets and a mattress. Mess is served at long tables in an adjoining room. The boys are already beginning to feel used to their military life, and go to their drills on the large drill-grounds with a dash and vim which argues well for their future success.

## Ban Still On

Continued

certain time in the morning until 6.30 in the evening. We believe that we can do business within those hours to the satisfaction of the board.

Dr. Brunelle: "The whole question before us at the present time is a health question. It has brought many inconveniences, of course, but on the other hand, we must admit that the calamity has been so great as to warrant the board asking fair-minded and patriotic citizens to make sacrifices."

The doctor admitted that the proposition of the liquor association was quite reasonable from one point of view, but yet he maintained that the great danger in their re-opening would be the infection from drinking glasses. He said that this could not be overlooked with grace by the board.

Patrick Keyes asked if conditions in Lowell were worse than in Lawrence, Boston and Holyoke.

Dr. Brunelle—"Dr. Simpson could answer that better than I. We are concerned principally with local conditions."

Mr. Marren—"I don't believe there is any infection from glasses if alcohol has been used in them. I think that the time has arrived when the board's restrictions can be lifted. Saloons are opening in other cities and I don't see why they can't here."

Mr. Marren suggested that a trial be given the proposition of the association and he felt sure that the glass question would be taken care of.

Dr. Brunelle—"If you felt that the health question rested more or less on your shoulders as a man who was supposed to know a little more of health matters than other people, you would feel that you should have the courage to keep the ban on until the epidemic were at a minimum."

Mr. Keyes—"There's not a man who has closed his business but what has lost money."

Mr. Marren—"I think the mayor here can tell you that the liquor dealers have lived up to the regulations of the board of health."

Mayor Thompson—"I can say that as far as I have been concerned they have lived up to the regulations very well. I think I should mention one thing which Dr. Brunelle has not yet mentioned—Dr. Simpson has said that he is willing to be quoted as saying that it will be dangerous to lift the ban now."

Mr. Marren: "Isn't it true that there have been more cases per capita in Lawrence than in this city?"

Mayor Thompson: "No, that is not so. However, there's no question but what it is on the wane."

Mr. Conway: "We're willing to accept your judgment as a board and if you think the public health demands it, we are willing to remain closed."

Enter Theatre Managers

Close on the heels of the liquor dealers came a number of the local theatre managers representing the Lowell Theatre Managers' association. Walter J. Nelson asked if there was any possibility of the theatres opening yet.

Dr. Brunelle: "We've just had a conference with a number of men who are as fully interested in their business as you are in yours and we've told them that we didn't believe that they should open yet. We have had a report from Dr. Simpson, the state health man, and he feels that we should not yet make a definite date for the opening of theatres. That's the consensus of opinion of the board members."

Manager Sellman asked why theatres in Haverhill and Quincy should be allowed to open. Dr. Brunelle replied that that was a purely local situation. Manager Pickett said that the local theatres would not be allowed to open Monday and Dr. Brunelle replied that it looked that way now.

Manager Sellman said that he understood that the Boston theatres were to open Monday, but Dr. Brunelle said that according to a letter from the state board of health the ban had not yet been lifted in Boston.

Mr. Pickett—"I think the entire situation is inconducive. In Boston, Lawrence, and other places they are opening up and there's going to be congestion there."

Mr. Nelson—"I don't see why the

Boston theatres are advertising extensively unless they have some definite assurance that they are to open.

Manager Chas. Harpoet said that the local theatres could not open at a minute's notice and they must be notified in advance.

Mr. Nelson said that there were more than 120 theatre employees in Lowell and it would be a hard job getting them back to work unless the theatres opened soon.

The argument was advanced by Mr. Nelson that the factories were allowed to keep open and there was congestion there. Dr. Brunelle said that there was not the close contact that there was in the theatres. Manager Averill said that that could be overcome.

Mr. Carroll: "How, please?"

Mr. Averill: "Have people sit in every other seat."

Dr. Carroll: "That's as impossible as controlling the weather."

Mr. Averill: "Nothing is impossible."

Mr. Pickett said that he thought the best thing to do was to have the board of health call up the theatre managers when it was ready to have them open. He said that they had volunteered to close and would wait until they were ordered to open. The theatre men then made their exit.

## Hospital Report

Dr. Brunelle read a report from the isolation hospital for yesterday showing that 14 patients had been admitted, 15 discharged and one had died. There are now 54 patients at the hospital.

Questioned as to the board's attitude on the church, school and store question, Dr. Brunelle replied that no change in the board's request that all public gatherings be avoided had yet been made.

Adjusted at 12.20.

## MORTGAGEE'S SALE

By virtue of a power of sale contained in a certain mortgage deed given by Charles Kazanoff of Lowell in the County of Middlesex and Commonwealth of Massachusetts to Jacob H. Sullivan and Constance Sullivan, dated December 23, 1916, and recorded with Middlesex North District Registry at Lowell, in said County, and for breach of the conditions therein contained and for the purpose of

## REPORT GERMAN "SUBS" ARE CALLED HOME

AMSTERDAM, Oct. 18.—The Handelsblad published with reserve a report that the German admiralty has issued wireless instructions to all submarines to return to their bases.

Not to the Torch

(By the Associated Press)  
AMSTERDAM, Oct. 17.—According to the Courant, the German newspapers last night were to publish the following communication:

"The German army command has brought military measures into accord with the steps taken for the conclusion of peace. The German armies have received orders to cease all devastation of places unless they are absolutely forced to follow this course by the military situation for defensive reasons."

"Nevertheless it is to be expected that in the gradual retreat property will be lost which is irreplaceable by money—that is to say, insofar as such devastation is inherent in the conduct of the war itself, and especially in the bombardment of German positions by enemy artillery."

## MINNESOTA FIRES ARE UNDER CONTROL

DULUTH, Oct. 18.—Fires throughout the burning districts of six counties of Northern Minnesota last night are considered well under control and there seems little chance of their breaking out again. The entire section of the country is being patrolled by hundreds of soldiers and home guards. Every blaze that is not isolated by back-firing is being quenched before it gets a start.

## LOWELL MAN WOUNDED IN WAR ZONE

Private Samuel Robitaille, son of Mr. and Mrs. Thaddeus Robitaille of 527 Moody street, has been wounded in France, according to a telegram received by the parents from the war authorities last evening. According to the message the degree of the wound has not been determined.

Private Robitaille has been in the army about a year and in France several months. The last letter received from him by his parents was dated Sept. 7 and at that time the young soldier informed his parents that he had been gassed about a month previous, but was recuperating rapidly and expected to return to the front soon. Priv. Robitaille is a prominent member of Club Lafayette and the C.M.A.C.

## Million a Minute

workers was recognized as a stupendous one, but there was no doubt here that it would be accomplished.

Officials have no doubt that the nation would respond liberally to the call for dollars, for failure of this loan not only would dishearten the American and allied armies, but would give new hope to the shattered German hosts in retreat over half the western front.

It was apparent from the flood of early morning telegraphic reports to headquarters that a new spirit pervaded loan committees everywhere to go far above the individual market for them. This prompted national campaign managers to hope anew for a large over-subscription.

Scores of messages today told of plans for suspending business in communities tomorrow to minimize interference with the last day's roundup. Several hundred thousand men and women who heretofore have taken only a passive interest in the loan drive have been enrolled as solicitors for the last day.

## New York Subscriptions

NEW YORK, Oct. 18.—The New York federal reserve district advanced the Liberty loan subscriptions overnight by \$92,297,450, according to tabulations at 10 a. m. today.

The total then was \$1,041,000,000. The quota is \$1,800,000,000.

## \$1,250,000,000 Subscribed

WASHINGTON, Oct. 18.—The Fourth Liberty loan today neared the home stretch of the campaign with \$4,250,000,000 subscribed and \$1,750,000,000 to be raised in two days remaining.

Despite this tremendous unsubscribed balance, campaigners throughout the country reported they would be satisfied with nothing less than an over-subscription.

## PRES. WILSON AGAIN APPEALS FOR LOAN

NEW YORK, Oct. 18.—That Americans should lend to their government more liberally than ever before, that "the great war for the rights of America and the liberation of the world

may be prosecuted with ever-increasing vigor to a victorious conclusion," was the declaration made by President Wilson in a message read at a Liberty loan rally of Columbia University student training corps yesterday. His message follows:

"Again the government comes to the people of the country with the request that they lend their money and lend it upon a more liberal scale than ever before in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever-increasing vigor to a victorious conclusion, and it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment."

"The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America have from the first until now dedicated both their lives and their fortunes to the vindication and

maintenance of the great principles and objects for which our government was set up. They will not fall now to show the world for what their wealth was intended."

## ARRESTED FOR ALLEGED LARCENY OF AUTO

Alexander Trusco, a resident of this city, was arrested early this morning in Arlington for the alleged larceny of a Ford automobile, while his brother-in-law, Joseph Osta, who also makes his home in this city, was apprehended later in this city by Capt. Atkinson at the request of the Arlington police.

According to the story told by Chief Urquhart of the Arlington police, Trusco was arrested at 1:30 o'clock while attempting to crank the Ford automobile, which it is alleged was stolen. It is claimed that Osta was with him at the time and that he managed to make his escape. In the car was found two number plates and when asked about them Trusco said they belonged to Joseph Osta, his brother-in-law, who resides in Cushing street, this city.

Osta was questioned at the station and he said the last time he saw his brother-in-law was last night at 9 o'clock. He denied any knowledge of the Ford automobile. Trusco, who is 33 years of age and a boilermaker employed at the Billerica car shops, was arrested in Concord Sept. 10 on a complaint charging him with the larceny of a Ford auto. It is claimed that the owner of the stolen car after reading an advertisement for the sale of a Ford car in Cushing street, came to this city and looked the car over. He claimed he recognized a tool box and a hammer, which were formerly in his car and hence the arrest of Trusco. The latter is now awaiting his trial in the superior court. Osta is 24 years of age.

## YOUTHFUL THIEVES ARRESTED

Lieut. Maher and Patrolman Tsafaras arrested five boys ranging in age from 11 to 14 years this morning and it is believed that by the arrest of the youngsters the mystery surrounding several breaks in local stores has been cleared. The boys were taken to the station and when questioned about their doings, it is claimed they confessed to no less than eight breaks and admitted stealing money and goods from various places. The lads will be arraigned at the juvenile session of the police court next Friday.

Boys' V-neck sweaters, \$3.00, \$3.50, \$4.50 and \$5.00 at J. C. Manseau's, cor. Merrimack and Hanover streets.

F. M. Livesey, the Canadian correspondent at the front, says the tank "Dominion" led the tanks into action in the Canadians' sector with a piper of a Manitoba unit sitting on the top skidding a pibroch. He came through unscathed, but another piper who piped his battalion into battle was killed.

## ARRAIGNED ON CHARGE OF MANSLAUGHTER

Ralph A. Knight of Billerica was arraigned before Judge Enright at this morning's session of the police court on a charge of manslaughter in connection with the death of Ora S. Decatur, which occurred at St. John's hospital Oct. 13 as a result of injuries sustained in an automobile accident, which occurred in Billerica on the night of Oct. 11. The defendant entered a plea of not guilty and his case was continued until Nov. 5, bail being fixed at \$2000.

According to the report filed by Medical Examiner T. B. Smith, Decatur was driving his horse in Billerica on the evening of Oct. 11 at about 7:30 o'clock and when a point near the

fordway bridge was reached, Knight's automobile struck Decatur's horse. Decatur was thrown out of his carriage and dragged some distance by the horse. He was taken to St. John's hospital, where he died two days later. Decatur resided at Nutting's pond, Billerica.

A rather novel and curious weapon in the form of a combination pocket-knife and revolver was produced in court this morning, when Luca Neglik was arraigned on a complaint charging him with the larceny of \$50, the revolver-knife and a pocketbook from John Krazanis. The knife is an ordinary pocket-knife with but one large blade, but is equipped with a tiny apparatus from which a 23-calibre cartridge can be fired.

When questioned about the instrument, the owner, Krazanis, said he purchased it some time ago from a Chicago firm after reading an advertisement in a Greek newspaper of New York. He said he paid \$5.00 for it and purchased it with the intention of sending it to his brother, who is in the United States army. Judge Enright kept the knife and said he would turn it over to the state police for investigation.

Neglik when asked to plead to the charge of larceny, admitted his guilt and informed the court that he had made restitution. He was ordered to pay a fine of \$10.

Huns Rush Back Across BelgiumANTI-GERMAN DEMONSTRATION  
IN BERLIN BROKEN UP BY POLICE

AMSTERDAM, Oct. 18. (By the Associated Press.)—A demonstration by the German independent socialists in Unter Den Linden, Berlin, today, is reported by the Cologne Volks Zeitung. The crowd sang the Marseillaise.

The police, adds the newspaper, prevented the demonstrators from reaching the imperial palace. There was a clash in which some of the crowd were slightly injured by the police sabres.

## NEARING QUOTA BAN IS STILL ON

Lowell Within \$500,000 of  
\$7,000,000 Quota at Noon  
Hour Today

Large Subscriptions Carry  
Fighting Fourth Liberty  
Loan Near the Front Line

On the next to the last day of Low-  
ell's Fighting Fourth Liberty loan  
campaign, the city took a big jump  
toward its \$7,000,000 quota and at  
noon today the total was just short  
of \$6,500,000.

Several large subscriptions announced  
this morning helped to boost the  
total toward the desired mark. The  
Federal Reserve bank of New York  
city wired the local Liberty loan com-  
mittee that the Metropolitan Insurance  
Co. had requested that a subscription  
of \$15,000 be credited to Lowell and  
the Prudential Life Insurance Co. had  
subscribed \$10,000 for the local office.  
Formal announcement was also made  
of an additional subscription of \$50,-  
000 by the Central Savings bank, mak-  
ing its total subscription \$400,000.

There was the usual heavy sale of  
small bonds today in addition to the  
large subscriptions announced above.

Board of Health Refuses to  
Raise Lid on General  
Closing Order

No Action Taken on Church  
Question—Local Theatre  
Men Are Indignant

One of the warmest sessions which  
the board of health has had since the  
outbreak of the influenza epidemic in  
Lowell was that held this morning.  
The board's action may be epitomized  
as follows:

Refusal to lift ban on theatres,  
schools, saloons and stores.

No definite action taken on opening  
of churches next Sunday.

Announcement of decrease in num-  
ber of patients at isolation hospital.

The Lowell Theatre Managers' as-  
sociation and the Lowell Liquor Dealers'  
association were both represented at  
the meeting and, despite nearly an  
hour of persistent argument, the board  
refused to budge an inch on its atti-  
tude toward the general resumption of  
business in both lines next Monday.

After the meeting the theatre man-  
agers registered a protest and stated  
that they did not believe that they  
were being treated fairly in view of  
the fact that theatres in other com-  
munities where the epidemic was much  
more severe than in Lowell were being  
allowed to re-open next Monday.

The board based its decision prin-  
cipally on the opinion of Dr. Charles  
E. Simpson, the state health officer for  
this district, that it was not yet time  
to resume normal activities locally. It  
argued that Dr. Simpson was in touch  
with the situation throughout the state  
and that his opinion was worthy of  
careful consideration. Also, the board  
maintained, from the reports being re-  
ceived, there was no warrant for them  
to amend any action they had already  
taken. At noon today 62 cases had  
been reported at the office of the board  
of health in comparison with 54 cases  
yesterday. There were five deaths to-  
day. The total number of cases to  
date is 5820 and the total number of  
deaths 208.

Hospital Supervisor 111

While today's report showed a slight  
increase over yesterday's, nevertheless,  
it is undoubtedly that the epidemic is on  
the wane as yesterday's reports were  
the best received since the outbreak  
of the disease. Sporadic jumps are to  
be expected for several weeks to come.

Dr. C. R. Eskey, the federal health  
officer in charge of the isolation hospi-  
tal, was compelled to cease his labors  
temporarily today and although  
his sickness has not yet developed  
symptoms of influenza, there is a prob-  
ability that this is the cause. Also,  
the doctor has been working night and  
day since his arrival in Lowell and to  
this in a large measure may be con-  
tributed his illness.

Meeting in Detail

This morning's meeting was called  
at 11:30. Inspectors Kearney and Con-  
ners of the health department were  
asked to give testimony as to alleged  
unsanitary conditions at property  
numbered 41 and 58 Elm street, re-  
spectively. The property is owned by  
John and Joseph Flynn, heirs of the  
late Joseph Flynn and, according to  
the story of the inspectors, the sewer  
drains in both places have backed up.  
Also, the yards surrounding the prop-  
erty are in an unsanitary condition. It  
was finally voted that the owners of  
the property be notified that the nu-  
isance must be abated within a reason-  
able time or that the board would be  
compelled to take more drastic action.

Saloon Keepers Enter

At this point Anthony A. Conway,  
president; Charles L. Marren, secre-  
tary, and Patrick Keyes of the Lowell

Secretary McAdoo Makes Urgent  
Appeal to the People of Lowell

(To The Lowell Sun, Lowell, Mass.)

WASHINGTON, D. C., Oct. 17.—Subscriptions reported and estimated up to  
noon Thursday amount to \$4,000,000,000, leaving at least \$2,000,000,000 to com-  
plete the Fourth Liberty Loan. Only two days are left within which to raise this  
vast sum. No country on earth but America could raise so vast a sum in so  
short a time. Americans can do it, and must do it. The destinies of the world  
and the hopes of civilization are centered upon America. We shall fail in every-  
thing we have fought for and hope to gain in this war if the Fourth Liberty  
Loan is defeated.

Let every true American citizen today examine himself under the white  
light of patriotism and say whether or not he has done his utmost in this emer-  
gency. The highest obligations of duty and patriotism command every true  
American to go immediately to his bank or to his Liberty Loan committee and sub-  
scribe to the limit of his ability to the Fourth Liberty Bonds.

Don't delay, don't wait to be urged. Be as quick to do your part in the  
Fourth Liberty Loan battle as our soldiers in France are quick to obey the orders  
to charge the enemy. Buy Liberty Bonds on the installment plan if you cannot  
buy them for cash. Every patriotic bank will help you. If every patriotic citizen  
will do his duty today, victory for the Fourth Liberty Loan is certain.

The continued victories of our armies in Europe, the certain defeat of our  
enemies and the glorious triumph of the cause of liberty depend upon what  
the American people do in the remaining two days of the Fourth Liberty Loan  
campaign.

W. G. McADOO.

Germans Forced to Give Up  
the Entire Belgian Coast  
While Allies Sweep OnFoe Also Retiring Between Oise and  
Serre—Allies Close to Ghent—  
British Enter Turcoing

LONDON, Oct. 18 (Via Montreal)—  
Zeebrugge, the port of Bruges and the  
second important German submarine  
base on the Belgian coast, has been  
occupied by allied forces.

LONDON, Oct. 18, (Via Montreal)—  
Bruges, seven miles south of Zee-  
brugge, has been evacuated by the  
Germans, according to information re-  
ceived at the Belgian army headquar-  
ters.

LONDON, Oct. 18.—Turcoing, six  
miles northeast of Lille, has been en-  
tered by British troops, according to

the Evening News. Between the Senec canal and the  
Lys river the British are continuing  
their advance on the whole front.

(By The Associated Press)

The German withdrawal from west-  
ern Belgium and the coastal region  
shows no signs of halting. The allied  
forces are pressing rapidly after the  
retreating enemy and additional cities  
and towns have been occupied.

From Lille southward the German  
retirement is not so rapid, but the

## AT THE TEXTILE SCHOOL

Exercises in Connection With  
Assembling of Student  
Army Training Corps

The formal opening of the Students'  
Army Training Corps at the Lowell  
Textile school took place today at  
noon. The picture of over a hundred  
young men standing ready to pledge  
their full allegiance to the Stars and  
Stripes was an inspiring one. Among  
those present were Mayor Perry D.  
Thompson, and several members of the  
state guard in uniform, including  
Lieut. Col. Charles S. Proctor, Major  
Edward Fisher, Major Joseph Legare,  
and Captain Royal P. White.

At 12 o'clock the entire unit formed  
on the grounds in front of the en-  
trance, and stood at salute while Bu-  
gler Paul Smith blew the flag raising

selection "To the Colors." Guided by  
the hands of William B. Wilcox, the  
emblem of democracy then slowly  
floated to the flag-staff.

Lieut. E. W. Nichols then read the  
oath of allegiance which was repeated  
by the entire battalion. He then read  
the general orders of the day, which  
included messages from President  
Wilson and Sec. Baker. President  
Eames introduced His Honor, Mayor  
Thompson. The mayor said in part: "If  
briefly means a good speech, then I  
promise that this will be a very good  
one. The board of health has been  
cautioning us to be careful about  
catching cold and I see that many of  
you are bareheaded and not wearing  
heavy clothing, so I shall not keep  
you but a few moments. I want to con-  
gratulate all of you young men on the

J. M. WALTON

Interviews Three Hundred  
Vitalitas Users

Mr. J. M. Walton who is at the  
Dows Drug Store, Merrimack Square,  
Lowell, Mass., says: "During the past  
10 days I have interviewed at least  
200 users of Vitalitas and I did not  
find one who had been taking the  
Vitalitas treatment who had had  
Spanish influenza, nor did I find any-  
one who knew of a Vitalitas user  
having influenza."

We think this is a pretty good re-  
cord for the Vitalitas users. We do  
know that Vitalitas is one of the  
greatest tonics and correctives in the  
world. It gives tone to the system,  
builds up the blood and drives out  
the toxic poisons, giving the system  
strength to resist disease.

Vitalitas should be used as a gargle  
every morning and night as well as  
to take it as prescribed. Get it to-  
day at Dows, druggist, Merrimack  
Square, city.—Adv.

**TOBACCO**

NEVER RUNS DOWN

It's best for you; one pipeful of  
Big John tobacco gives more sat-  
isfaction than several times as  
much of other kinds. Quality al-  
ways so fine—and the honest pack-  
age—it lasts a long time. Big  
John tobacco pleases the most par-  
ticular smoker—that's the Big  
John way. How different from  
the get-rich-quick. Get this fine,  
old tobacco today.

Liquor Dealers' association came into  
the meeting. Mr. Conway acted as  
spokesman.

He said that he came to see when  
the board of health expected to allow  
the first class liquor places in Low-  
ell to re-open for business.

Dr. Brunelle, chairman of the board,  
replied: "At this particular time, after a con-  
ference with the state authorities, we  
cannot set a definite date upon which  
the saloons may open."

Mr. Conway: "Well, then, the as-  
sociation should like to submit this  
proposition: We should like to have  
the privilege of opening the same hours  
as other stores of the city, from a

## SAVED LOST BATTALION

Story of Daring Journey of  
Lt. McKeogh, Ex-Magazine  
Writer, Through Hun Lines

NEW YORK, Oct. 18.—When Arthur F. McKeogh, a mild-mannered, sunny-dispositioned young newspaper writer, used to sit at his typewriter in the office of The Sunday World Magazine, a couple of years ago it pleased him hugely when it would fall to his lot to write tales of adventure, of thrills—"action stuff," as the phrase goes.

Mac dropped out of the writing game when war happened. He went to the First Officers' training camp at Plattsburg. Next he was heard of at Camp Upton. Then overseas with the Metropolitan division, the 7th.

He came back home, after having lived through an adventure that had enough thrills and enough action in it to make his most stirring written nar-

ative sound like a tale of Little Rollo and his Uncle.

For it was this same Arthur F. McKeogh, now 1st Lieut. McKeogh, U.S.A., who won his way out of the Forest of Argonne, by cunning and by killing, and carried the word which resulted in rescuing forces being sent to the aid of the famous Lost Battalion, which lay there starving, thirsting, surrounded by the foe, and apparently doomed.

As everyone has known for several days, the battalion, composed almost entirely of New York city lads, and commanded by Maj. Charles W. Whittlesey, a New York lawyer, was saved. But it is brand-new news that a Sunday World man was the one who first told of the outfit's plight.

Lieut. McKeogh, whose home is at No. 62 East 93d street, arrived Wednesday in a group of 30 Pershing officers who have been detailed to service in this country as instructors. He has a slight wound in his right forearm (the result of a pistol duel with a German officer on his way out of the forest, but otherwise is in fine shape.

To one of his old colleagues Mac

## ANAEMIA AND POOR BLOOD

How Mrs. Burnell's Daughter Recovered

Drewsville, N. H.—"My daughter was anemic, had poor blood and suffered from indigestion and bilious attacks. As Vinol had built up my son some time ago, I gave it to my daughter, she soon improved in health, and it has built her up and restored her health."—Mrs. N. Burnell.

The reason Vinol was so successful in Miss Burnell's case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weak, run-down system, make rich red blood and create strength. Liggett's Riker-Jaynes Drug Store, Lowell Pharmacy, Falls & Burkinshaw, F. J. Campbell, and druggists everywhere.—Adv.

P. S.—For rough, scaly skin, try our Saxon Salve. Money back if it fails.

told the following story of his exploit:

Invited to Be "Kamerad"

His regiment, the 308th Infantry, on Sept. 25 took over the front line on the edge of the Forest of Argonne. On the morning of Sept. 26 at dawn the N battalion went over the top and into the forest, their objective being the German "funk-hole line," about a mile and a quarter in. They gained this without much resistance and were ordered to push ahead.

McKeogh was adjutant, and it was his duty to establish "runner-posts," by means of which communication could be maintained between Major Whittlesey and the colonel at headquarters.

This communication was suddenly cut off. A strong attack developed on the left. It was obvious that the Americans were surrounded. There were machine-gun nests on all sides.

"The major gave me 15 or 20 men with grenades to win out what we thought was a single nest on the left," said McKeogh, "but we found there were three nests. The boches heard us coming and shouted over something about 'Kamerad.' I got one of my boys—a little East Side Jew named Hirschowitz (and a wonder, too!) who knew German, to find out if they wanted to surrender. He had a long shouted palaver with them and then reported: 'No, sir. They want us to surrender; they say they've got us surrounded and they want us to do the 'Kamerad' act.' Tell them 'Kamerad, hell!' I instructed Hirschowitz, and he did it with great glee.

Plugged Boche Between Eyes

"We cleaned out what we could of them with grenades, but it was a tough job. Then along about evening another lieutenant with a detail of men joined my party and told me the major said I should take a couple of men, make my way back to headquarters and tell the colonel if I got there, that the battalion was surrounded. I picked out this Hirschowitz and another fellow named Jack Munson, and we started off through the darkness, going by compass. It was a jungle we had to go through and we could make only a few feet at a time, crawling along.

"There were boches all around. Every few yards we would see them or hear them, and it was a miracle we weren't caught.

"At dawn we reached the edge of a little clearing. We heard talk in German, and then saw two boche officers standing together. We were lying down and I rested my automatic on a log and called on them to surrender. But they weren't 'Kamerading.' One of them let go at me and I let fly at him. I aimed at his mouth and plugged him between the eyes. His bullet caught me on the right wrist—just a nick, but enough to give me my wound-strips. The other fellow ran off."

Through the day the lieutenant and

his two men laid low. They started off again that night, but almost immediately ran into a whole company of Germans in "funkholes," which are little dugouts, unconnected with each other. These men were suspicious that something was afoot, and they sent up flares and star shells by the hundred.

"I thought it was all off," said McKeogh. "There was so much light and shooting that I felt sure we'd be caught one way or another. It wasn't long before we ran plumb into another German funk-hole line and a voice called 'Hut du Deutsch?' (Are you German?) I gave the word to the boys to beat it, and they did."

A Melee in a Funk Hole

"I started to run and fell right into a funk-hole on top of two boches. We were all three so amazed that we didn't know what to do. I used the only German words I knew: 'Was ist los?' (which I didn't know until after the fact) 'What's the matter?' and the boche I fell most directly on answered, 'Was ist los?' I was across his shoulder and had my automatic in my hand. I let him have two bullets through the spine and he quivered and went down. The other fellow was facing me and standing up, so I let him have one through the breast. The first fellow sort of quivered again so I let him have a third shot.

"There was an uproar for hours, so I lay where I was until things quieted, then crawled into the brush. A dozen times sentries almost walked over me. At midnight it started to rain, and I could travel more freely. Several hours later I ran into an American sentry who was so startled at seeing me he almost dropped his rifle. I don't wonder. I had blackened my face with mud and camouflaged my head with boughs of trees. I must have been a fine-looking sight. I said to the sentry:

"For God's sake say something to me in American; I haven't heard anything but boche for two days!"

"I reached headquarters about 7.30 and started to report to the colonel. He was eating hot-cakes. The first thing he asked me was, 'When did you eat last?' I told him, 'Two days ago, sir.' He said, 'Sit right down and eat these cakes.' I tried to get my news off my chest, but he made me eat first. Then he set the rescue work in motion."

Lieut. McKeogh's two companions, Hirschowitz and Munson, also beat the Germans away by wriggling and fighting their way through the edge of the wood. McKeogh has recommended them for the Distinguished Service Cross.

"COMPLETE VICTORY IN  
SIGHT," SAYS MILNER

LONDON, Oct. 18.—(Canadian Press)—Lord Milner, British secretary of war, interviewed yesterday by the Evening Standard, said that complete victory was in sight, namely, the destruction of the Prussian military machine.

It was a serious mistake, Lord Milner declared, to imagine that the German people were in love with militarism. When the German people saw

the complete and ignominious defeat of militarism and realized that that system had brought them ruin, he declared, they would be as eager to do away with it as the allies.

Lord Milner said that the utter wreckage of the Prussian military machine might be achieved either by a complete and decisive victory, leading to unconditional surrender, or by an armistice, under such conditions as to guarantee that the military supremacy of the allies should not be weakened.

He regarded the armistice, under such conditions, as certain to be attended by the realization of allied war aims, and was therefore anxious that nothing be done to postpone its accomplishment. He was inclined to think that if the allies, at the present time, attempt to dictate to Germany certain drastic changes in their own government, the resistance of the German armies would be stiffened.

The war minister said that, after all, there must be a German government to negotiate an armistice with and complete transformation was already in progress. There should not be too great a hurry to denounce it as a sham. The present holders of power were responsible to the reichstag and the reichstag is the only popularly elected national assembly in Germany. It was in the interests of the allies

to see that stable government of some sort was maintained in Germany. As reparations had to be obtained, he did not wish to see Bolshevism and chaos rampant there.

## BULGARIANS RAVAGED EASTERN MACEDONIA

ATHENS, Oct. 18.—The devastation and the ravage committed by the Bulgarians in eastern Macedonia have caused the directors of the newspapers of Athens to protest to the world and to invite representatives of the press to visit the ruined area and see conditions for themselves. The declaration of the newspaper directors says: "Full of horror and indignation at the devastation and ravage which the Greek troops and representatives of the Greek press are finding at every step throughout all the occupied sections of eastern Macedonia, where the Bulgarians committed the most atrocious crimes, we protest to the civilized world and ask the press of the world to send representatives to Serres, Drama and Kavala to observe and to see for themselves the brutality and the crimes which have deprived us

of a large number of the Greek population which has succumbed as martyrs of suffering.

"If this war has liberty and virtue for its supreme ideals, the punishment alone of the guilty does not suffice for us; the deliverance of all human beings who in Thrace and Asia Minor have suffered under this shameful yoke, and who risked being abandoned to the claws of such savage animals, is absolutely essential."

\$200,000 LOSS

## Big Catholic Church in Pawtucket, R. I., Burned

PAWTUCKET, R. I., Oct. 18.—St. Jean de Baptiste church, one of the largest Catholic churches in northern Rhode Island, was destroyed by fire yesterday. The loss is estimated at \$200,000. Several residences in the immediate vicinity were set on fire by sparks, but the blaze in each case was extinguished without damage.

Engines from Providence and Central Falls were sent here and helped confine the fire to the church. Nothing is left of that edifice but the four walls.

## Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 6th St., N. E., Canton, Ohio.

Every Sick Woman Should Try

### WAS WELL KNOWN HERE

Lieut. Thomas C. Carver, Worcester Lawyer, Dies at Jacksonville, Fla.

WORCESTER, Oct. 18.—Lieut. Thos. C. Carver of the quartermaster's department at Camp Johnston, Jacksonville, ex-deputy grand knight of Alhambra council, K. of C., and prominent Worcester attorney, died Wednesday night, according to a message received here yesterday. Lieut. Carver was graduated from Classical high school and Holy Cross college in 1909. He studied law at Harvard and at Georgetown, teaching chemistry at

Georgetown while completing his course there. He was admitted to the bar in 1914. He was drafted in September, 1917. While at Camp Devens he was commissioned a lieutenant and sent to Camp Johnston. He is survived by one brother, William J. of New York, and two sisters, Mrs. James J. Nolan and Miss Elizabeth W. Carver of Worcester. The body will be brought here for burial.

#### Well Known Here

Lieut. Carver is well and favorably known in this city and visited here frequently. He was a classmate at Holy Cross college of Joseph G. Pyne of the high school faculty and those who knew the young lieutenant esteemed him highly as a young man of sterling qualities. At Camp Devens he was attached to the 24th company, Depot Brigade, under Capt. Anthony and later recommended for a commission. He was a close friend of Lieut. Richard D. Donoghue of this city, both having served as privates in the same company at Devens and subsequently being recommended for the officers' school at Jacksonville, Fla., where they spent many happy hours in and out of the training school.

### RHEUMATISM

The Way to Get Rid of It Is to Remove the Cause.

The fact that rheumatism depends on an excess of uric acid in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain, is well established. This excess is due to some defect in the processes of digestion and absorption, and to torpidity or sluggishness of the liver, kidneys and skin. Hood's Sarsaparilla is very successful in the treatment of rheumatism because it acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and builds up the whole system. Get rid of rheumatic pains and aches by taking this good medicine.

### NOT TO TAX SALARY OF THE PRESIDENT

WASHINGTON, Oct. 18.—The senate finance committee in revising the war revenue bill yesterday, struck out house provisions taxing the salaries of the president, members of the supreme court and state officials. The committee also rejected house provisions taxing state and municipal bonds.

The committee held that such imposts would be unconstitutional, Chairman Simmons announced.

Senator Simmons announced last night that the house provisions taxing the salaries of military and naval officers so as to differentiate between officers holding clerical jobs at home and those in actual service.

Discussion of the surtax section which the committee had planned to take up today was deferred owing to the absence of Senator La Follette, who was called away by the death of a relative.

### WILL SEE WAR TO FINISH, SAYS ROOSEVELT

PROVIDENCE, R. I., Oct. 18.—"We are going to see this war to a finish if it takes three years more, our bed-rock dollars and the last man," declared Theodore Roosevelt last night at a Liberty loan rally at which he and "Billy" Sunday, the evangelist, were the principal speakers.

Continuing he said: "We will accept no peace save the peace that follows unconditional surrender and we will get that peace with the machine gun and not with the typewriter. Germany needn't bother about terms. She isn't going to be consulted. We will settle on terms with our allies. Germany's part will be limited to saying 'Yes sir.'"

Colonel Roosevelt as an after-the-war measure advocated free night schools to teach English and recommended that if the foreign born after five years "has not learned, then send him home. We can't afford to have this country grow up as a polyglot boarding house."

Colonel Roosevelt appealed to the man of moderate means to subscribe to Liberty bonds.

Mr. Sunday made the bond sales and \$107,900 was subscribed in the first 10 minutes.

### JEWISH PEOPLE WANT TO BE ADMITTED INTO LEAGUE OF NATIONS

PARIS, Thursday, Oct. 17.—(Havas)—A great mass meeting of Jews was held at Vienna on Oct. 14, and a resolution was passed asking that the League of Nations be admitted into the League of Nations with rights equal to those of other nationalities, according to advice received here. The Jews also asked that they be represented at the peace conference.

It was pointed out that the large number of Jews in Austria entitled members of that race to consideration in the formation of Austrian federal states, which had been suggested in official circles.

### SALE OF GERMAN PLANTS

German Government Sends Protest to State Department at Washington

WASHINGTON, Oct. 18.—A protest against business concerns, ships and other property by Alien Property Custodian Palmer has been made by the German government to the state department. The note transmitted through the Swiss legation and made public last night declares the sale of German-owned property in this country is "consciously aimed to do lasting injury to German economic existence."

Referring specifically to the proposed sale of the property in New Jersey of the North German Lloyd and Hamburg American steamship lines, the note says it is an endeavor "to shackle through measures of force the opportunities of German shipping interests to develop in the future."

The German government concludes by saying: "It cannot but be guided in the enforcement of the retaliatory

orders that have been issued against American property in Germany, by the manner in which the United States of America will proceed against German property."

Mr. Palmer revealed in this connection that Germany has flatly refused to give the American government information as to the treatment being accorded American property in Germany, although full information regarding treatment of German-owned property in this country has been sent to Berlin through the Spanish government.

Plans for Americanization by sale to American citizens of German-made property valued at about \$300,000,000 have been prepared, and Mr. Palmer declared last night they would be carried out as soon as possible. Mr. Palmer stated it was not his present intention to sell securities which are the private investment of individual Germans, but only those which form more important ownership in American industries of German banking and industrial interests.

The total value of enemy-owned property taken over by the alien property custodian to date is between \$700,000,000 and \$800,000,000. Unofficial reports place the value of American-owned property taken over by the German government at \$14,000,000.

British subjects at Addis Ababa, capital of Abyssinia, who number 300,

with only 12 Europeans, have sent \$10,000 to the headquarters of the Overseas club and Patriotic League in London.

### 16 MORE INDUSTRIES MUST CURTAIL PRODUCTION TO SAVE FUEL, LABOR, ETC.

WASHINGTON, Oct. 18.—Sixteen industries were added yesterday by the war industries board to the list of those

which must curtail production to save fuel, labor, capital, material and transportation for essential war work. The products affected include electric fans, safes and vaults, pottery, padlock, builders' hardware, sporting arms and ammunition, cash registers, talking machine needles, silk fabrics and the like and bottles and glass jars.

# ON TO BRUSSELS

Road Opened by Capture of Lille, Douai and Ostend, by Allies Yesterday

Most Glorious Day for Allies Since Battle of Marne—Move on Ghent

PARIS, Oct. 18.—Lille, Douai and Ostend, three great cities, have been delivered from the enemy. This is the most glorious day for the allies since the battle of the Marne and it fittingly terminates a wonderful battle of three months, which was opened by Gen. Mangin's victorious counter-offensive on July 18.

Many cities have been liberated and hundreds of square miles of territory re-taken. The results have been splendid. But the victory in Belgium is not all. The British, south of Le Cateau have broken into the German positions and now threaten the Hunting line. The whole German defense system eastward to the Meuse is in peril. The road to Brussels is open. According to latest advices the French and Belgian armies are advancing rapidly towards Bruges and Ghent. The capture of Ostend made it possible to land reinforcements and throw powerful forces against the extreme right of the German army.

Georges Leygues, minister of marine, has received a report from the French commander-in-chief in the North Sea that parties from British and French warships cruising off Ostend entered that city, together with troops coming from the south without opposition from the Germans. The Tirpitz battery at Ostend was captured, the enemy not having been able to move back the enormous quantity of materials stored there.

Gen. von Arnim's army is no longer strong enough to sustain operations on the extended front from the French to the Dutch frontier. It is, therefore, reasonable to expect that its march across Belgium will be rapid and that King Albert will re-enter his capital earlier than was hoped.

At the very moment that Flanders was won, another offensive was started in the direction of Hiron and Vervins, by Anglo-American and French forces. The object is to take the armies of the crown prince, under shelter of the Hunting line, on the flank, and condemn them to an early retreat towards the Ardennes across the front of the powerful allied right wing.

The way back to Germany lies through two bottle necks separated by the Ardennes—one between Liege and Dinant and the other between Montmedy and Verdun. The latter is already practically blocked.

While it may be admitted that the Germans are fighting well and conducting their retreat with great skill, sober military opinion here is that the great German military machine is in danger of collapse at no very distant date.

great stretches to the north and northeast. The hill is, in fact, the final one of three key positions, all of which have been bitterly defended. The first was Mamelle trench outside of Romagne, which when won, gave access to the equally vital Dame Marie, and that

# SPANISH INFLUENZA

What It Is and How It Should Be Treated

This disease, authorities now agree, is simply the old fashioned grip that was epidemic in 1889-90. Then it came from Russia by way of France and was given the French name of la grippe. This time it comes by way of Spain.

Spanish influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this century has had five epidemics, the last in 1859-90.

**THE SYMPTOMS**  
Grip, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, and some sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

**THE TREATMENT**  
Go to bed at the first symptoms, take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza, and will throw off the attack if only you conserve your strength. A little quinine, aspirin or Dover's Powders may be given by the physician's directions to allay the aching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days before after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

**EXTERNAL APPLICATIONS**  
In order to stimulate the lining of the air passages to throw off the grip germs, it is important that the patient loosen the air passages open, thus making the breathing easier. Vick's VapoRub will prove most effective. Hot wet towels should be applied to the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is spread out and the pores are covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as long as the patient is in bed. The ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medicine directly to the infected. At the same time, Vapo-

Rub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

**NO OCCASION FOR PANIC**  
There is no occasion for panic—Influenza or grip has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising from attacking principally patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

**HOW TO AVOID THE DISEASE**  
Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. But avoid persons having colds, which means avoiding crowds—common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

**KEEP FREE FROM COLDS.**  
Above all, avoid colds, as colds irritate the lining of the air passages and thus lead to much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea kettle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time, keep the kettle just slowly boiling and inhale the steam arising.

**NOTE:** Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine in a simple form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cinnamon, and others. The result is a safe and effective remedy for all forms of cold troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's group or colds, as it is externally applied and can, therefore, be used freely without the slightest harmful effects.

position in turn gave access to Chateillon. From the latter position the great mass of German defensive positions to the northwest can also be controlled and the line can be exploited further without organized attack, because each position is on a sloping hill that can be swept with an enfilading fire.

**IPK. MONTENEGRO IS CAPTURED BY FRENCH**  
LONDON, Oct. 18.—Serbian troops engaged in ousting the Germans and Austrians from Serbian territory have captured Krushevat, according to advices received in London. This town is 30 miles northwest of Nish.

The French, operating to the west, have captured Ipek, Montenegro, about 10 miles west of the Serbian border. The French have captured Pivovara on the Nish-Sofia railroad, 12 miles from the Bulgarian border. The Serbians took Alexina on the Morava river, 15 miles northeast of Nish, and captured 32 guns in the recent fighting.

A Paris statement issued before the capture of Ipek was announced said: "The allied forces continue to advance into Northern Serbia. Serbian troops have taken the massif of Veliki lastrebatz and have reached the Morava river at Grenotac and Rujinar, 20 kilometers north of Nish. They have captured a number of prisoners and guns. More to the west the French and Greek forces have occupied Kusumkye. "The enemy has evacuated Diakova and is retreating toward Npek."

**BRITISH AND AMERICANS IN POWERFUL ATTACK**  
WITH THE BRITISH ARMIES IN FRANCE, Thursday, Oct. 17.—(By The Associated Press, 10.30 p. m.)—Considerable opposition has been met by the British in the region southwest of Douai but this fighting died down some hours ago. In the Lille area, allied troops have reached Roncq.

A new crossing of the Lys has been effected south of Wulverghem. There was little opposition north and south of Lille as the British moved ahead today.

The Fourth British Army launched a powerful attack from Le Cateau southward this morning. American contingents are participating in the fighting. First reports indicate excellent progress made everywhere against the desperately fighting Germans, who are being driven back toward the Oise. The Selle river has been crossed at St. Benin and the station has been captured. At last reports the allies were well east of the river and still advancing.

**KING AND QUEEN OF BELGIUM ENTER OSTEND**  
PARIS, Oct. 18.—King Albert of Belgium and Queen Elizabeth entered Ostend yesterday afternoon.

**SOLDIER LEADS POLICE MERRY CHASE**

Just because he could not produce a pass properly signed, Private Harry Beauville of Camp Devens was arrested in this city last evening by two members of the military police and was taken back to camp, where he will be dealt with by the military authorities. The arrest of Beauville, however, was not effected without trouble, for the soldier refused to be escorted to the camp by the officers and a will chase followed. Shortly after 8.30 o'clock last eve-

ning Beauville was engaged in a very earnest conversation with two sailors at Tower's corner, when two M. P.s approached him and asked him to show his pass. The soldier produced a piece of paper, which by the way, was not properly signed and after handing the paper to one of the officers, he started on a run across Gorham street into Central street with the two M. P.s following. Patrolman J. H. Clark, who was nearby, joined in the chase as did a crowd of civilians. The soldier was finally apprehended in Hurd street and taken back to the camp.

# Nervous Dyspepsia

An Augusta Woman Tells What the Tonic Treatment with Dr. Williams' Pink Pills Did for Her

The processes of digestion are controlled by the blood and nerves. That is why the tonic treatment, by which the blood is built up, has corrected so many cases of stubborn stomach trouble.

Many people are suffering daily from stomach trouble because they cling to old-fashioned methods, eat predigested foods, and in other ways aggravate the disorder they seek to overcome.

There can be no permanent relief in stomach trouble until the digestive organs are toned up to do the work that nature intended for them. The only way that this can be done is through the blood, which plays such an important part in the work of digestion.

"I am in better health now than I have been in years and I give the credit to Dr. Williams' Pink Pills," is the statement of Mrs. Caroline Roulin, of No. 20 Kendall street, Augusta, Me.

"Overwork caused me to become very nervous and weak. I lost my appetite, had sour stomach and often belched gas. The pain in my head was so intense that it hurt me to speak and a pain in the lower part of my back caused me much distress. My heart became affected and palpitated badly. I lost rest, became very thin and had dizzy spells when I would see black spots before my eyes."

"An article in a newspaper brought Dr. Williams' Pink Pills to my attention and a trial of one box gave me relief. I slept better and my stomach was in a better condition. I took four boxes in all and my health is very good now. The pains in my head and back are completely gone and I am much stronger. Dr. Williams' Pink Pills will have my recommendation."

The first thing to do when threatened with nervous trouble is to stop the cause of it, if possible, whether it is irregular living, worry, or whatever it may be. Then the nerves must be given special nourishment and the blood must be kept pure and rich. This is the mission of Dr. Williams' Pink Pills and this is why the pills have been used with such great success in nervous trouble that did not yield to ordinary methods of treatment.

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.00 for six boxes. Write for a free copy of our diet book—Adv.

## ENTRY INTO LILLE

Whole City a Delirium of  
Joy as Victorious Allied  
Troops Arrive

Eye Witness Describes What  
He Terms Most Touching  
Spectacle of His Life

PARIS, Oct. 18.—"I have just witnessed the most touching spectacle of my life. The whole city, in a delirium of joy, was ready to throw itself upon us, the first to enter Lille." telegraphs the war correspondent of the Petit Journal, from that city.

"Tonight at 9 o'clock, near Armentières an officer shouted to us 'Lille is taken!' We sped our automobile on the road of victory. Two miles from Lille, two young girls ran out in front of our auto crying amid sobs of joy: They have gone, they have gone. Vivent les Anglais! Vive la France!"

"We went a little farther and then a huge shell hole obliged us to abandon our machine and proceed on foot. Two more girls, who had run out of the city to meet their deliverers, sooner, cried while tears streamed down their cheeks: 'They won't come.'"

"A hack appeared and we got in, but a crowd, every member of which was weeping, seized the man climbed on our shoulder. Another shouted to us: 'My name is Guiselin, I am city councillor. The Germans offered me a million to betray my country. The cowards, the cowards!' And then he burst into sobbing."

"Carried by the crowd, we arrived at the city hall. Deputy Mayor Baudouin stood at the door. When we entered everyone rushed to embrace us. An old man with white hair, stood with a violin at the top of the grand staircase and played the 'Marseillaise.' Outside the crowd seethed like a sea. We were the first messengers from the motherland."

"Speak, speak to us," they cried. We opened the windows and told of our victory. A shout went up that filled the city. We told of the Bulgarian capitulation. Again the cheers rang out. We told of the Turkish promise to quit the war, and again the crowd cheered. Then we told them that President Wilson had refused to grant an armistice and demanded Emperor William's head. The crowd in a frenzy tossed everything it could lay hands on into the air."

"At the Prefecture the acting prefect, M. Tegnier, embraced us and there was a fresh outburst of cheering from the crowd. It was for Mayor Delsalle and for his son, a French officer of the Legion of Honor, and wearing the war cross. This officer, an aviator, heard at 11 o'clock that the city had been freed. He leaped into his machine, flew quickly to Lille and landed in the Place de Theatre. Alighting, he rushed home to his father."

"This was the first French uniform the liberated citizens had seen and the sight of it increased their delirium of joy."

"There remain 120,000 inhabitants in Lille. The Germans had carried off all the male population more than 14 years of age. The city is not greatly damaged, and the public buildings are intact."

"When news of the deliverance of Lille came to Paris, flags were hung out on all sides and a crowd of refugees from the Lille region paraded to the Lille statue in the Place de la Concorde, where they sang the Marseillaise and decorated the statue with allied flags."

"Numbers of refugees waited most of the day Thursday at the offices of the committee in charge of the refugees of the department of the Nord on the chance that news of the evacuation of Lille would be received. When a messenger arrived with the glad tidings, tears came into the eyes of the refugees."

"At most of the theatres the managers announced the news to the audiences which arose and sang the Marseillaise."

## GERMAN BANKER HELD

Henry Upmann, One of the  
Richest Men in Cuba, Held  
Incommunicado

HAVANA, Cuba, Thursday, Oct. 17.—Henry Upmann, prominent German banker of Havana, resident of the German club and one of the richest men in Cuba, is being held incommunicado in his residence in connection with the general rounding up by the Cuban secret service department of enemy subjects whose names have figured with the trading-with-the-enemy blacklists.

Two maps of the western front, an autograph letter from the German kaiser and caricatures of the Belgian king are said to have been found in Upmann's residence.

TO PROVIDE FARMS FOR  
AMERICAN SOLDIERS

KANSAS CITY, Mo., Oct. 18.—A nation-wide movement to provide farms for the victorious American soldiers on their return from the battlefields is endorsed by Franklin K. Lane, secretary of the interior, in a telegram to the international farm congress, which has adjourned on account of influenza.

After referring to the "far-reaching value and effect of the plan for making farms for returned soldiers," the telegram continues:

"I shall look to your congress in the hope that you who are pioneers in reclamation work will give your approval to this new and greater adventure."

"The boys in France are thinking of two things—Berlin and home. They are determined to pass to the latter through the former. We want a guaranteed peace and when our boys return we should have a job for each one. He can make his own home out of our unused lands."

# Buy Your Fall and Winter Clothes and Furnish Your Home Comfortably

At the store where low prices are kept down in times of war by a fixed policy of fair pricing that keeps Chalifoux Profits 10% to 15% lower than the average store asks. It's the profit a store asks that regulates prices. No store has any great buying advantage over another. We have the advantage, if there is one, and that is the advantage of discounts due to our cash buying. But it's the profit that makes prices high, moderate or low, and our prices are low. Chalifoux Values always uphold this declaration.

## Men's Overcoats \$10 to \$48

### COURT DISSOLVES THE PERRY INJUNCTION

BOSTON, Oct. 18.—According to a despatch received last night from Cleveland, the common pleas court in that city yesterday dissolved the injunction barring the Braves, the National league and the national commission from interfering with Scott

### Celery King When Feverish

Don't make the mistake of bothering with uncertain remedies for Celery King, a purely vegetable formula, made into a palatable tea, is nature's best remedy for constipation, upset stomach, coated tongue and sick headache. It's the same old remedy that thousands swear by and costs only a few cents for a generous package. Take it freely and give it to the little ones when cross and feverish.

Perry's retention by the Athletics. The injunction was granted Manager Mack of the A's last June after the national commission had awarded Perry to the Braves, this action causing a threat of civil war in organized baseball.

Settlement of the case out of court, according to attorneys' statements in Cleveland yesterday, was responsible for the dismissal of the injunction.

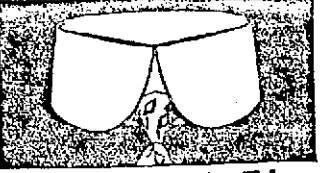

On the face of it the Braves won a delayed victory. Business Manager Haggood of the Braves said last night that the club had received no notice of a settlement, and he assumed that the club's attorneys would be cognizant of any such action. He did say, however, that the Braves, in August, made a proposition for a settlement with the A's which was agreeable to all parties involved, but that the A's then refused to go through with the settlement.

"The Boston club," he said, "has not been notified officially that the Philadelphia club has agreed to a settlement of the Scott Perry case out of court. The Boston club agreed to withdraw the case on the payment by the Athletics to the Braves of \$2500, the American league waiver price."

French papers endorse British "town for a town" slogan, urging destruction of German towns, cathedral and historic place for every such crime in France and Belgium.

### K. OF C. GIVE \$2000 TO MADAME FOCH

NEW YORK, Oct. 18.—The gift of \$2000 by the Knights of Columbus to Madame Foch, wife of the marshal, for the fund for widows and orphans of French soldiers, was announced yesterday by James A. Flaherty, supreme knight of the organization.

### U-BOAT SINKINGS

Records of June, July and August Show Fall in Allied Shipping Sunk

Steady Rise in Number of Submarines Destroyed—Great Work by Convoy

AMERICAN NAVAL BASE, France, Oct. 10.—(Correspondence of the Associated Press.)—The record of submarine activity for June, July and August, the period most favorable to submarines, is now practically made up, and shows a steady fall in the allied shipping sunk, and a steady rise in the submarines destroyed.

**Every Soldier Landed**  
Not one of the in-coming troopships was lost in this period and every soldier was landed. Such losses as have occurred, have been on out-going ships, mainly freighters going back with little or no cargo.

The American naval convoy service has borne the brunt of this protection. In the Mediterranean, five allied navies are co-operating in the protective service, French, British, American, Italian and Japanese. There on the Atlantic coast, however, the French and American fleets furnish the convoys and protective service, and along 300 miles of the front the American service has a foremost part, particularly in the huge movement of troops and supplies from America.

**263,000 Tons Lost in Summer**  
The record of tonnage losses for the summer will close around 263,000 tons, or about 50,000 tons less than the monthly losses at the opening of the year, and 100,000 tons less than the losses in March. In January the losses stood at about 300,000 tons. They mounted steadily through February and March, until the March total was around 260,000 tons. Then a sudden drop began, and in April the losses were down to 250,000. Again they mounted slightly in May to 250,000. Then there was another fall to 240,000 tons. In July, they stood at 260,000, and this has been the level to the close of the summer.

The percentage of losses on the Atlantic route since the convoy system began, May 25 last, is less than that on any other route. In the Mediterranean the percentage of losses is about 1½ per cent, and on one exposed route, it runs up to 18 per cent. But on the Atlantic route, where the American convoy is chiefly concerned, the percentage of losses is around 1 per cent.

**Many Submarines Destroyed**  
As to the loss of submarines, the one fact known definitely is that they are being destroyed faster than they are being built. But there are not the same exact data as to the fluctuations of losses, as these are carefully concealed by the enemy, and the loss of an under-water craft is much less apparent than one on the surface. But a pretty accurate check is kept on those which disappear, and the new ones taking their place.

Among the new ones are the U-125, U-141 and U-142, built at the Germania Krupp yards at Kiel. They have a length of about 315 feet, with 16 knot speed on the surface and nine knots under water. They mount four guns and two machine guns, and have four 500-centimetre torpedo tubes, two forward and two aft.

But the appearance of the new boats in no way keeps pace with the loss of the old ones, which are crippled or sunk, or mysteriously disappear leaving hardly a trace as the depth bombs do their deadly underwater work.

### SEEKING RELATIVES OF GEORGE GIBBS

Medical Examiner Smith has made a personal request that The Sun through its news columns, ask that any person or persons in this community having any information whatsoever connected with the late George Gibbs, 60 years old and formerly living at 491 Lawrence st., should immediately get in touch with the medical examiner's office.

Gibbs was employed as a stationary engineer for a contractor doing some work at West Chelmsford in connection with railroad improvements. He fell from a ladder while at his work Oct. 16, and was removed in an unconscious condition to St. John's hospital where he died the next morning. It

was found his death resulted from a fracture at the base of his skull.

The medical examiner has taken much pains to trace Mr. Gibbs. Nothing to help in this matter has been found, either on his person or among his effects in his room. He carried a license as stationary engineer which he evidently received when working for some contractor at Webster, Mass. The body of Mr. Gibbs is now at O'Connell and Ray's undertaking rooms where it can remain 10 days. Mr. Gibbs is spoken of by his employer as a man of excellent habits, and any person having information of a character likely to assist in learning the whereabouts of Mr. Gibbs' living relatives will be doing a very great kindness if they will turn over their information to Dr. Smith.

A. R. Martin of Padon City, W. Va., has had a picture of the Kaiser tattooed on his back removed by a surgeon.

### BREWING MUST CEASE

Not Even the So-Called Kruezen or New Beer Can Be Brewed After Dec. 1

WASHINGTON, Oct. 18.—Not even the so-called Kruezen or new beer for carbonizing old beer can be brewed after Dec. 1, under a ruling announced today by Food Administrator Hoover and Fuel Administrator Garfield. Brewers had asked that they be allowed to brew new beer for this purpose after the date fixed by the president for all brewing to cease. If necessary to use up the malt and other material on hand brewers may

use as much of their fuel allotment as they choose between now and Dec. 1, it is announced. But for the purpose of refrigeration after Dec. 1, it is considered that the allotment of fuel under the order of last July is sufficient.

## Newark Shoe for Women

The Hit of the Fall Season!

FANCY buying a shoe of such classic beauty and downright quality for \$5.00!

See them and you won't be a minute making up your mind to buy a pair! To pay \$8 and \$10 for shoes is foolish, when you can get such rich and smart creations here for \$5.00. The magnitude of our business—297 stores in 97 cities—is the reason WHY we can sell such wonderful shoes at only \$5.00. See them TOMORROW!

Burgundy Brown Calf; military heel; a boot of classic beauty and quality for \$5.00

For Men!  
—125 New Styles in Newark Shoes just received. See them!

## Newark Shoe Stores Co.

5 CENTRAL ST., Near Merrimack St.

Open Monday and Saturday Evenings Until 10 O'Clock

297 Stores in 97 Cities

All of Our  
\$19.75, \$22.50 and \$25.00

## COATS

—AT—

# \$17.75

—A big coat special for tomorrow.

—Handsome winter coats of high grade velours and serviceable pom-poms. We offer the following groups in this sale tomorrow: Three coats formerly priced \$19.75; fourteen coats formerly priced \$22.50; eleven coats formerly priced \$25.00. The entire assortment goes on sale tomorrow at \$17.75. Many of the coats have kit money and plush collars, and are full satin lined. Colors include Pekin, reindeer, brown burgundy, taupe, etc.

—Remember, early shoppers get best selections.

## Suits

—AT—

# \$44.50

—26 stunning new models, the smartest garments that have been shown in town this season, go on sale tomorrow at \$44.50.

—Such an offer as this at the very beginning of the season would be unheard of in most stores, but it is in keeping with our policy of always offering something unusual each week.

—There are ten suits that were formerly priced at \$54.50, and sixteen suits that were formerly priced at \$59.50. Both groups are to be included at this special price of \$44.50, for Saturday only.

# THE JAMES CO

MERRIMACK STREET, COR. OF PALMER

## This Store Doesn't Camouflage Values

OUR OFFER OF \$50.00 REWARD TO ANYONE PROVING A MISSTATEMENT OF FACTS

—Our customers are never given to understand that they are to expect one thing and then find something radically different when they arrive at the store.

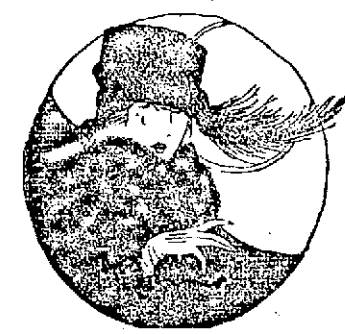

—Nor do we quote "mythical" values, and "should be worth such and such a price," nor any one of the hundred and one things that some merchants resort to to get customers into their stores.

—Never any camouflaging here.

—Always straight facts told in a straight-forward manner.

—If we tell you that we are reducing the price of a garment or a number of garments, you can be sure that it is so.

—This store has the reputation of never misrepresenting things. It has required courage, in the face of the fraudulent statements of some unscrupulous competitors, to maintain this reputation. But we have, and we will continue to hew to the line of honesty in our advertising because we want you to continue to believe our printed word in our advertising is still in effect. It always will be. We invite other good merchants to join us in this. It will help to build up a waning confidence in advertising that can be directly traced to irresponsible merchants whose only thought has been to fool the public.

WITH RESTRICTIONS OUR ENTIRE ASSORTMENT OF

\$4.95, \$5.95 and \$6.75

## Trimmed and Ready-to-Wear Hats

ON SALE SATURDAY AT

# \$3.00

—Dozens of new and becoming styles in the season's most becoming shapes and fancies go on sale tomorrow at \$3.00.

—Included at this low price are close fitting, medium and large hats.

—Many are of Cardinal and Lyons velvet, becomingly trimmed with ribbon fancies, stick-ups and fur in various ways.

—Remember, you have unrestricted choice of our entire line of trimmed and ready-to-wear hats that, until this sale, have been priced at \$4.95, \$5.95 and \$6.75.

—Be here early Saturday for best selection.

A SALE OF  
\$32.50 to \$37.50  
**Jersey Dresses**

—AT—

# \$24

—Into this assortment goes almost our entire lot of better Jersey Dresses—51 in all—in the very style conceptions to which this popular fabric has been subject and in every desirable shade.

—Because the quantity is limited we think it advisable to urge your early attendance.

—Remember, you save from \$8.50 to \$13.50 on each garment.

—This special price in effect for one day only, Saturday.

A SALE OF  
\$22.50 Skirts \$17.00  
\$14.50 Skirts \$9.75  
\$10.75 Skirts \$5.50

—Briefly, the headlines tell the story of the unusual skirt bargains for tomorrow. Included in the three lots are new worsted plaids in box plaited styles; navy and black serge skirts, and black silk poplin skirts with tunic and fringe trimming.

## Letters From Lowell Soldiers

Private John Catterall, who is now overseas with a Canadian unit, has been severely wounded, according to a letter received by his parents, Mr. and Mrs. John T. Catterall of 357 Lakeview avenue. Private Catterall was in a hospital in Birmingham, England, when he wrote the letter, Sept. 18.

Dear Mother and Father: I write you these few lines to let you know how I am getting along. I landed in England on Sept. 9 and am getting along fine. I was wounded through the left side. It did not hit the bone and is healing up in great shape. I have no pain.

I was out on an advance machine gun post about three-quarters of a mile from our front line trenches and

there were German snipers all around. So our officer directed us to a nearby ridge and we started on the run.

A fellow by the name of James Brown, formerly an inspector in the wave room in the Boot mills and who said he knew you well, was just behind me and suddenly he cried, "Jack, I'm wounded!" I looked around and he had his left hand on his groin. I don't know whether he was hit in the hand or the groin; I told him to lie in a shell-hole and wait for a stretcher-bearer. I kept on going. About a minute later I got it; I thought I had been hit with a baseball bat. I dropped and rolled into a shell-hole and waited for a stretcher-bearer. Finally one came and dressed my wound. I told him where Jim was and he went over to dress his wound. He said he would be

back and that they would carry me out. Perhaps he was killed for I never saw him nor Jim afterwards.

On Monday, Sept. 2, from 8 o'clock in the morning all through the night until the next morning I lay there in a shell-hole. The next morning our barrage opened up and our battalion, and in a little while German prisoners were coming in. Two of them helped me out to a dressing station and then four of them carried me on a stretcher to a clearing station, and from there

PRIVATE JOHN CATTERALL

to the nearest hospital where they fixed me up. That night I was put on a bed Cross train and it took eighteen hours to get to General British Expeditionary Forces hospital No. 3, where they performed an operation on me. It was awful cold lying in the shell-hole and when daylight came I could see the grass on the edge of the hole being cut by machine gun fire. I was thinking of crawling out many a time during the night, but if I had I might be dead now.

I have been in two different parts of the front in the month of August.

Joseph Cheneard, one of the best little wrestlers in Maine, was killed Aug. 9 at the front. We enlisted together and went on a furlough together and had a good time. Our battalion has always reached its objective. It is known as the Fighting Fifth. I belong to Co. B, 7th Battalion, 2nd Machine Gun section. Well, I have not much more to tell you except that it will be at least six months before I get back to my battalion. I will get a ten days' sick leave when I get back to the reserve battalion at Bramshott and a six days' furlough before I go to France. I hope that all the folks are in good health.

Your loving son,  
JOHN CATTERALL

## FIGHTING THE INFLUENZA

35 Portable Hospitals Similar to Those in War Zone, Established in Washington

WASHINGTON, Oct. 18.—Twenty-five portable hospitals, similar to those used by the American Expeditionary Forces in France, were established in Washington today to care for influenza patients, for many of whom facilities are not available at the city and private hospitals. The war department will provide nurses and detail soldiers to act as orderlies.

Only in cases of absolute necessity will additional war workers be brought to Washington until the epidemic is under control.

## NOTHING TO THE DEVENS BOOZE STORY

CAMP DEVENS, Oct. 18.—Letters from temperance organizations, clergymen and politicians have reached camp lately, the result of stories circulated that whiskey was used here as a preventative against grippie. According to the report, booze was being used wholesale.

This story is without foundation. Whiskey is a preventative doesn't stand kaiser high with the medical authorities, and was only used in critical cases of pneumonia where the patient had been an habitual drinker. In comparison with other stimulating drugs, whiskey was used but little during the grippie epidemic. Representatives of wholesale liquor firms, who have been coming to camp as a result of the story, have found that out too.

## ONE KILLED, 30 INJURED IN CRASH ON CROSSING

BUTLER, Pa., Oct. 18.—Of 33 men on their way to work in an omnibus today, one was killed and 30 were seriously injured and the other two slightly hurt when a train on the Susquehanna and New York railroad crashed into the vehicle. The workmen are employees of the Haskell Powder Works at Haskell, N. J.

## News From Camp Devens

### BASE HOSPITAL ATTACHE TRIED FOR SUPPLYING SOLDIERS WITH DRUGS

CAMP DEVENS, Oct. 18.—Otto A. Sears, 26, whose home is in Canada, attached to the base hospital, was tried by general court martial yesterday for selling or giving drugs to men in uniform. It was charged that on Aug. 13 he furnished drugs to Walter Shaw, colored, of Tampa, Fla., and on Aug. 15 sold drugs to another soldier.

Maj. George W. Edgerly was president of the court; Lieut. Harold Reed, counsel for the defense, and Lieut. Harold R. Govey of Pittsfield, judge advocate.

This traffic in drugs was uncovered by the intelligence department. Special Agent Pond of the department of justice said the case had been brought to his attention by the military authorities, who had reason to believe drugs were being used in the camp.

Shaw and another soldier went to the base hospital with an agent of the department of justice. Shaw obtained four morphine tablets. The department of justice man kept his to

have it analyzed. The following day, the agent and Shaw obtained five tablets, a syringe and a hypodermic needle for two silver half dollars.

### Enters Sweeping Denial

Sears, who testified, denied having sold anything to Shaw. Sears was formerly employed at hospitals in Mattapan, Westboro and Northboro. Conn. Shaw testified that he had been a drug user for 16 years. The findings of the court will not be made public until reviewed by the proper authorities.

Camp Devens is athrob with enthusiasm as the Liberty loan campaign draws to a close. The men are out to whip Camp Lee, which stands first on the list of 33 camps in the country.

Up to midnight of Oct. 14 the standing of the first eight camps was as follows: Camp Lee, \$600,000; Camp Devens, \$495,000; Camp Gordon, \$480,000; Camp Hancock, \$475,000; Camp Jackson, \$398,000; Camp Dix, \$380,000; Camp Humphreys, \$350,000, and Camp Sheridan, \$347,000. The whole 33

camps have subscribed close to \$10,000,000.

Here is the way these men are coming through: One private, who stipulated that his name should not be given out contributed \$30,000 yesterday. One lieutenant, however, who has nothing but his salary—\$166 a month—took out a \$1000 bond, and hereafter \$100 a month will be deducted from his salary. He will have to buy his uniforms, pay his mess charge and other sundries out of the remaining \$66.

In commenting on the situation here, Maj. Barratt O'Hara, Liberty loan officer, yesterday said:

"We are nearing our first objective of a 100 per cent officers' subscription. A number of organizations again went over the top yesterday. Officers who have already sent in their pay vouchers for October may still make out the allotment blanks, as prescribed, and double the deduction from the November pay."

The campaign closes at midnight tomorrow, Oct. 19. It is the zero hour all along the line. Four in the subscriptions as our comrades across the seas are pouring in the bullets. Found that line!"

It is Lieut. Col. Philip S. Stoll now. The promotion came to "Major" Stoll yesterday. Col. Stoll is well known in Boston. Here he is division judge advocate. In Boston, where he was stationed for 10 months, he was assistant judge advocate of the northeastern department from Oct. 5, 1917, to March 16, 1918, and judge advocate from March 16 to July 30, when he came here. Col. Stoll's home is at Kingsree, S. C., where for 10 years he was prosecuting attorney.

There was but one death reported yesterday, that of Sergt. Edward Fitzgerald of 84 First avenue, Albany, N. Y.

At the Y.M.C.A. auditorium last night a big crowd turned out to see the boxing bouts between Camp Devens fighters and a delegation from the naval training station at Hingham.

### NO. CHELMSFORD MAN, MEMBER OF BRITISH FLYING CORPS, HOME ON FURLOUGH

Capt. Henry Elliott of the British flying corps is enjoying a three weeks' furlough at his home in North Chelmsford after serving overseas for a number of years.

Capt. Elliott's rapid promotion from private to captain with the British forces has caused him to receive innumerable congratulations from his

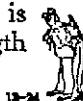

## STRESS OF BUSINESS

friends here. At the time war broke out he was employed in Winnipeg, Manitoba, and despite the fact that he might have held back on the ground of being an American citizen, he at once offered his services to England.

the birthplace of his parents. After brief preliminary training in Canada he was sent to England and eventually was assigned to the flying corps. In this branch his promotion was rapid until finally he gained the coveted rank of captain. He is the son of Mr. and Mrs. George Elliott.

### LOST LIFE ON BOARD U. S. SUBMARINE CHASER

Ensign John W. Montgomery of Natick, but who had been employed by Morse & Beale, the local florists, previous to enlisting in the United States navy early in the war, has lost his life off the English coast on board one of the United States submarine chasers. It is assumed that the chaser was the victim of a torpedo, although details are not yet available. Montgomery had been stationed at an Atlantic port until recently when he expressed a desire for overseas duty.

### LOWELL MEN WOUNDED IN ACTION OVERSEAS

Today's Canadian casualty list contains the names of three Lowell men wounded in action overseas. They are Privates Francis Carman, Herbert Lancaster and George T. Booth.

Private Carman volunteered for the Canadian forces here on Oct. 3, 1917, and following a month of intensive training in Canada, went to France, where he has taken part in much of the heavy fighting. He was previously employed at the Waterhead mills in this city.

Private Lancaster is a member of Co. D, 75th Battalion, Canadian Expeditionary Forces, and was wounded early this month, according to a telegram received by his wife at 301 Lakewood avenue. He is 34 years old and came to this country about a year ago. He was employed by the Merrimack Mfg. Co., until March 11 of this year when he volunteered for the Canadians. Mrs. Lancaster has already given up one brother, Robert, Hargreaves, in the great war. He was killed last July while serving with the British forces. Three other brothers are at present

in the service. Since her husband's enlistment, Mrs. Lancaster has worked pluckily to keep the little family of two children and herself intact until the return of her soldier husband.

Private Booth, a member of the 43d Canadian Artillery, is 22 years old and joined the Canadian forces Dec. 9, 1917. He had previously been employed in the Massachusetts mills. His relatives received word last night that he had been wounded in action in France.

### LT. BRUCE, LAWRENCE FLYER, KILLED IN WAR

LAWRENCE, Oct. 18.—Lieut. Alexander D. Bruce, son of David Bruce of this city and grandson of the late Mayor Alexander D. Bruce, was killed in action in France on Aug. 17, according to advices received yesterday by his father from the treasury department at Washington that informed him that his son's insurance was ready for delivery. This notification was the first

intimation the parents had that the son had been killed.

Lieut. Bruce was graduated from Phillips-Andover with the class of 1911 and from Harvard in 1915. He was appointed a professor in chemistry in 1917 at Phillips-Andover, and was instrumental in forming the Phillips-Andover medical unit that sailed for France on April 28, 1917.

This unit was composed of 21 students and two professors, of whom Lieut. Bruce was one. In France he volunteered as a driver to supply ammunition when it was announced that drivers were urgently needed. Later he entered the Lafayette Escadrille, six months later he enlisted in the American forces in France. The last information told that he was a member of the pursuit squadron that up to early September was credited with having secured 70 Hun planes.

### UNFURL SERVICE FLAG AT STATE HOUSE

BOSTON, Oct. 18.—A service flag with 354 stars was unfurled today at the state house by Gov. McCall in honor

of employees of the state who have entered the military and naval service. The flag, 12 by 20 feet, contained five gold stars. The ceremony was witnessed by a crowd including state officials and hundreds of employees at the state house. The governor made a short address.

A Union Jack bearing many notable signatures, including Lord Kitchener's, realized more than \$100,000 in a rally at Melbourne for incapacitated and wounded soldiers.

Whenever you sense a sick headache, or feel a bilious attack coming on, ward it off by the timely use of

## LAUDS PRESIDENT

Cardinal O'Connell Pays  
Glowing Tribute to Wil-  
son at Boston

Says Unification of All Sects  
Is Due to Clear Vision of  
Nation's Chief

BOSTON, Oct. 18.—Addressing representatives of New England dioceses at a conference here yesterday, Cardinal O'Connell paid a glowing tribute to President Wilson for the unification of the Y.M.C.A., Y.W.C.A., National Catholic War council, Jewish welfare board, American Library association, war camp community service and Salvation Army in the "United War Work Campaign" for the promotion of the spiritual, educational and recreational welfare of American forces on land and sea.

In extolling the high aims of the president and the American people, Cardinal O'Connell said: "It took us a long time to enter the war. We did not rush into it blindly. After long provocation and mature deliberation, we found that from the standpoint of duty there was nothing left for us to do but throw the strength of our nation into the cause which represented the maintenance and vindication of right and justice."

"When the president sounded the call the whole nation moved and responded gloriously. From that day to this moment the president has met all situations with wonderful equanimity and his timely decisions have represented his clear vision and unflinching adherence to the lofty principles upon which America entered this war."

"America has flooded the world today, with the theory that the rights of the people must not be outraged, and she will not sheath her sword until justice has been vindicated."

Discussing the purposes of the united war work campaign, he said: "It remained for America to originate a new conception of the soldier and to look upon him not merely as a fighting machine, but also as a human being. Whose soul and mind and opportunity for innocent recreation should also be zealously cared for and protected."

"America today gives to the world the beautiful spectacle and the new lesson of a nation sending forth her sons to fight and following them with the tender solicitude and care of a loving mother."

Cardinal O'Connell then explained that the conference was called to organize the council's resources to supply "all the boys in the service with the opportunity for the practice of their religion, the development of their minds and the employment of their leisure hours in healthful recreation."

"The Y.M.C.A. and Knights of Columbus," said the cardinal, "at the very outset caught the vision of this new service. Five other organizations have been added and each in its own way is rendering its particular and peculiar service. Each organization was again about to appeal for new funds. The matter of divided appeals was referred to the president, who wisely decided upon a united drive."

"This does not mean the surrender of individual principles nor the merger of individual belief but that we, together with the other six organizations, husband our material resources and unite to obtain a common fund at one time, out of which each organization will take its proportionate share to carry out its own program of ministering to the wants of its own members."

"To my mind, one of the great outstanding developments of this war is the unity and harmony among our great organizations. May God bless our great president, who has made possible this work which will mean so much to all people."

Among those present at the conference were Bishop Louis S. Walsh of Portland; Rt. Rev. M. J. Spillane, Rev. A. F. Hickey, Francis Slattery, Joseph Brennan, Boston; Rev. J. S. Buckley and Thomas F. Nolan, Manchester, N. H.; T. B. Wright, Burlington, Vt.; Very Rev. E. J. Carr, Judge Edward F. Hanly and Charles A. Cummings, Fall River; Rev. C. A. Sullivan, Rev. P. F. Doyle, Charles H. Maloney and John M. Sullivan, Springfield; Rt. Rev. Peter E. Blessing and Francis I. McCanna, Providence, and Rev. W. A. Keefe, Hartford, Conn.

Judge William J. Day, state deputy; James M. Mead, Leo D. Woodcock and William J. Keenan represented the Knights of Columbus and Harvey M. Hill and R. N. La Barr of New York, the National Catholic War council.

James J. Phelan, ex-mayor James Logan of Worcester and George L. Huntress also spoke. The united war work campaign will be Nov. 11-18.

HOUSTON, TEX., BUSY  
BUILDING SHIPS

HOUSTON, Tex., Oct. 18.—Forty-one vessels, including ten barges, have been contracted for with the Emergency Fleet corporation by two companies of Houston and all are to be built on a water way that only a few years ago would not accommodate an ocean-going vessel.

Seven ships have already been launched, four by the Universal Shipbuilding company and three by the Midland Bridge company; eight more are under construction at the yards of each of the two concerns, and the Universal holds contracts for eight more ships, while the Midland company has contracted for ten barges.

Within one year after the program of the Emergency Fleet corporation went into effect, Houston, located in a section where former efforts along this line were confined to a few small pleasure craft and an occasional barge, began launching ships.

It was in April of this year that the first vessel built of southern yellow

pine under government contract slipped down the ways to the Houston ship channel. It was christened "Nacogdoches." Since that time the splendid progress made has been the subject of favorable comment by officials of the fleet.

Ships launched at the Houston yards are towed to Beaumont to receive their machinery after the finishing touches are given the hulls here. A central assembling yard is located at that point and, under the direction of the Emergency Fleet corporation, stores of all kinds of material are assembled there to be distributed to the yards. In

place of moving machinery to the boats, the boats are moved to the machinery.

The infant industry of shipbuilding in Houston, demanded the services of some 3000 men within a few weeks after ground was broken, and the payroll now amounts to more than half a million dollars each month. Special trains carry the army of workers to the shipyards, which are situated on the channel a few miles below the turning basin. The shipbuilders live in Houston, which is credited with being one of the few cities where, with war work, extensive housing facilities

have not caused alarm. Comfortable quarters have been provided for all.

The Universal Shipbuilding company, a local corporation, was organized subsequent to the fleet corporation. The Midland Bridge company, a Missouri corporation with headquarters at Kansas City was, prior to the present shipbuilding activities, engaged in bridge construction and the distribution of structural steel. Another company is now being organized to establish a concrete plant here.

The International Marine Iron Works is another unit in the shipbuilding program at Houston. This company

manufactures marine engines, boilers, propellers and other appliances used in ships, and is equipped to produce heavy castings. It has contracts for propellers for most of the ships constructed in the district.

Houston, as a lumber centre, has shared liberally in the prosperity which has resulted in that industry from the use of southern yellow pine in shipbuilding. Approximately 20 per cent. of the total production of southern saw mills is used all through Houston.

If you want to buy, sell or exchange anything, try a Sun want ad.

MAY ARRESTED HERE FOR PRO-  
CURING LIQUOR FOR SOLDIER  
TAKEN TO AYER

Joseph St. Pierre was arrested yesterday by Lieut. Petrie and Inspector Moore of the vice squad on a charge of aiding a soldier to procure liquor. The prisoner was taken to Ayer last night and was held in the sum of \$300.

## INFANT MORTALITY

Lowell's infant mortality rate for the week ending Oct. 12 was 14.7, this city being fourth on the list of large

cities. The three leading cities were: Spokane, 25.9; Grand Rapids, 23.3, and Cleveland, 18.1. The average rate was 7.7. Denver had the lowest rate, 1.8.

## STOLEN AUTO RECOVERED

An automobile owned by Assessor Albert J. Blazon was stolen from in front of city hall Wednesday night and was recovered later in Lawrence in a very bad condition. This is the second time within a few weeks that this car has been stolen.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

# An Important Message Regarding the Sugar Shortage

THERE'S an old saying  
"It's an ill wind that blows  
no good!"

Everyone has been inconvenienced more or less by the sugar shortage. Many people still rely entirely on sugar for sweetening and, of course, are inconvenienced.

But thousands of housewives have not only found "a way out" during the present shortage, but have learned a thing or two that will stick forever—sugar or no sugar.

Here's a fact: Sugar only sweetens—it gives absolutely no flavor.

Brer Rabbit real New Orleans Molasses not only sweetens like sugar, but it gives

a rich, delicious flavor to all cooking and baking.

Yet Brer Rabbit is not a "substitute" for sugar. It is practically sugar itself. Like sugar it is made from sugar cane and contains a large amount of real sugar.

Is it not quite natural that resourceful housewives have turned to Brer Rabbit Molasses during the sugar shortage?

## For the Children

Youngsters naturally crave molasses. Years ago sliced bread and molasses were part of the daily diet of children.

Gold Label Brer Rabbit Molasses gives to the child the elements the young growing body needs. Brer Rabbit is absolutely pure, wholesome, palatable and strengthening. Doctors will tell you what molasses and bread means to children.

Besides, it saves sugar, cuts the butter bill.

## There are Two Kinds of Brer Rabbit Molasses

Both are Absolutely Pure New  
Orleans Molasses

GOLD LABEL Brer Rabbit is mild in flavor, light in color and is delicious for table use—as a spread for pancakes, waffles, biscuits, etc. It is especially fine for cooking, baking and candy making.

GREEN LABEL Brer Rabbit Molasses is darker in color, slightly stronger in flavor and is splendid for cooking, baking and candy making. It costs less than the Gold Label.

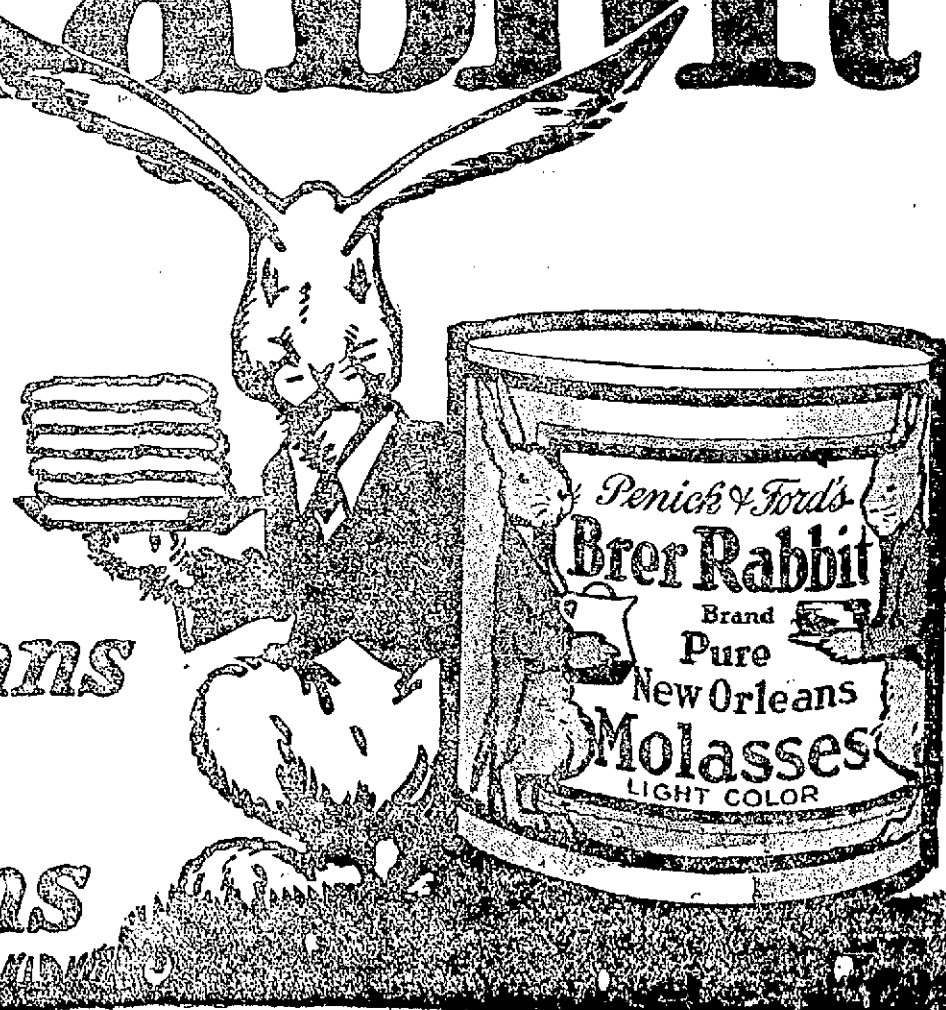

**FREE** Write us today for Brer Rabbit Cook Book of Southern Goodies. All made without sugar.

## TIDAL WAVES ADD TO PORTO RICO DISASTER

WASHINGTON, Oct. 18.—Tidal waves which followed the earthquake in Porto Rico added to the death toll and devastation, the American Red Cross was advised yesterday in cablegrams from San Juan.

Mayaguez, the third largest city, is practically destroyed by the lurch of water, while the town of Aguadilla was badly damaged.

Other towns on the western part of the island were damaged by the earth shocks and the death list is placed at more than 100, with probably 300 injured. Hundreds of families are homeless and the property loss is estimated from \$3,000,000 to \$4,000,000.

It was announced the Red Cross chapter at San Juan had organized relief committees and taken over relief work together with the military and naval authorities and the insular government. Owing to the damage to railroads, roads and telegraph and telephone wires the messages said exact

## ONCE THIS BEAUTY HAD PIMPLES

Stuart's Calcium Wafers Proved That Beauty Comes from the Blood and from No-where Else

Prove This With Free Trial Package

Master your skin all over and you'll stop breathing in an hour. There is only one way to remove pimples, blackheads, eruptions and eczema with its rash and itch, and that is by the

blood. In Stuart's Calcium Wafers, the wonderful calcium sulphide at meals serves to supply the blood with one of the most remarkable actions known to science. This is its activity in keeping firm the tiny fibres that compose even such minute muscles as those which control the slightest change of expression, such as the eyelids, lips, and so on. It is this substance which pervades the entire skin, keeps it healthy and drives away impurities. Get a 30-cent box of Stuart's Calcium Wafers at any drug store and learn the great secret of facial beauty. A free trial package will be mailed if you will send the coupon.

## HARD FIGHT AHEAD IS VIEW IN BRITAIN

LONDON, Oct. 18.—(By Associated Press).—If the war is brought to a quick conclusion it will be through political and moral factors and not military, was the opinion expressed in competent circles here yesterday. It was pointed out that the German position on the western front cannot be termed perilous, although at certain points every changing front may render some small positions dangerous at times.

This view, which has been held by many experts for some time, has been strengthened by the German retreat to the Hindenburg line, which is considered one of the most successful retreats of the war from the enemy viewpoint. With the Americans and French pushing hard on this front, the Germans doubtless were forced to retreat faster than they had planned, but they lost comparatively few prisoners and guns for such a large operation.

### Not Near Collapse

It was pointed out that the startling transformation of the whole military situation in the past few weeks might lead to the impression that the German armies were faced with disaster and on the point of collapse, but it was stated that there was nothing in the western situation to justify such a view.

It is not expected that the enemy will be able to hold the Hindenburg line long. This line runs from south of St. Quentin along the Sarre to where the river turns abruptly southward, thence across country to the Aisne and along the north bank of the Aisne to the Argonne. The dent the allies are making in the line south of the Senne makes this line untenable.

### Defend Vital Points

In this connection it is pointed out that the Germans are fighting well immediately south of the Senne, for the dual purpose of holding up as long as possible the allied advance toward the important city of Valenciennes, and to keep the allies from further driving in a salient that would make the Hindenburg line impossible for the enemy.

In demonstrating these facts military experts are of the opinion that the Germans no longer will be able to withstand the onslaught with

## Stomach Troubles Are Due to Acidity

Tells Safe, Certain, Speedy Relief for Acid Indigestion

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.  
To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisurated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An anti-acid, such as bisurated magnesia which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose. For sale at Liggett's Riker-Jaynes drug stores and other leading druggists.—Adv.

their weakened divisions, tired troops and scanty reserves, but to trained militarists signs of a German collapse or evidence on which to base high hopes of trapping a huge body of the enemy are invisible.

## M'CORMACK ADOPTS 10 U-BOAT ORPHANS

NEW YORK, Oct. 18.—John McCormack, the Irish tenor, was romping with his two children about his place near Noroton, Conn., yesterday when word came by cable to Mrs. McCormack that her brother and sister-in-law, Mr. and Mrs. Thomas J. Foley of Dublin, were among the 100 persons who lost their lives in the torpedoing of the Irish mail steamship Leinster a few days ago.

The couple were on a mission of mercy when they lost their lives, for they had left behind them in Dublin their ten children, the eldest 16 and the youngest only 11 months, when they started for England to see for the last time Mrs. Foley's only brother, Sergt. Christopher Barrett of the British army, who was mortally wounded after three years of service in France. He died just after the Leinster sank.

"The children are mine now; I'll be a father to them," said Mr. McCormack to his wife, who was prostrated at the news of her brother's death. Immediately the singer sat down and cabled an announcement to the eldest of the children that he would care for all of them as long as they desired his care, "and longer if that is possible."

Having announced his intention to adopt the orphaned nieces and nephews of his wife, Mr. McCormack sent another cable message to the Freeman's Journal of Dublin, in which he said that the sinking of the Leinster "had brought home to all true Irishmen that this is a holy war to save the world from slavery." The message asked the newspaper to convey the singer's sympathy to relatives and friends of the victims "sacrificed to Germany's brutality" and asked "how can I help to assuage the sorrows of our bereaved ones?"

Over the telephone last night Mr. McCormack reiterated his intention to adopt the ten children left parentless by the sinking.  
"Will you bring them to this country to live with you?" he was asked.  
"Now?" he shouted. "Indeed, I'll not place them on the ocean to be sacrificed by those savages who killed their parents. But the children are mine now, and I'll be a father to them."  
Mr. Foley for many years was an officer for the city government of Dublin and was about 40 years old. Mrs. McCormack was Miss Lily Foley before her marriage to the singer and sang frequently in concert with her husband both before and after he came to this country from Ireland.

## WOMEN STREET CAR CONDUCTORS APPEAL

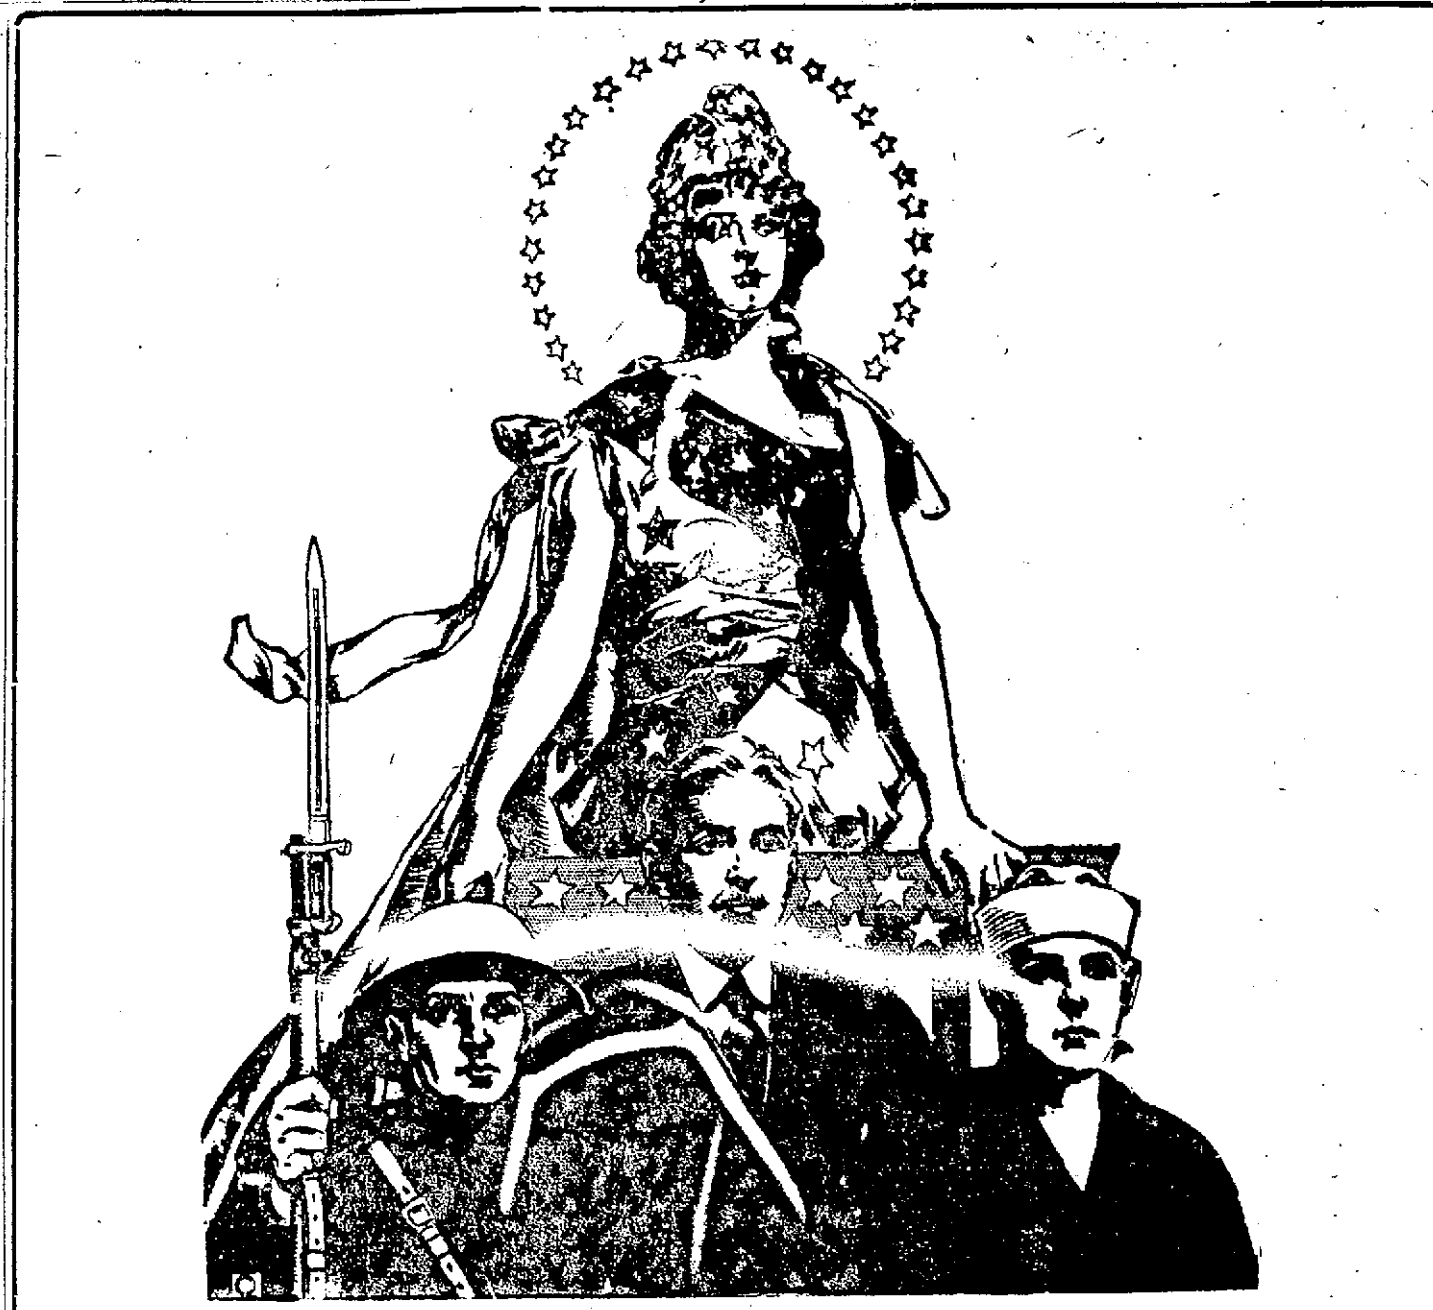

CLEVELAND, O., Oct. 18.—Women street car conductors of the Cleveland Railway Co., have sent a petition 446 feet long, bearing 35,000 signatures of car riders to Secretary of Labor Wilson, asking that their case be reopened. Federal mediators recently ruled that the women should be displaced after Nov. 1.

## THE AMERICAN ARMY IMPROVES IN FRANCE

By Nolan Rice Best  
PARIS, Oct. 6 (By mail).—The finest thing that can be said about the American army in France is that its leader is just as anxious to see his soldiers maintain a clean, faithful standard of manly integrity as to see them come off victorious in battle—that the soldiers are as anxious to live up to that standard as they are to sweep the enemies of liberty off the map.

Not often in world history has it been possible to say this about a general and his army, but it can be said with absolute truth about General John Pershing and the American Expeditionary forces. General Pershing knows, as a real soldier, that an army of men sound and strong in personal character is necessarily a more dependable army in a military sense than could ever be constituted from rogues and ruffians.

General Pershing has set his heart on having every man under his command preserve in France whatever religious faith he brought from the homeland—all of it, at full strength; more of it if he can get it. This is the mainprinciple of the encouragement the general has so constantly given the Y.M.C.A., the K. of C., the Y.W.C.A., the Salvation army, the Jewish Welfare board, the American Library as-

The greatest advertisement for the Fourth Liberty Loan was written by a Prussian.

His name is Count Roon and he wrote it as a member of the Prussian House of Lords. It is printed here. Read carefully.

Forty-five billion dollars for indemnity!

This, then, is the price the world must pay for a German peace. This is the Kaiser's prayer, expressed in the coldest terms of German arrogance.

### GERMANY'S TERMS

BY COUNT ROON

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

- Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Brier and Longwy basins and the Toul, Belfort and Verdun regions eastward.
- Restitution to Germany of all her Colonies, including Kiauchow.
- Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.
- Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.
- Greece must be re-established under former King Constantine, with frontiers as before the war.
- Austria and Bulgaria will divide Serbia and Montenegro.
- Great Britain, France and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.
- They must also agree to deliver raw materials immediately.
- France and Belgium must remain occupied at their expense until these conditions are carried out.

This is the meaning of war to the Prussian, he proclaims his battles righteous, prosecuted in self-defense.

Oh, you men and women of America, is there a dollar in all this land so tightly held that it will not now come forth to answer the swaggering arrogance of the Hun?

This will tell, for as you place your name upon a subscription blank for Liberty Bonds you state the price your land, liberty and democracy are worth to you.

Now how are you going to answer the "peace terms" of the kaiser and his band of murdering buccaneers?

## How Are You Going to Answer Germany's Peace Terms?

This is the one big job in America today—nothing else counts for a minute. That is why the Broadway Wholesale Millinery Co. has waived aside all mention of merchandise to sell—to devote its space today to urge you to subscribe at once and to the utmost.

**YOURS FOR THE FOURTH LIBERTY LOAN**

# BROADWAY

WHOLESALE Millinery Co.

158 MERRIMACK STREET Over L & K Shoe Store  
Up One Flight

SALEM, BOSTON, WORCESTER, NEW BEDFORD, HAVERHILL, MANCHESTER AND LOWELL

This Advertisement is Endorsed and Paid for by Walter E. Cohen, Proprietor of the Broadway Wholesale Millinery Co. as Part of His Efforts to Fight This War to a Prompt and Victorious Conclusion.

sociation, and the War Camp Community work back home. It is the secret, too, of Pershing's unexampled pains to develop the power and use of chaplains among his troops.

An innocent revelation of headquarters secrets shows the general expressing to his staff: "Gentlemen, this army of ours has a heart and a conscience, and that heart and conscience must be fed."

General Pershing it was who created the heretofore unheard of office "senior chaplain" of the army and appointed Bishop Brent to the place. Rev. Paul Moody, son of the great evangelist, and Father Doherty, a Catholic, are now the bishop's associates at headquarters. The three prelates are unanimously harmonious in their optimism about the American army in France:

"It is an army on a higher plane in every way," declares Chaplain Moody "than it was in the training camps at home. It is wonderful how these welfare organizations contribute to the atmosphere that stimulates and inspires. Inspiration and high ideals are at a maximum in the trenches; everything degrading and base at a minimum."

## APPEALS TO COAL MINERS

Pershing Says "the More Coal You Produce, the Sooner We Shall Have Peace"

WASHINGTON, Oct. 18.—Declaring "the more coal you produce the sooner we shall have peace," Gen. Pershing, through a cablegram to Fuel Administrator Garfield, yesterday, appealed to the coal miners of the country for increased production.

"Let there be no shortage of coal," said the American commander's message. "Lack of coal means limiting our war industries, railroads and shipping are slowed down, and the army cannot be provided with means to deliver the telling blows needed to end the war. Without coal we shall be without guns and ammunition to use against the enemy. The man in the mine helps the man on the firing line."

"The more coal you produce the sooner we shall have peace. Every soldier of the American Expeditionary Force expects to be backed up by the miners of America just as labor in every branch of industry at home has stood behind us. The soldiers know that we can depend upon you to do your part as we are doing ours."

## CHELMSFORD WILL GO OVER THE TOP

So far the town of Chelmsford has subscribed \$261,750 in the Fourth Liberty loan drive, but that is not enough for the town's quota is \$275,000, which means that in order to go over the top committee will have to receive subscriptions amounting to about \$13,000. The committee is headed by James P. Dunne and today a house to house canvass of the town was made in an endeavor to go over the top.

North Chelmsford has already subscribed \$172,550, while West Chelmsford is credited with \$25,000. The North Chelmsford subscriptions are divided as follows:

U. S. Worsted Co. Silecia mills	\$100,000
504 Employees	35,500
G. C. Moore & Carbonizing Co.	10,000
100 Employees	6,800
North Chelmsford Machine & Supply Co.	5,000
25 Employees	1,100
Wm. P. Proctor Lumber Co.	1,000
28 Employees	3,150
Rufus E. Corlew, 16 subscribers	1,200
Edward Tucker, 8 subscribers	450
Herbert Waterhouse, 16 subscribers	1,300
Wm. H. Quigley, 4 subscribers	650
Joseph Butler, 13 subscribers	900
James P. Dunne, 17 subscribers	2,000
Gabriel Audoin, 34 subscribers	2,000
D. Frank Small	11,000
Total	\$172,550

Church Services Sunday  
The board of health of the town of Chelmsford at a recent meeting has decided to lift the ban on the churches and the library, and accordingly services in both Catholic and Protestant churches will be held next Sunday. The matter of reopening the schools will be discussed at a meeting of the board, which will be held this evening.

## DR. PINT SUCCEEDS IN ISOLATING THE SPANISH INFLUENZA GERM

CHICAGO, Oct. 18.—Dr. Louis J. Pint, former state bacteriologist, and at present connected with the research laboratory of the University of Chicago, told the Chicago Medical Society last night that he had succeeded in isolating the Spanish influenza germ and that the resulting diphtheria anti-toxin was an absolute specific for the disease.

He said the epidemic was mainly caused by the present war diet and especially by the curtailment of the usual consumption of sugar. He said that he had treated 75 cases with the diphtheria anti-toxin without the loss of a single case.

**WESTFORD NEWS**  
The subscriptions for the town of Westford in the Fourth Liberty loan drive amount to \$466,300, which means that the residents of Westford have doubled their quota, which is \$220,000, and it is expected that more subscriptions will be received before the campaign is brought to a close. The campaign is being conducted by a live committee headed by John C. Abbott and no efforts have been spared to make it a most successful one and the result is very gratifying.

0 Residence Halls and 35 Apartment Buildings to House War Workers

WASHINGTON, Oct. 18.—Contracts for construction of 10 modern residence halls and 28 apartment buildings to house 2800 of Washington's war workers and to cost approximately \$2,500,000, were awarded today to Taylor & Crawford of Philadelphia by the United States Housing corporation. The buildings are to be ready for occupancy about the first of the year.

REFUSE WARRANT FOR ARREST OF JUSTICE

NORTHAMPTON, Oct. 18.—Warrants for the arrest of Superior Court Justice Richard W. Irwin and L. F. Johnson, secretary of the local board of canteens, sought by G. R. Turner, agent of the board of health, because of violation of the health rules prohibiting gatherings during the influenza epidemic, have been refused by the local court. It was announced today. Judge Irwin, who is colonel of the Northampton Escort regiment, organized to go to honor to department duties and secretary Johnson, were leaders in a parade held on Sunday afternoon. No further action will be taken.

234 BUTCHERS ACCUSED OF PROFITEERING

NEW YORK, Oct. 18.—Accused of profiteering, 234 butchers of Manhattan, The Bronx and Brooklyn were arraigned today for trial before two federal food administrators. Overcharges of from 10 to 15 cents a pound or lamb were alleged. Refunds of all excess profits, fines as high as \$2000, and the signing of pledges to comply with the federal food board's fair price schedule were to be exacted of all found guilty.

OTTO KAHN APPEALS TO GERMANS IN U. S.

NEW YORK, Oct. 18.—Otto H. Kahn, manager, in an appeal yesterday "to Americans of German descent," in which he referred to the large percentage of German names in the American army's casualty lists, implored them to strain every nerve to equal or outdo their fellow citizens of native birth in subscribing for the Fourth Liberty Loan.

Mr. Kahn, after bitterly assailing Germanism for dishonoring all children of the fatherland, declared that "the war may be over before very long; this may be the last chance," he continued, "for some of us to obtain an adequate place in the book of honor of

Daily Health Talks

Good Health Is in Your Own Hands

BY SAMUEL HAMILTON, M.D.

The man who said "People dig their graves with their teeth" uttered a truth that goes clear to the bottom of the health question. Suppose you should take everything you eat and drink for breakfast, everything you eat and drink for dinner, everything you eat and drink for supper, and mix all together in one mass. It would surely be a dreadful mixture to look upon. And yet your stomach is obliged to dispose of that unsightly mass each day! Is it any wonder so many people have indigestion, dyspepsia, backache, headache, bad blood, liver complaint, skin diseases, nervousness, coughs, colds, catarrh, bronchitis and goodness knows what else? Yes, people dig their graves with their teeth, and before the end comes they pass through one sickness or trouble after another. You should be glad to know that Dr. Pierce's Golden Medical Discovery can be depended upon to overcome many of the diseases named above. It may seem impossible for one medicine to do so much, but really the whole thing is as simple as the figure 1. Dr. Pierce's Golden Medical Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. When this is done, away go the diseases that are caused by a sick stomach. If you are digging your grave with your teeth, stop today. Correct your stomach disorders right now with Golden Medical Discovery, and henceforth eat for your health's sake. If you don't know what foods are best for you, write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., and receive confidential medical advice without charge.

Golden Medical Discovery is made without alcohol or opiates, so anybody and everybody can take it with safety. It is put up both in liquid and tablet form. Send Dr. Pierce the for a trial pack, and see for yourself how good it is. Try it now—adv.

Liberty loan subscribers. These pages will stand as a perpetual record as eloquent as the casualty lists.

Denounces Kaiserism

"We men of German descent have a special reckoning to make with kaiserism," said Mr. Kahn. "The whole world has been wronged and hurt by Prussianized Germany as it was never wronged and hurt before. But the hurt done to us is the deepest of all. Our spiritual inheritance has been stolen from us by impious hands and flung into the gutter."

"The ideals and traditions we cherished have been foully hampered. What we were justly proud of has been dragged into the mire. Our blood has been dishonored. We have been bitterly shamed by our very kith and kin. Our names which came down to us from our fathers have been defiled. Their very sound has been made a challenge to the world."

"The land to which we were linked by fond memories has been made an outcast among the nations, convicted of high treason against civilization and of unspeakable crimes against humanity."

"Professions of loyalty are empty. By our acts we shall be judged. Let each American of German descent say to himself that his subscription to the Liberty loan is, and will be, considered a test and proof of his whole-hearted allegiance to America."

## PARENTS DEAD AND FOUR CHILDREN SICK

One of the most pitiful cases in this city since the influenza epidemic broke out is that surrounding the death of Mrs. Ludwig Blison nee Elmira Bolduc, which occurred last night at St. John's hospital and by which six little children were made orphans without a relative in this city. For the father died last week.

The little ones are now at the French-American orphanage in Pawtucket street, where it was learned this morning that four of them are confined to their beds with illness. The children and their ages are: Rose Aimee, 13 years; Romeo, 11 years; Adrienne, 9 years; Aurientelle, 7 years; Valmore, 4 years and Simonne, 2 years and 8 months. All but Rose Aimee and Romeo are ill.

Mr. Blison was taken ill with influenza in the early part of last week and died a couple of days later. At that time his wife, who was also ill, grew worse and she was removed to St. John's hospital, while the little ones were taken to the orphanage, where they are given the best of treatment. Mrs. Blison, who was but 37 years of age, passed away last evening and her remains were removed to the funeral parlors of Undertakers Amedee Archambault & Sons in Merrimack street. It is stated that there are relatives of the family in Canada, but all efforts on the part of friends to locate them have failed. It was learned this morning that arrangements are now being made by friends for the adoption of some of the children.

DAMM-ROW—License to wed was yesterday issued to John Damm and Christina Row.—San Francisco Bulletin.

## Peace Stocks Continued

country are in favor of such of President Wilson's points as the "freedom of navigation, renunciation of the boycott weapon and the new conception of the character of colonies."

The German idea of the freedom of navigation is shown by the comment as follows: "The Germans not only look forward to freedom of navigation in peace but want the same freedom in war so that their mercantile marine may escape the consequences of some one else controlling the seas. The boycott weapon apparently fills Germany with the greatest anxiety. Colonial questions also loom large in all her plans."

## RUMORS CONTINUE TO STIR LONDON

LONDON, Oct. 18.—Late last night the foreign office was without official news of any German reply to President Wilson or any further development in the peace situation as affecting Turkey or other enemy powers. Rumors more tantalizing than reliable are still coming from Holland. For instance, the Nieuw Rotterdamse Courant, which erroneously announced the German reply, yesterday brought alleged news of German abandonment of the policy of devastation, but a Berlin dispatch through Reuters' Amsterdam correspondent last night declares this announcement "quite baseless."

Among the rumors was one that Gen. Ledebur had resigned; another that the German reply would be a protest against the tone of President Wilson's note. Meanwhile, with reports of the wonderful successes and advances of the allied armies coming in breathless succession, the attitude of the public is

## that it is a matter of little consequence what reply Germany may make. Much more interest is displayed in the question whether the German army, pressed on every side by the allied advances on all fronts, will be able to escape.

News of the British occupation of Ostend was especially heartening. If only because absolute knowledge that the enemy is abandoning the Belgian coast relieves further anxiety concerning the likelihood of air raids on British coast towns, and because it is believed it will diminish submarine activity.

## HINDY ON HAND FOR DRAFTING OF REPLY

BERNE, Thursday, Oct. 17.—President Wilson's reply to the German note has created a new state of affairs in diplomatic discussions relative to peace. It is reported here from German sources, and the German reply, it is said, will make it clearly understood that the tone employed by the president was open to objections.

There have been passionate discussions of the president's reply at meetings of all the groups of the reichstag, but no line of policy has been determined, although there have been prolonged deliberations on the subject.

The presence of Field Marshal von Hindenburg in Berlin, is believed to foreshadow the drafting of the German reply. Under the circumstances, it is uncertain whether the reichstag will meet tomorrow.

## DEMANDS FOR PEACE IN HUNGARIAN DIET

BASEL, Switzerland, Oct. 18.—Scenes of tumult prevailed at the meeting of the Hungarian diet yesterday during which demands for peace were made and it was announced that Austria was being organized on a federal basis. So great was the uproar that the presiding officer was obliged to adjourn the sitting. The disorder continued, however, the deputies calling each other "blackguard, liar, traitor, slave, etc."

Dr. Alexander Wekerle, the Hungarian premier, said that the federal states which would be formed in Austria would organize their economic and military policies on autonomous and independent basis. He made an appeal

## POPE PINS HIS FAITH IN WILSON

ROME, Oct. 17.—(By the Associated

Press).—"You may say that the holy father is pinning his faith entirely on President Wilson to make a quick and durable peace," Monsignor Corretti, papal under-secretary of state, said to correspondents yesterday. "He

is making special prayers to this end—that President Wilson may not deviate from his present course and that nothing may interfere with his purpose and compel a renewal of the war."

## The Mergency

A STEIN-BLOCH COAT THAT'S A BIG "HIT"

Men's Clothes this Fall will reflect a country at war—fewer fabrics, fewer models, higher prices.

Strict conservation of materials and energy are necessary to win the war—but there's no restriction on brains. Fall Overcoat and Suit Models make up in cleverness what they lack in variety.

The Mergency is an original Stein-Bloch effort. It's one of their cleverest models, and a big hit with the trade.

It's a one piece coat—no seam at the shoulder; sleeves of the kimono style—cut full and with a swing to the skirt, the waist gathered in by a half belt.

The front is double breasted, buttoning to the neck, with a full wide collar that will be welcome when the winds blow.

A Good Choice of Fabrics at \$30, \$32.50 and \$35

Other Good Overcoats at \$20 to \$45

Fall Suits \$25 and Up

## 16 SHIPS LAUNCHED AT ORANGE, TEXAS

ORANGE, Texas, Oct. 18.—Sixteen vessels already have been sent down the ways at Orange. 34 others will be ready for launching before Christmas, and contracts have been placed for construction of 61 more at the earliest possible date. The tonnage of vessels launched, building and contracted for here totals \$17,300.

Before the program is completed here more than half a million acres of yellow pine forest will have been laid bare.

The shipbuilding program brought prosperity to this little town, whose population has nearly doubled since America entered the war. Fifteen months ago the industry was little known or understood here. One or two small yards, located along the banks of the sluggish Sabine river, were devoted to repair work on tugs and small launches.

Then came the call for a "bridge for the Atlantic."

### HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out "ast." To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderrine at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.

## YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove Poisons from Little Stomach, Liver and Bowels

Give "California Syrup of Figs" if Cross, Bilious or Feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! See if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad, or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

10¢

the Atlantic." Almost over night the river banks sprang into life. The ring of axes reverberated through the forests nearby. The hum of industry banished the festive alligator from his old haunts and the steel-ribbed skeletons of ships began rising almost in the midst of a wilderness.

The shipyards now employ approximately 7000 men, who draw wages totalling \$25,000 weekly. Notwithstanding more than a thousand homes have been built in 11 months, workmen still are forced to live in improvised shanties and tents while housing facilities are being increased with all possible speed.

The National Shipbuilding company of Texas has launched six ships, has eight on the ways and contracts for 13 more, all for government use except two of those already launched which went to the British Cunard line. The Southern Dry Dock & Shipbuilding Co. has launched one ship, has five on the ways and contracts for five more, all for government account; the International Shipbuilding Co. has launched eight, has ten on the ways and contracts for 28 more, all for the Italian government; and Ed. Weaver & Sons has built one and has one on the ways.

The National yard is building the new type of vessel of 4940 tons each. The first two of these ships, which are classed by authorities as among the innovations of the war, are now on their maiden voyages. Approximately 1500 dead weight tons larger than a Ferris type vessel, the new ship requires nearly 500,000 feet of timber to build and fewer steel bolts. It was designed by A. A. Daugharty, an engineer who at the outbreak of the war was building an oil refinery here. His employers were in need of tankers to transport crude oil from Mexico and Daugharty designed a tanker 315 feet long, with 48-foot beam and 26 feet depth of hold. His design was radically different from the common type having the boilers and engines in the stern, and his propeller drive shaft was only 19 feet, as against a drive shaft of 119 feet in the Ferris-type vessel. A fore peak tank balances the weight. The emergency fleet corporation officials were impressed with the Daugharty idea and awarded the company a contract for 26 of the vessels.

Workmen at the National yards claim a world's record of setting up the 78 frames for Daugharty ship No. 242 in 30 hours and 35 minutes and have challenged other yards to equal the record. A Pacific coast company held the previous record of 44 hours for framing a ship.

One of the greatest problems confronting directors of the shipyards here has been protection against German agents. On Independence day, the torch was put to the shipyard of the Orange Maritime corporation by an enemy agent, resulting in the yard and three large vessels being destroyed. Now armed soldiers patrol every foot of every yard, while agents of the department of justice round up all suspicious characters.

## LIQUOR FOR PARTY WAS PURCHASED HERE

MANCHESTER, N. H., Oct. 18.—Having decided that the death of Mrs. George H. Labell of 314 Pine street, at the home of Mrs. Sallie Lind, 514 Maple street, Tuesday night resulted from natural causes, the authorities yesterday arraigned the five other members of the party, who were being held, on the charge of drunkenness. George H. Labell, Eugene Roy, Annie S. Johnson and Sallie M. Lind pleaded guilty and were fined \$7.50 each. Kerry Herlihy, who is alleged to have procured the liquor for the party in Lowell, Mass., was fined \$22.70 and was then turned over to the federal authorities for violation of the Webb-Kenyon law.

## PRES. MAHON IN BOSTON

Head of Carmen to Aid in Settling Differences Between L. Officials and Men

BOSTON, Oct. 18.—William D. Mahon, president of the Amalgamated Association of Street & Electric Railway Employees of America, arrived here today to aid in settling differences which have arisen between officials of the local Carmen's union and the Boston Elevated Railway Co. and the Day State Street Railway Co. The Elevated employees were recently awarded a wage increase with back pay by the national war labor board, but misunderstandings have developed regarding the carrying out of the award. The

A BROKEN FLANGE WRECKS FREIGHT TRAIN ON STONY BROOK BRANCH

A broken flange in one of the cars of a freight train at a point a short distance from the Westford station on the Stony Brook branch was the cause of a wreck which hampered the Lowell-Ayer traffic to a large extent through Wednesday night and yesterday morning. The accident occurred in the early

part of the evening, and wrecking crews from Nashua and Lowell worked all night and part of the forenoon before they succeeded in partially clearing the track of the debris. Passengers going to and coming from Ayer were forced to get out at this point and change trains, and Lowell business

**CASTORIA**  
For Infants and Children  
In Use For Over 30 Years

Always bears the Signature of *Dr. J. C. Watson*

interests were also more or less affected by the resultant delay in freight deliveries.

The train comprised 50 cars, all loaded and destined for Lowell. When the flange broke efforts were made to bring the train to a quick stop, but this was impossible owing to its great weight, and resulted in the overturning of four of the cars. One of these was a coal car and was completely demolished. The other three cars did not suffer so badly but what they can be rebuilt. The tracks were also torn up for a considerable distance, over 1000 ties being thrown out of place before the derailed cars came to a full stop.

## NOT GUILTY OF MURDER

Bridgeport Jury Acquits

"Baby Doll" Thomas and "Texas" Hankins

BRIDGEPORT, R. I., Oct. 18.—William (Baby Doll) Thomas and Jake (Texas) Hankins were yesterday acquitted of the charge of the murder of

Norris Pannell. The jury was out four hours. This murder trial was the outcome of a spectacular raid on the Keystone club, a resort for colored men, last December in which there was a gun fight between men in the club and police officers on the outside. After a siege of several hours firemen flooded the club rooms, and Thomas, the proprietor, and others, including women, were arrested. Pannell was killed and several wounded in the shooting.

## WHY AID THE LIBERTY LOAN?

When, after the great battle by which the St. Mihiel salient was cleared of Germans, some thousands of German prisoners were brought into the American camp, it was found that a great many of them had in their possession government bonds showing that out of their meagre earnings during two, three and even four years of war, they had invested their savings in the various loans floated by the German government.

Just think of that ye Americans, here at home, who hesitate to invest in the Fourth Liberty Loan. Here were Germans who offered not only their lives but their money, and this merely on promise of the German autocracy which may be wholly worthless, now that Germany cannot win the war.

Yet the German soldiers were not a whit more patriotic than our own American boys, as shown by the fact that the men of every training camp in this country contributed very liberally to all the Liberty loans.

Why should the men who do the fighting have to help also to pay the bills? Why should they be called upon to make such sublime sacrifices while in many cases men who enjoy security at home and who are earning not \$30 a month but much more than that amount per week, refuse to subscribe to the Fourth Liberty Loan?

Those who do subscribe are not taking the risk of losing their money as are the German soldiers. No, indeed, but on the contrary they are protected by the best security in the world and, moreover, they are to be paid a liberal rate of interest for the use of their money.

Do not assume that the war is over and that there is no need of this money asked by the government. The thing which we know as "German militarism" is not dead, and all it needs is, a little while to recuperate; but the government of the United States, in common with our allies, is determined that it shall have no breathing spell, and in proof of this, General Foch is keeping continually at the heels of the enemy; and Uncle Sam is to send 3,000,000 men additional to Europe to join the allied armies on their march to Berlin.

If the war were ended or about to be ended, would the authorities at Washington continue to prepare for the extensive war program already adopted by congress?

We are in the war and we must fight on until Germany surrenders; and the more we subscribe to the Liberty loan and the faster we transport our soldiers to Europe, the sooner will Germany be forced to surrender.

The question as to whether the people of this republic are ready to back up the government in support of this great war program will be answered by the national response to this Fourth Fighting Liberty Loan.

If the amount be over subscribed, then it will appear that the American people with their unlimited wealth and resources are behind the men at Washington, and behind our armies at the battlefield, ready to sustain them to the last.

And why should they not stand by those men and by the government? Whose war is this in which we are engaged?

Is it not a war, first of all, for the defense of our own freedom against the menace of Pan-Germanism? But above and beyond this, it aims not only at perpetuating the liberties of our own republic, but at extending equal liberties to the peoples of every other land beneath the sun. The freedom so gloriously achieved by Washington and so proudly solidified by Lincoln, is once again to be defended, this time against Pan-Germanism, and not only to be perpetuated but through the superb international leadership of President Wilson, to be extended to all the subject peoples on earth—thus to form a new epoch in history and one from which will date the overthrow of autocracy wherever it exists, the emancipation of the oppressed, the establishment of universal freedom, and all through the adoption of the policies of Woodrow Wilson for world freedom and democracy.

Is there a human being anywhere with the love of freedom in his breast, whose heart does not thrill at the contemplation of an epoch, a deliverance, an emancipation so grand and glorious?

If you favor American freedom, if you favor freedom for all mankind, and the overthrow of autocratic power, then give some proof of the fact by subscribing to the Fourth Liberty Loan without which these sublime aims can never be accomplished.

If you are a wage earner who at the moment has not the money to spare, you can buy a Liberty Bond from any of the local banks by paying down ten per cent. of the amount and the balance in monthly installments. Thus you can join the procession that is marching on to sweep into oblivion the Kaiser of Germany and all the cohorts of autocracy wherever found violating the God-given rights of humanity.

## THE INFLUENZA

A high medical authority who has made a special study of the influenza epidemic states that air and sunshine will kill the germs of the disease faster than anything else. He has found also that in the cases treated by physicians the progress of the disease was most rapid where the ventilation was poorest. Unfortunately there are a great many people who do not fully realize the importance of proper ventilation, the kind that sweeps through an apartment and not merely from a window opened on one side. "Perflation" is the term that might be used instead of ventilation in referring to a free current of air, not necessarily a draft, passing through windows on opposite sides of a room or a dwelling. By perflation the air in a room may be changed in five minutes, whereas by opening a window on one side only the air might not be completely changed in a whole night.

The Kaiser told his bully boys that they should have a place in the sun which they had long deserved, and started on what he thought was going to be a frisky, 60 day job of getting it for them. Now the fifth year has started and his bully boys have foggy days every day and most of the time are out behind the barn where the cans and other things are.

Secretary Baker of the War Department has increased his war program so as to provide for an army of 6,000,000 men in France by July of next year. At the time President Wilson issued his reply to Germany, Secretary Baker made the statement that every month from the present time until next July 250,000 American soldiers will be sent across the ocean

to France. The Germans at present are under no delusion as to the fighting qualities of the American soldiers and when they read this piece of news, they will naturally conclude that if such an army ever got into German territory, it would not take it very long to reach Berlin, and that is the destination of these millions of men that are now being sent across the sea.

It is said that when the time comes for our New England towns to suspend business generally and turn joyfully to the job of celebrating the surrender of Germany, Gardner, Mass., will feel entirely at home and experienced in such a celebration. Last Saturday night most Gardner citizens allowed themselves to get under the impression that Germany had already surrendered and immediately the greater part of the town started a celebration which lasted most of the night to an accompaniment of bonfires, ringing of bells, parades and patriotic speeches. When the Boston Sunday papers arrived, Gardner found her object was commendable but she was somewhat previous in the time she selected to celebrate the German surrender.

It is a purely human and business-like procedure that the playhouse managers of Lowell should respectfully appear before the health board and try to ascertain when the ban on amusements in this city is to be lifted. At the same time, most citizens will commend the cautious attitude of a health board in declining for the present to lift the ban. When amusements involve the possibility of spreading the influenza, the common safety requires that amusements suspend business although at the present time our ap-

petite for entertainment is certainly being whetted for what we hope will be a good theatrical bill of fare the balance of the season. As the influenza is declining, it is to be hoped that and other bans will soon be lifted.

When you tell your waitress you think you will have an order of "Ludendorff potatoes," it depends on whether she and the cook keep up with the war news of late, as to whether your order is brought without further explanation on your part. If he is up to the war news the chef will send you some, "French fried."

After all, old Hindenburg has less to fear on the score of any summary hanging by the neck that might be coming to him, than some of his compatriots. All his pictures and general description of him show that it would be impossible to "hang him by the neck until dead." A neck was not given him when he was made. His head, on whose contents the Kaiser made so big a bet, joins on to his shoulders without any neck.

We hear about all kinds of petty grafters and of course it is to be expected that some special officers upon whom a badge has been conferred, would be included. A few nights ago a Lynn special officer named Fred Dupree, saw a man and a woman talking in the doorway of a factory where he was night watchman. They were innocent of any wrongdoing but he threatened to take them to the police station unless they paid him \$10. For the time being they compromised with him by paying \$2. Afterward they reported him, had him arrested and now he has not only lost his job and his badge, but is held in \$500 for the grand jury. And good enough for him.

That the newspapers of the country do not suffer less in proportion than other industries subject to the vicissitudes of war is indicated by a report read at a meeting of the Inland Daily Press association at its Chicago meeting. It was reported that since the war started, no less than 850 newspapers in the United States had been forced to suspend and 250 others had consolidated to see if they could thus ward off going out of business entirely.

Poor little Mary Pickford. On account of the war regulations governing erection of new buildings her naughty old Uncle Sam has refused to give her permission to build a new studio in southern California's motion picture colony. Too bad to be so mean to "America's sweetheart." Better try to get around your Uncle Sam by selling a lot of Liberty bonds for him, Mary.

Lowell will have to do some hustling if she catches up to the proud record of the city of Schenectady now holds. She is not only a million dollars over-subscribed in respect to her quota, but with a population of 100,000, there were 35,400 persons who had individually subscribed up to Wednesday night.

The German people and even the German warlords are still hoping that some way will be found to secure what they term an honorable peace, but nowhere, so far as the despatches show, is there any hope in Germany for final victory over the allies.

Fewer pairs of silk stockings for women and more Liberty bonds? It doesn't look like it. A big factory making silk socks says it has sold all it can make up from now until next July. Is this really an essential industry?

It shows what an economical nation we have become and how Hooverizing has sunk in on us, when all of us recall that we not only want all the bacon that is coming to the nation's breakfast table but the bacon must have the Rhine with it.

## SEEN AND HEARD

So little has been captured? Well, the poor girl certainly has had her share of suitors in the past few years.

Take her out into the country, breathe in nature's fresh air, find a rustic bench for two and she'll never want to go to the movies again.

"Kipling is what I call an expert in his line," remarked the erudite customer in a Merrimack street barber shop. "Expert nothing," came back the head barber, "that fellow can't even hone a razor."

Cheer up, man. The gasolineless Sunday ban has been lifted, the epidemic is on the wane, Germany wants peace and Lowell is going to over-subscribe her Liberty loan quota. Outside of those few considerations, it's a mighty tough world to live in.

## Secrecy of Turkey

The Cincinnati Enquirer, a newspaper

for wholesale merchants carries a doleful tale in its latest issue. There's a failure in the turkey crop this year and the bird that made Thanksgiving famous, will positively not appear on any table which values his presence at less than 50 cents a pound! Chickens and turkeys are a bit more plentiful than usual but turkeys have shown a startling decrease in every state but California. California reports a monster turkey crop, the largest, finest, best flavored, tenderest, sweetest, and most remarkable turkey crop in the history of the world—\$9,000 birds strong to gobble the eternal praise of California!

And No Per Sense  
Say General A.  
Planned writer of  
Friday stuff, I  
Get paid every  
Saturday for reading  
Gas meters.  
But, sometimes I  
Get a toothache, and  
Once in a while I  
Get this way—  
We all know that  
Outside of the  
Imperial palace at  
Peking there are  
Few cases of  
Indigestion from  
Overeating among  
The Hunlanders.  
Now I will  
Say, merely as  
An outside guess,  
That there are one  
Hundred Hunns to  
Every pound of  
Lima bean cheese.  
All right.  
Then, could I say  
That Hunny is a  
100 per cent nation,  
In cats?  
Overjoywell.

T. N. T.

## Success and Failure

Success is a mighty poor teacher. All some people get out of success is a swelled head and a shriveled heart.

The best teacher in life is failure—sometimes spelled with a big F. The only man who has really succeeded have been those who have failed—and made their failures stepping stones.

And the man who has failed oftenest—and finally won—most frequently has the biggest brain and the warmest heart.

Failure teaches men to have sympathy for others. It makes men forgive. It enlarges one's outlook upon life. It keeps men humble. It makes them appreciate real values.

Best of all, failure teaches men to know themselves—their real selves—not the selves that others see and know.

And if failure has driven you back upon yourself so that you have learned, your sources of weakness as well as your sources of strength, count yourself fortunate, for if you conquer yourself, you will be greater than he who taketh a city.

Don't be a Dud  
(A "Dud" is a Shell That Doesn't Explode.)

By Arthur T. Browne.  
(Lowell Sun Correspondent at East Cambridge Courthouse).

A "Dud" is a Miser who doesn't unload. Some of the gold that for years has flowed into some secret hiding place.

And brought a smile to the Miser's face. Just think of the boys who are "over the sea."

Fighting for you and fighting for me. Don't be a Miser—a "Dud."

Buy a bond.

A "Dud" is a Coward, weak-kneed and mean. Always complaining of horrors unseen. He moans and whines both night and morn.

Cursing the day that the War was born. Just think of the lads who have "gone beyond."

Torn forever from parents' fond. Don't be a Coward—a "Dud."

Buy a bond.

A "Dud" is a Pacifist, who doesn't explode. When he reads of the horrors that strew the Hun's Road.

Women outraged and children killed. We've read it in our paper's blood has been chilled.

Just think of the day that on Belgium dawned.

Of her women and children—and forever be warned.

Don't be a Pacifist—a "Dud."

Buy a bond.

## THE MAN ABOUT TOWN

That is interesting news contained in the announcement by the federal employment agent here, that he finds that since the influenza epidemic summarily forced the saloons to suspend business, he has had many applications from bartenders for other work. It is a happy and fortunate time for the bartenders here to come to this decision to change their line of work. I expect their prospective employers will find most of them capable men and honest, for the dishonest bartender has a short life in the average saloon. I feel like congratulating these men on entering a new line of work. Of course they may not hear so many war discussions as formerly and they may have to lose track of a number of bar-room authorities who know when the war will end but, on the whole, I think the congratulations of the friends of the saloon workers who want to change jobs are in order.

Supt. of Police Welch was very much pleased yesterday to have final disposition of the case of William J. Gould, check worker crook, made. Gould's case has been continued eight times. Yesterday he was sentenced to four months in jail. Mr. Welch said that hard times and much trouble starved Gould in the face. His picture is in the "roughies" gallery of the police departments of Boston, New York and Chicago, and other charges are pending against him. He is a slick phony check worker, preying for the most part on men having something to do with the automobile business. He has had many chances to turn honest but somehow never struck the trail.

Only those persons who have had much illness in the family and particularly in the case of a man who has had all the women ill at one time, can appreciate the very great kindnesses and conveniences contained in the opportunity that our people here in Lowell have to go to the community kitchen in Dutton street and buy excellent, nourishing meat soup for 15 cents a quart. This community kitchen by its service at all seasons of the year, can make a strong place in this community for itself and I am glad to commend this soup retailing idea as one of the potent ways of helping the families suffering from the epidemic.

## BACK TO OLD TIME ON OCTOBER 27

WASHINGTON, Oct. 18.—No further effort will be made by congress to continue the existing daylight saving law and the hands of the clocks will be turned back an hour on Oct. 27 as originally planned. This decision was reached yesterday at a conference between congressional leaders and Chairman Baruch of the war industries board, who had recommended that the law remain in force for the period of the war.

## BILLERICA NEWS

Thomas Talbot Clark, chairman of the Billerica Liberty loan campaign, announces that the town has gone over the top, and then some. The quota for Billerica was \$175,000, and the chairman states that \$225,000 is accounted for, and that there is a good prospect that by tomorrow night the figures will be close to an even quarter-million. Too much credit cannot be given to the work of the women's committee and the local troop of Boy Scouts, both of these organizations having proved themselves tireless and efficient workers throughout the drive. After being closed for the past month the Corner bridge between Billerica

and North Billerica was opened for traffic yesterday morning. The bridge was closed when a large truck owned by the P. O'Riordan Co., of Boston, went through the flooring of the structure, doing quite severe damage to the planking and also to the iron trusses on the north side of the bridge. Representatives of the O'Riordan Co. have been requested by the selectmen of the town to attend a conference in the town hall next Monday evening to settle the question of restitution. The influenza situation is pretty well cleared up here, not a single case having been reported in the last 48 hours. If this state of affairs continues it is expected that the board of health will

lift the general ban on schools and churches by the first of the week.

## TROLLEY TIME CHANGES

The following changes in trolley time have been announced by the Bay State Street Railway Co.: Beginning Sunday, Andover street cars will leave Merrimack Square on the even hour and half hour instead of 15 and 45 past as at present, and Hovey Square cars will leave 15 and 45 minutes past the hour.

If you want quick returns, try a classified ad in The Sun, Lowell's greatest newspaper.

## ORGANIZATION OF AUSTRIA ON FEDERALIZED BASIS

VIENNA, Oct. 18, via Basel.—Steps for the organization of Austria on a federalized basis were proclaimed by Emperor Charles today. The plan does not include the union of Austrian Poland with "the independent Polish state," he declared. The city of Trieste and the Trieste region will be treated separately, "in conformity with the wishes of its population," he asserts.

The Austrian emperor has issued the following manifesto:

"To my faithful Austrian people: Since I have ascended the throne I have tried to make it my duty to assure to all my peoples the peace so ardently desired and to point the way to the Austrian peoples of a prosperous development unhampered by obstacles which brutal force creates against intellectual and economic prosperity.

"The terrible struggles in the world war have thus far made the work of peace impossible. The heavy sacrifices of the war should assure to us an honorable peace, on the threshold of which, by the help of God we are today.

"We must therefore, undertake without delay the reorganization of our country on a natural, and therefore

solid basis. Such a pressing question demands that the desires of the Austrian peoples be harmonized and realized.

"I am decided to accomplish this work with the free collaboration of my peoples in the spirit and principles which our allied monarchs have adopted in their offer of peace.

"Austria must become, in conformity with the will of its peoples, a confederate state in which each nationality shall form on the territory which it occupies its own local autonomy.

"This does not mean that we are already envisaging the union of Polish territories of Austria with the independent Polish state.

"The city of Trieste, with all its surroundings shall in conformity with the desire of its population be treated separately."

## BRIEF BUT IMPORTANT WIRE DISPATCHES

WASHINGTON, Oct. 18.—Major the Honorable Charles Lyell, principal aide to Major General Macchiachian, military attaché of the British embassy, died here today of embolism after an attack of influenza. He was the second member of the embassy staff to fall a victim to the scourge. Captain Angus Macintosh died Sunday.

WASHINGTON, Oct. 18.—In a letter today to Senator Gerry of Rhode Island, author of the new law making a federal offense of bribery in congressional primaries or elections, Pres. Wilson expressed his satisfaction at signing the measure and said the department of justice would use this power to the limit of legitimate exercise.

BRITISH HEADQUARTERS IN FLANDERS, Oct. 18. (Reuters).—Belgian infantry forces entered the city of Bruges today.

PARIS, Oct. 18.—The Germans have begun a new retirement movement in the area between the Oise and Serre rivers, between Leon and Cambrai, according to the official statement from the war office today.

LONDON, Oct. 18.—More than 4000 prisoners were captured by Field Marshal Haig's forces yesterday in their offensive in the Bohain-Leclercq region, the British war office announced today.

NEW YORK, Oct. 18.—Raymond Robbins, head of the American Red Cross commission, which went to Russia last year, was called as a witness for the defense today in the trial of five men and women charged with distributing seditious circulars bearing upon American participation in the allied intervention in Russia.

LONDON, Oct. 18.—The allied troops in Serbia continue successfully their advance northward from Nish. A statement from the Serbian war office announced that the Serbs have captured Kruchevatz, 30 miles northwest of Nish.

LONDON, Oct. 18.—Marshall Haig's forces north of Cambrai captured a number of villages and crossed the Douai-Demmain road, advancing northeast of Lille, the British reached a point within a mile of Turoing.

NEW YORK, Oct. 18.—An attempt by counsel for five men and a woman charged with distributing seditious literature to make authenticity of the committee on public information's "Sisson papers," an issue in their defense came to naught through a ruling by Judge Clayton in the federal court here today.

LONDON, Oct. 18.—The Germans are preparing to inundate the low-lying lands south of the river Scheldt, in eastern Belgium, according to a Central News despatch from Amsterdam. The inhabitants have been ordered to abandon their homes immediately.

ATLANTA, Oct. 18.—One hundred German sailors, interned at Camp Devens for the duration of the war, subscribed \$500 to the Fourth Liberty loan today. Lieut. Victor M. Frier, in charge of the internment camp addressed the men regarding the loan and at the conclusion of his remarks everyone of the Germans contributed \$5 toward the purchase of a \$500 bond.

BERLIN, Oct. 18. (via London).—Enemy attacks on the German lines yesterday resulted in the penetration of the lines at isolated points, army headquarters announced today.

FORT WORTH, Tex., Oct. 18.—Flying Cadet W. L. Woodside of Amherst, Mass., injured last Monday in a crash, died last night.

WILL ADDRESS TEACHERS  
Albert Edmund Brown, director of music at the State Normal school, will speak at a state convention of Rhode Island teachers to be held Friday, Nov. 1, at Providence. His subject will be "The Child, Music and Method in Education."

CHAUFFEURS' EXAMINATION  
The regular weekly examination of applicants for chauffeurs' licenses was held at city hall this morning under the direction of inspectors of the state highway commission. A small class of applicants went through the tests.

Bright, Sears & Co.  
Bankers and Brokers  
WYMAN'S EXCHANGE  
SECOND FLOOR

## STOCK MARKET

NEW YORK, Oct. 18.—Ralls, coppers and oils guided the list to materially higher levels at the opening today, gains ranging from 1 to 2 1/2 points. The advance also included U. S. Steel, Baldwin Locomotive, American Can, Standard Oil, and others. Gains of large fractions to 1 1/2 points. Marbles alone failed to register more than nominal improvement. Oils extended their advance in the first half hour, but elsewhere prices reacted moderately on profit-taking.

The market, seething with activity during the morning, the first hour's turnover approaching half a million shares. Selling for profits and a 1 point decline in Marbles preferred provoked reaction of 1 to 3 points from highest levels. U. S. Steel also forfeited most of its gain of 1 1/2. Leaders of the highest prices in the first half hour, but elsewhere prices reacted moderately on profit-taking.

Further profit taking ensued later, traders becoming cautious on the speculation of a decline in Marbles. Petroleum continued its advance to 22 points and Royal Dutch 18. War stocks also improved, Baldwin Locomotive and Crucible Steel and Baldwin Locomotive, yielded 1 to 2 points. Included among the gains of the morning were Standard Oil, American Can, U. S. Steel and Royal Dutch rising 18 points, and fresh strength to the market at noon.

NEW YORK, Oct. 18.—Cotton futures opened steady at Oct. 18; Dec. 18, 30.20; March 29.85; May 29.11. Futures closed steady. Oct. 18, 30.85; Dec. 30.85; March 30.30; May 29.11.

Spot steady; middling 32.55.

NEW YORK, Oct. 18.—Exchanges, \$613,537,630; balances, \$73,371,709.

Money Market

NEW YORK, Oct. 18.—Time loans strong, 6 bid. strong; high 6; low 6; 6 1/2; 6 3/4; closing bid 6 1/2; offered at 6, last loan 6; bank acceptances 6 1/2.

Prime prices on Liberty bonds today:

1st 95.80; first convertible 95.70; second 95.70; first convertible 95.70; second 95.70; first convertible 95.70; second 95.70.

## WHEN YOU CAN HUNT 'EM

### Duck Season in Some States, but Read Law Before You Shoot

Would you hunt the duck, the geese or the mud hen this fall? If so you'd better look over Uncle Sam's revised game laws for migratory birds.

Under the new federal law the United States has been divided into five sections in which the open season on migratory birds are standardized.

Outside the non-game birds which are protected in the United States and Canada the following birds are protected by no open season, wood duck, eider ducks, swans and certain shore birds.

Game birds on which there are open seasons are brant, ducks (except wood duck and eider ducks), geese, coot, gallinules, Wilson snipe and jacksnipe, golden and black bellied plovers, greater and lesser yellowlegs, woodcock and mourning and white wing doves; which may be killed between half an hour before sunrise and sunset.

The accompanying map shows open seasons for water fowl (except wood duck, eider duck and swans), coot, gallinules and Wilson snipe.

Open seasons on the other game birds are as follows:

The open season for sora and other rails (except coot and gallinules) shall be from Sept. 1 to Nov. 30, except in Louisiana the open season shall be from Nov. 1 to Jan. 31.

The open season for black-bellied and golden plovers and greater and lesser yellowlegs shall be as follows:

## POLISH DELEGATES SAY KAISER DEPRESSED

PARIS, Oct. 18.—Prince Radziwill and Count Benker, the Polish delegates who went to the German emperor's headquarters last August to present to him Poland's claims, were much struck by his depression and indifference, says the Matin. He consented readily to demands, the newspaper adds, which ought to have appeared very excessive to him.

The government pays more for miles than for horses for war service. The average prices paid up to June 1 have been as follows: Mules, wheel, \$22; lead, \$18; pack and riding, \$18. Horses, cavalry mounts, \$16; light artillery, \$18; heavy artillery, \$22; young horses, \$12.

The Sun prints the news of the world when it is news and only such news as is fit to print

PEACE STOCKS MILLION A MINUTE

**Boom Assumes Broad Proportions in Spite of Warning That War Is Not Over**

**Movement Rivalled Many War Sessions of Exchange in 1915 and 1916**

NEW YORK, Oct. 18.—Notwithstanding official warnings from Washington that the war is not yet over, the boom in peace stocks, which began early in the week today assumed broad proportions. In point of activity and scope, the movement rivalled the many war sessions of the stock exchange in 1915 and 1916.

Sales during the first hour aggregated almost 500,000 shares or on the basis of over 2,500,000 shares for the day. Advances in those stocks which it is believed would benefit by a declaration of peace, ranged from 2 to 10 points. The public as well as professional investors, were buyers.

Of the chief beneficiaries, repunting new maximums at advances of between 2 to 10 points, while others next in favor, recorded gains of 1 to 3 points. Ralls moved upward 1 to 3 points.

Conversely the war issues which have been speculative favorites, were subject to liquidation. United States Steel, by some regarded as a peace stock, by others a war issue, gained 1 1/2 points at the start, later forfeiting most of it, and again moved upward. Leaders in the war group, Bethlehem and Crucible Steels and Baldwin Lo comotive yielded 1 to 2 points.

GERMANY FEARS BOYCOTT WEAPON

LONDON, Oct. 18.—(British Wireless Service).—Comment from the German newspapers circulated by the German wireless service gives an interesting vision of peace as the German writers imagine it. All the newspapers of the

Nearing Quota

Continued

Tomorrow is the final day of the drive and there is every indication that Lowell will go over the top providing everybody does his share.

Large Subscriptions

Among the large subscriptions reported, last evening to the loan committee were the following: Abbot Worsted Co., \$100,000; United States Worsted Co., \$50,000 (partially subscribed previously); Ipswich mills, \$15,000; Lowell Buick Co., \$5000; Boutwell Bros., Inc., \$5000; Dennis A. Long, \$10,000; Federal Shoe Co., \$5000.

Fire and Police

The fire and police departments here in Lowell are coming through in great style in the fourth loan. Out of 127 men in the police department, 124 have subscribed for \$10,250 worth of bonds. The department is on the verge of obtaining a 100 per cent record. In the fire department 56 members have subscribed for a total of \$8950 and the work is still going on.

N. E. LIBERTY LOAN

TOTAL \$410,466,000

BOSTON, Oct. 18.—Although \$34,870,000 was added to the New England Liberty loan total yesterday, the district today still was nearly \$90,000,000 short of its quota of half a billion. The total to date stood at \$41,466,000.

Returns from Connecticut put that state over its quota, the first New England state to over-subscribe. The quota was \$66,662,000 and today the state had \$67,056,000 to its credit with many more subscriptions still to be officially reported. Maine lacked only slightly over \$1,000,000 of its quota.

Of yesterday's subscriptions, Massachusetts contributed \$23,839,000; Connecticut, \$3,772,000; Rhode Island \$3,745,000; New Hampshire, \$1,827,000; Maine, \$1,225,000 and Vermont, \$572,000.

Of the Massachusetts total \$14,753,000 came from Boston.

Maine had 254 cities and towns in the list of over-subscribed communities. Vermont 157, New Hampshire 131. Massachusetts 53, Connecticut 73 and Rhode Island 5, a total for the district of 708.

CAMOUFLAGED FOREST AIDS YANKS IN FRANCE

BEHIND THE AMERICAN LINES IN FRANCE. (Correspondence of the Associated Press).—A make-believe forest stands along the edge of the road at the entrance to the American

Commonwealth of Massachusetts. Middlesex, Superior Court.

To the heirs-at-law, next of kin, creditors, and all other persons interested in the estate of Thomas Mahon, late of Lowell, in said County, deceased, intestate.

Whereas a petition has been presented to said Court to grant a letter of administration on the estate of said deceased to Thomas P. Mahon of Lowell in the County of Middlesex, without giving a surety on his bond.

You are hereby cited to appear at a Probate Court to be held at Cambridge in said County of Middlesex, on the thirty-first day of October A. D. 1918, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And the petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this seventeenth day of October in the year one thousand nine hundred and eighteen.

**What Nation Must Subscribe to Put Fourth Liberty Loan Over the Top**

**Plan Whirlwind Finish of Campaign for Greatest War Loan in History**

WASHINGTON, Oct. 18.—One million dollars a minute is what the nation must subscribe between now and midnight tomorrow night, if the Fourth Liberty loan is to go over the six billion dollar mark.

Treasury officials estimated today that just about 33 working hours remained to the two million solicitors when they set out this morning for a whirlwind finish to the three weeks' campaign for the greatest war loan in all history. The task before them

Continued to Last Page

camouflage station here. It looks as natural as the real woods along the fighting front, with the shiny silver bark of the beeches, the rough, jagged trunks of the old apple trees and the sprouting tops of the dwarf willows.

Yet, every tree in the camouflage forest has a steel core within which an observer peers forth to watch the movements of an enemy or a machine gun is located to sweep forth from its hidden recess. They are only one of the many strange devices to deceive and mystify the enemy which this American camouflage station is sending forth to the fighting army.

Camouflage is one of the distinctly new products of the war, even in the name, which was used for the first time by General de Castelnau, chief of staff to General Joffre. The word is not good French, but comes from the argot, or French slang, the verb "camoufler" being used by French police to indicate any disguise used to capture criminals. For example, a detective camouflages himself by dressing as a coachman.

Early in the war the famous portrait painter, Giron de Siveia, conceived the idea of disguising batteries and buildings by painting them in fantastic patterns blending with the landscape. He laid the plan before General de Castelnau, who struck with the practical value of the plan, exclaimed "Camouflage!" And from that time the word

DAD MEN, LOOK OUT! THE LADY PROSECUTOR HAS ARRIVED

Notice to evil-doers: The kind but firm looking lady in the picture is Miss Nelle Carlin, new assistant state attorney of Cook-co., alias Chicago!

Miss Carlin will probably be assigned to duty in the court of domestic relations, where she would have a chance to deal justice—and then some

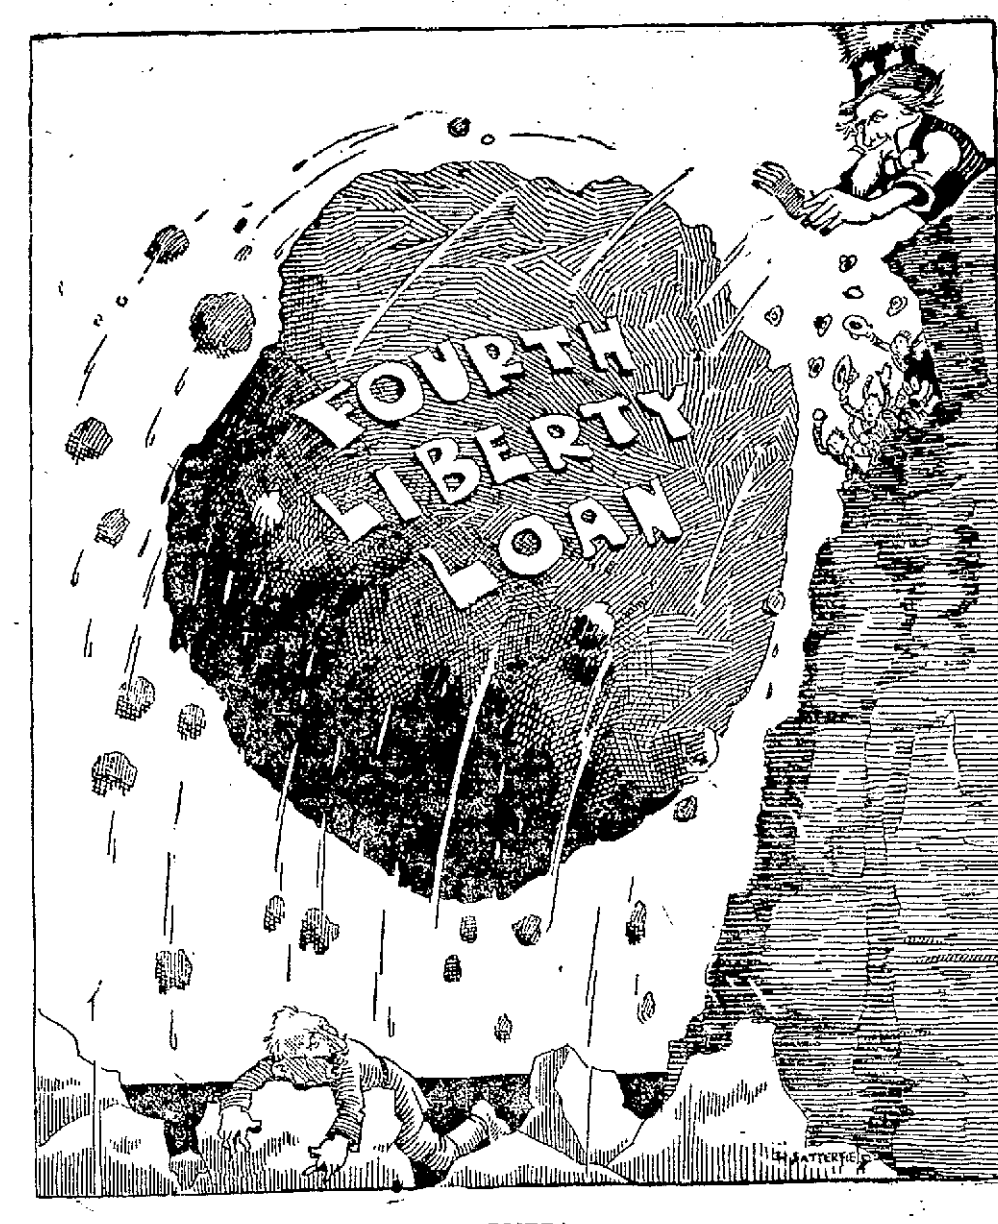

NELLE CARLIN.

—to the wicked men who beat their wives and get drunk on pay-day. Asked if she would be tempted to favor her own sex in such cases, Miss Carlin replied, "I shall always be governed by the evidence and the facts in the case." Just like a masculine lawyer, isn't she?

But she proved her feminine wisdom by going on to state:

"Unfortunately girls and women who come to the court of domestic relations would rather suffer any penalty than to tell the intimate details they must tell to a man. When they have the opportunity to unburden their hearts to a woman their innate modesty does not suffer so greatly. It would be not only a prosecutor but a defender—and still a guardian."

The doorkeeper of the court-room who has often seen Miss Carlin in action reports "She's a peach when she's good but look out for her when anybody gets her mad!"

OVER!

grew and with it grew into a tremendous magnitude this art of misleading the enemy.

The American army has been quick to make a full use of the strange new weapon of warfare and the camouflage plant is one of the most complete in existence with a working force of nearly one thousand and a staff including many of the well-known mural artists and decorators and sculptors of America, all of them engaged in producing these curious devices by which military art deceives the enemy.

One of the officers, Captain Homer Saint Gaudens, is a son of the American sculptor, Saint Gaudens. Another, Major Tracy, is a son of the Lincoln Memorial. Lieut. Barry Vandiner, is an American mural artist and Lieut. Sherry Frey, an American sculptor in Paris. Sergt. Leslie Thrasher and F. Earl Christy and Corporal Duer are well-known American illustrators. Walt Lee is a cartoonist and Sergeant Murphy is an American mural decorator whose work is well-known in England.

But there must be something more than stage properties in the productions of these artists; they must be practical and suited to the uses of warfare, and it is the part of Colonel Bannion, head of the camouflage station to keep these artistic productions within practical limits. The colonel is an engineer officer with West Point training, and when any camouflage is adopted for American army uses, it has the double merit of being the product of American artistic skill and at the same time an eminently practical device from the standpoint of military engineering.

LATEST PLANES CAN ALMOST GO ALONE

BEHIND THE BRITISH LINES IN FRANCE, September.—The absolutely fool-proof airplane has not yet been invented but in the opinion of American pilots, who are working in a British aerodrome, the newest British machines have very nearly solved the problem.

Left to themselves these latest type of heavier than air machines will make their way safely to earth, except for slight damages which may follow a landing. The machines are so balanced and the wings so arranged, that when the engine stops they glide gradually and easily to earth.

The following test shows how stable these airplanes are: A pilot climbed to a sufficient height, and then stopped his engine and took his hands off the controls, merely keeping his feet on the rudder bar. He steered

for an aerodrome 30 miles away and except for keeping her straight he let the airplane do what she liked. She travelled the whole 30 miles as steadily as a bicycle coasting down a long, straight and gentle hill. Of course, the pilot had to take hold of the control stick to land the machine in the aerodrome, but except for that, and the steering, the airplane made the whole journey by herself.

England of the impression the Americans were making by their modesty and their quiet way of accomplishing things, I was inclined to be skeptical. I am no longer skeptical. The past few weeks of the war seem to have changed everything, and I now know more of the United States as a nation than I could have learned had I lived here for 30 years of peace-time."

NO AMERICAN BRAGGING

Britisher Amazed at Lack of It, Writes to London of a Subdued Nation Here

LONDON, Sept. 27 (Correspondence of the Associated Press).—One Englishman writes from Kansas City to a London newspaper to express his surprise because Americans are not boasting over the achievements of the American soldiers in the war.

Before the Americans began to fight he was much impressed by evidences of great enthusiasm for the war and little realization of the sacrifices involved.

"I wondered what would happen when the Americans had their first big affair," he writes. "I anticipated an unprecedented burst of patriotism which would probably exaggerate what had been accomplished by the American troops."

"The German drive started, and the reports came in of the way the boys had held the line and stood firm, and, in fact had done all that their home folks had expected of them. There seemed to be an ominous calm when the news arrived. I began to look for the uproar, for the enthusiasm which my previous experience had led me to expect."

"Now comes the enigma. The calm continued. One man said, 'We're getting a lot of credit. I wonder if it's true.' Women, whom I had heard again and again making remarks to the effect that 'the boys would show them how to fight,' were absolutely subdued. Not a single boastful expression have I heard. On all sides people are wearing a quiet smile. The external enthusiasm seems to have vanished right into their hearts, and today the United States is realizing with quiet pride the seriousness and tremendous possibilities of the cause it has undertaken."

"When I read in despatches from

MARJORIE CORYN GIVEN ELABORATE DINNER BY THE ROYAL ENGINEERS

Marjorie Coryn

the front at one of the canteens in France. Recently the officers of the Royal Engineers gave an elaborate dinner in her honor.

Miss Coryn, in France for more than a year, has been actively engaged in canteen work under General Gouraud's army, and lately was transferred to Chalons, where thousands of wounded soldiers are brought every day.

HUGE FIRES IN BRUGES

AMSTERDAM, Oct. 18.—Huge fires have been seen in the direction of Bruges, reports from Flushing say. The flames are spreading.

CHANGE CUTS WAR TAX BIG HUN EVACUATION

BY \$140,000,000

WASHINGTON, Oct. 18.—The senate finance committee in revising the war revenue bill today amended the house provision by fixing a flat tax of 12 per cent upon the net income of corporations and eliminated a section imposing a 6 per cent additional tax upon undistributed earnings. Chairman Simmons estimated that this change reduced the tax approximately \$140,000,000.

MADE 3,054,160,110 SMALL CARTRIDGES

WASHINGTON, Oct. 18.—A grand total of 3,054,160,110 small arms cartridges have been manufactured by American factories since the United States became a belligerent.

Of this enormous total, 2,510,628,610 are service ball cartridges for machine guns and rifles and 275,534,200 are calibre .45 automatic pistol and revolver cartridges.

The remainder are miscellaneous cartridges, including many types especially adapted for use in aircraft and a limited number of cartridges for training purposes. The special aircraft types can tracer, incendiary armor piercing and other types found highly effective in forcing the fighting in the air.

Cartridges are being turned out by the tens of millions daily, and huge reserves are always kept on hand at points convenient to the fighting fronts on which Gen. Pershing's armies are pushing back the Germans.

WOULD CUT OFF HUN RETREAT TO GHENT

LONDON, Oct. 18, 1 p. m.—(By the Associated Press).—Belgian cavalry is pursuing the retreating enemy on the Flanders front today with the object of cutting off his retreat to Ghent. The artillery is following closely and carrying out a vigorous bombardment with the same object.

The town of Blankenberghe, on the Belgian coast southwest of Zeebrugge, was occupied by allied forces today.

For kicking a London policeman, a soldier was sentenced to six weeks' hard labor. A hundred persons saw the struggle, but only a wounded soldier interfered on behalf of the policeman.

BOY STRUCK BY AUTO

Gerard Kiah, a young boy living at 773 Merrimack street, ran in front of a machine being driven by Edwin C. Morrison, of 18 Belknap avenue about noon today at a point in Merrimack street near St. Joseph's college. His injuries necessitated his being taken to the Lowell hospital. The injuries were mainly about his right arm. Morrison reported the matter to the police.

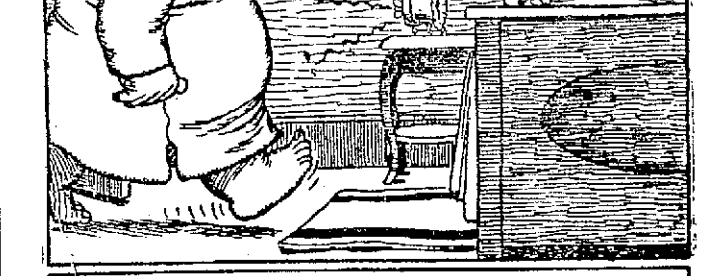

CARD OF THANKS

We, the undersigned, wish to extend our heartfelt thanks to our relatives and many friends, for their many acts of kindness, floral gifts and spiritual offerings which helped to lighten our sorrow in the loss of a loving husband, father and son. Each and everyone will always be held in loving remembrance.

MRS. MICHAEL FLYNN and Family, MR. AND MRS. JOHN FLYNN and Family.

"Tagelblatt" says it is common in Berlin to see as many as 20 people, mostly women, who have stood eight hours waiting their turn to buy new or second-hand boots and shoes at extortionate prices.

## Allies Move On

Continued

British maintain strong pressure all along the line to east of Cambrai. Further south the enemy is retreating from the angle between the Oise and the Serre.

## Zeebrugge Occupied by British.

Zeebrugge, the second and last of the submarine bases on the coast, is reported occupied by British forces, probably naval units, and the army is reported to have evacuated Bruges, which Belgian cavalry is approaching. In the center the French and Belgians continue to advance toward Ghent by way of Thielt.

## British Capture 4000

In the Lille region, the British are working eastward toward Tournai, and Roubaix and the fall of these cities appears to be a matter of hours only. East of Douai, Field Marshal Haig is marching toward Valenciennes. In the operations south of Valenciennes Thursday, the British took 4000 prisoners.

## Flee to Escape Trap

The German retreat between the Oise and the Serre was made necessary because the enemy was being pressed in by the French. The French are advancing northward toward the junction of the two rivers and have taken Angoulême and north of the Serre. Northwest of the Argonne forest, General Gouraud is pushing forward against stubborn resistance and the fighting front west of Grand Pré has been extended to Vouziers. In the neighborhood of Vouziers the French have carried out an important stroke by crossing the Aisne river. Evidently they aim to advance northeast from Vouziers, and outflank the Germans in the Bonli forest. This would be of great assistance to the American advance east of the forest.

## Quit Belgian Coast

Germany has apparently lost the whole of the Belgian coast, which for four years has been the base of submarine and aerial attacks against England and English shipping. Ostend has been taken. Belgian patrols are in Bruges, which is only eight miles from the Dutch frontier. German forces defeated and virtually demoralized in full retreat toward Antwerp.

## Immense Booty Taken

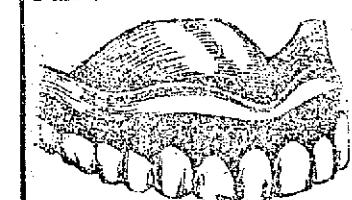

Over a wide sector of the front in Belgium and northern France, the British, French and Belgian armies have swept forward with relentless speed, crushing rear guards left behind by the Germans to retard pursuit. Immense quantities of material

## MY CHARGES FOR

**HIGH CLASS DENTISTRY**  
Are YEM PER CENT. above the ACTUAL COST OF PRODUCTION, nothing more.

**DENTAL TRUST**  
I am entirely independent. No group of dentists or dental society can regulate my prices.

Men, women and boys in different departments. Good wages and steady work. This plant is rated by the government as an essential industry. Apply at U. S. Employment Bureau, 119 Merrimack St.

## Read This About

## Influenza

## A Slight Chest Cold Often Leads to Deadly Pneumonia

When you catch cold during this epidemic don't take any chances. Influenza starts with a cold, so send for your doctor at once.

In the meantime protect your throat and chest and ward off inflammation and soreness by rubbing on Mustarine.

It's better than a mustard plaster, will not blister and stops all aches and pains quicker than anything you can buy.

Tens of thousands use it for sore throat, chest colds, pleurisy, bronchitis and bronchitis—it's wonderful.

## Americans Aid in Drive

Keeping step with this movement, although at a slower pace, the allied forces further south have been moving ahead. From reports, it would appear that two American contingents are operating on the front east of Cambrai and St. Quentin. The French are working with the British and are aiding the advance into the German defenses east of Le Cateau. The other is with the French, and is materially assisting in the attempt to smash in the right flank of the German salient northeast of Laon.

## Flee From Laon Sector

In both these regions, the allies have fought their way ahead in the face of withering gusts of bullets and shells from the German armies, which have apparently turned at bay. It is probable that east of Le Cateau, the Germans are standing on the Hainaut line, the defensive line running northwest to support the Hindenburg system, which is now gone. Further south, the enemy is evidently holding; the allies at bay until the forces retreating from Laon can make their escape.

## Americans Gain Ground

The retreat from Laon has, it is admitted by the allied observers, been conducted with great skill. It has been a tremendous task to move thousands of men, hundreds of heavy guns and mountains of munitions out of the Laon sector, but it is being done while the flanks of the salient stand firm.

In spite of bad weather and the terrible condition of the ground, General Pershing's men have gained ground east of the Argonne heights, Cote Chaillon, a dominating height, has been taken and positions near it are solidly held by the Americans.

## RETREATING HUNS CONTINUE ACTS OF BARBARITY

WITH THE FRENCH ARMY IN FLANDERS, Oct. 18. (Havas).—In their plans for a retreat from Belgium, the Germans had prepared three successive lines upon each one of which they intended to make a last stand. According to captured German officers the first line already have been broken by the allied advance and the third one will be reached in a few days.

At the beginning of the allied attack on Oct. 14, there were eight divisions in the Germans' first line. These were reinforced by seven new divisions, but the new divisions already were exhausted and were of little help. During the night of Oct. 15-16, two divisions from the Russian front were thrown into the battle, but their strength had been greatly reduced and their morale was weak. The 17 divisions have lost heavily in prisoners, killed and wounded.

The retreating Germans continue acts of barbarity. At Iserehem German soldiers threw bombs into a dug-out where civilian refugees had sought shelter and were waiting for liberation.

## Textile School

Continued

opportunity you have of becoming leaders of men, and I know you will not forget the traditions of this institution and of the city of Lowell. You have received your chance to make good for your country, and now it is squarely up to you. In closing I am going to try and translate a little Latin quotation which seems to me to be very pertinent to this occasion. Roughly speaking, it means: "Work as if you were to live forever, but live as though you were to die tomorrow."

A photograph was then taken and the boys marched to their quarters. Capt. Charles N. Cecil, U.S.A., Rtd., is the commanding officer at the school and is assisted by Lieut. James K. Davis, Q.M. officer, E. W. Nichols, Adj., and Lieut. Harold Dudgeon. This is the only Textile school in the country which has been given the right to establish a students' army training corps as colleges and technical schools are the only classes of institutions considered eligible to establish this branch of training.

The school is only for draftees between the ages of 18 and 20. The boys of 20 will be withdrawn from the school in January of next year, the boys of 19 in April, while the class of 18 will finish the year there. Those who are highest when withdrawn will remain in school, those next will be sent to a commissioned officers training school, and those next in proficiency to a non-commissioned school. The rest will be sent to some cantonment. Whatever branch a boy is found most proficient in, he will

## FOR SALE

EDISON HOME PHOTOGRAPH and 135 Reel, all in good condition, for sale. Will sell cheap. Call at once, 1951 Lakeview ave.

## Ban Still On

Continued

certain time in the morning until 6.30 in the evening. Dr. Brunelle believes that we can do business within those hours to the satisfaction of the board.

Dr. Brunelle at the present time is a health question. It has brought many other conveniences, of course, but on the other hand, we must admit that the calamity has been so great as to warrant the board asking fair-minded and patriotic citizens to make sacrifices.

The doctor admitted that the proposition of the liquor association was quite reasonable from one point of view, but yet he maintained that the great danger in their re-opening would be the infection from drinking glasses.

He said that this could not be "overlooked with grace by the board."

Patrick Keyes asked if conditions in Lowell were worse than in Lawrence, Boston and Holyoke.

Dr. Brunelle—"Dr. Simpson could answer that better than I. We are concerned principally with local conditions."

Mr. Marren—"I don't believe there is any infection from glasses if alcohol has been used in them. I think that the time has arrived when the board's restrictions can be lifted. Saloons are opening in other cities and I don't see why they can't here."

Mr. Marren suggested that a trial be given the proposition of the association and held until such time the glass question would be taken care of.

Dr. Brunelle—"If you felt that the health question rested more or less on your shoulders as a man who was supposed to know a little more of health matters than other people, you would feel that you should have the courage to keep the ban on until the epidemic were at a minimum."

Mr. Keyes—"There's not a man who has closed his business but what has lost money."

Mr. Marren—"I think the mayor here can tell you that the liquor dealers have lived up to the regulations of the board of health."

Mayor Thompson—"I can say that as far as I have been concerned you have lived up to the regulations very well. I think I should mention one thing which Dr. Brunelle has not mentioned—Dr. Simpson has said that he is willing to be quoted as saying that it will be dangerous to lift the ban now."

Mr. Marren—"Isn't it true that there have been more cases per capita in Lawrence than in this city?"

Mayor Thompson—"No, that is not so. However, there's no question but what it is in the wane."

Mr. Conway—"We're willing to accept your judgment as a board and if you think the public health demands it, we are willing to remain closed."

Enter Theatre Managers  
Close on the heels of the liquor dealers came a number of the local theatre managers representing the Lowell Theatre Managers' association. Walter J. Nelson asked if there was any possibility of the theatres opening yet.

Dr. Brunelle—"We've just had a conference with a number of men who are as full as in yours and we've told them that we didn't believe that they should open yet. We have had a report from Dr. Simpson, the state health man, and he feels that we should not yet make a definite date for the opening of theatres. That's the consensus of opinion of the board members."

Manager Soliman asked why theatres in Haverhill and Quincy would be allowed to open. Dr. Brunelle replied that was a purely local situation. Manager Pickett said that the local theatres would not be allowed to open Monday and Dr. Brunelle replied that it looked that way now.

Manager Soliman said that he understood that the Boston theatres were to open Monday, but Dr. Brunelle said that according to a letter from the state board of health the ban had not yet been lifted in Boston.

Mr. Pickett—"I think the entire situation is inconsistent. In Boston, Lawrence, and other cities they are opening up and there's going to be congestion there."

Mr. Nelson—"I don't see why the

Domin theatres are advertising extensively unless they have some definite assurance that they are to open.

Manager Chas. Harpoot said that the local theatres could not open at a notice of the board and they must be notified in advance.

Mr. Nelson said that there were more than 130 theatre employees in Lowell and it would be a hard job getting them back to work unless the theatres opened soon.

The argument was advanced by Mr. Nelson that the factories were allowed to keep open and there was congestion there. Dr. Brunelle said that there was not the close contact that there was in the theatres. Manager Averill said that that could be overcome.

Dr. Carroll—"How, please?"

Mr. Averill—"Have people sit in every other seat."

Dr. Carroll—"That's as impossible as controlling the weather."

Mr. Averill—"Nothing is impossible."

Mr. Pickett said that he thought the best thing to do was to have the board of health call up the theatre managers when it was ready to have them open. He said that they had volunteered to close and would wait until they were ordered to open. The theatre men then made their exit.

## Hospital Report

Dr. Brunelle read a report from the isolation hospital for yesterday showing that 14 patients had been admitted, 15 discharged and one had died. There are now 61 patients at the hospital.

Questioned as to the board's attitude on the church, school and store question, Dr. Brunelle replied that all public gatherings be avoided had yet been made.

Adjourned at 12.20.

## REPORT GERMAN "SUBS" ARE CALLED HOME

AMSTERDAM, Oct. 18.—The Hanscheider published with fervor a report that the German admiralty has issued wireless instructions to all submarines to return to their bases.

**Not to Use Torpedoes**  
(By the Associated Press)  
AMSTERDAM, Oct. 17.—According to the Courant, the German newspapers last night were to publish the following communication:

"The German army command has brought military measures into accord with the steps taken for the conclusion of peace. The German armies have received orders to cease all devastation of places unless they are absolutely forced to follow this course by the military situation for defensive reasons."

"Nevertheless it is to be expected that in the gradual retreat property will be lost which is irreplaceable by money—that is to say, insofar as such devastation is inherent in the conduct of the war itself, and especially in the bombardment of German positions by enemy artillery."

## MINNESOTA FIRES ARE UNDER CONTROL

DULUTH, Oct. 18.—Fires throughout the burning districts of six counties of Northern Minnesota last night are considered well under control and there seems little chance of their breaking out again. The entire section of the country is being patrolled by hundreds of soldiers and home guards. Every blaze that is not isolated by buck-firing is being quenched before it gets a start.

## LOWELL MAN WOUNDED IN WAR ZONE

Private Samuel Robitaille, son of Mr. and Mrs. Thaddeus Robitaille of 257 Moody street, has been wounded in France, according to a telegram received by the parents from the war authorities last evening. According to the message the degree of the wound has not been determined.

Private Robitaille has been in the army about a year and in France several months. The last letter received from him by his parents was dated Sept. 7 and at that time the young soldier informed his parents that he had been gassed about a month previous, but was recuperating rapidly and expected to return to the front soon. Priv. Robitaille is a prominent member of Club Lafayette and the C.M.A.C.

### Million a Minute Continued

workers was recognized as a stupendous one, but there was no doubt here that it would be accomplished.

Officials have no doubt that the nation would respond liberally to the call for dollars, for failure of this loan not only would dishearten the American and allied armies, but would give new hope to the shattered German hosts in retreat over half the western front.

It was apparent from the flood of early morning telegraphic reports to headquarters that a new spirit pervaded loan committees everywhere to go far above the individual mark set for them. This prompted national campaign managers to hope anew for a large over-subscription.

Scores of messages today told of plans for suspending business in communities tomorrow to minimize interference with the loan drive. Several hundred thousand men and women who heretofore have taken only a passive interest in the loan drive have been enrolled as solicitors for the last day.

**New York Subscriptions**  
NEW YORK, Oct. 18.—The New York federal reserve district advanced the Liberty loan subscriptions overnight by \$92,207,450, according to tabulations at 10 a. m. today.

The total then was \$1,041,000,000. The quota is \$1,500,000,000.

**\$1,250,000,000 Subscribed**  
WASHINGTON, Oct. 18.—The Fourth Liberty loan today neared the home stretch of the campaign with \$4,250,000,000 subscribed and \$1,750,000,000 to be raised in two days remaining.

Despite this tremendous unsubscribed balance, campaigners throughout the country reported they would be satisfied with nothing less than an over-subscription.

### PRES. WILSON AGAIN APPEALS FOR LOAN

NEW YORK, Oct. 18.—That Americans should lend to their government more liberally than ever before, that "the great war for the rights of America and the liberation of the world

may be prosecuted with ever-increasing vigor to a victorious conclusion," was the declaration made by President Wilson in a message read at a Liberty loan rally of Columbia University student training corps yesterday. His message follows.

"Again the government comes to the people of the country with the request that they lend their money and talent upon a more liberal scale than ever before in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever-increasing vigor to a victorious conclusion. It makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment."

"The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America have from the first until now dedicated both their lives and their fortunes to the vindication and

maintenance of the great principle and objects for which our government was set up. They will not fail now to show the world for what their wealth was intended."

## ARRESTED FOR ALLEGED LARCENY OF AUTO

Alexander Trusco, a resident of this city, was arrested early this morning in Arlington for the alleged larceny of a Ford automobile, while his brother-in-law, Joseph Ostia, who also makes his home in this city, was apprehended later in this city by Capt. Atkinson at the request of the Arlington police.

Also in connection with the alleged larceny of the automobile, Ostia was taken to Arlington this forenoon.

According to the story told by Chief Urquhart of the Arlington police, Trusco was arrested at 1:30 o'clock while attempting to crank the Ford automobile, which it is alleged was stolen.

It is claimed that Ostia was with his brother-in-law at the time but he managed to make his escape. In the car was found two number plates and when asked about them Trusco said they belonged to Joseph Ostia, his brother-in-law, who resides in Cushing street, this city.

Ostia was questioned at the station and he said the last time he saw his brother-in-law was last night at 9 o'clock. He denied any knowledge of the Ford automobile. Trusco, who is 33 years of age and a boilermaker employed at the Billerica car shops, was arrested in Concord Sept. 10 on a complaint charging him with the larceny of a Ford auto. It is claimed that the owner of the stolen car after reading an advertisement for the sale of a Ford car in Cushing street, came to this city and looked the car over. He claimed he recognized a tool box and a hammer, which were formerly in his car and hence the arrest of Trusco. The latter is now awaiting trial in the superior court. Ostia is 24 years of age.

**YOUTHFUL THIEVES ARRESTED**  
Lieut. Maher and Patrolman Tsarfara arrested five boys ranging in age from 11 to 14 years this morning and it is believed that by the arrest of the youngsters the mystery surrounding several breaks in local stores has been cleared. The boys were taken to the station and when questioned about their doings, it is claimed they confessed to no less than eight breaks and admitted stealing money and goods from various places. The lads will be arraigned at the juvenile session of the police court next Friday.

Boys' V-neck sweaters, \$3.00, \$3.50, \$4.50 and \$5.00 at J. C. Mansour's, cor. Merrimack and Hanover streets.

F. M. Livesey, the Canadian correspondent at the front, says the tank "Dominion" led the tanks into action in the Canadian sector with a pipper of a Manitoba unit sitting on the top skirting a pibroch. He came through unscathed, but another pipper who piped his battalion into battle was killed.

## ARRAIGNED ON CHARGE OF MANSLAUGHTER

Ralph A. Knight of Billerica was arraigned before Judge Enright at this morning's session of the police court on a charge of manslaughter in connection with the death of Ora S. Decatur, which occurred at St. John's hospital Oct. 13 as a result of injuries sustained in an automobile accident, which occurred in Billerica on the night of Oct. 11. The defendant entered a plea of not guilty and his case was continued until Nov. 3, bail being fixed at \$2000.

According to the report filed by Medical Examiner T. E. Smith, Decatur was driving his horse in Billerica on the evening of Oct. 11 at about 7:30 o'clock and when a point near the

Fordway bridge was reached, Knight's automobile struck Decatur's horse. Decatur was thrown out of his carriage and dragged some distance by the horse. He was taken to St. John's hospital, where he died two days later. Decatur resided at Nutting's point, Billerica.

A rather novel and curious weapon in the form of a combination pocket-knife and revolver was produced to court this morning, when Luca Neglik was arraigned on a complaint charging him with the larceny of \$50, the revolver-knife and a pocketbook from John Krazanis. The knife is an ordinary pocket-knife with but one large blade, but is equipped with a tiny apparatus from which a 22-calibre cartridge can be fired.

When questioned about the instrument, the owner, Krazanis, said he purchased it some time ago from a Chicago firm after reading an advertisement in a Greek newspaper of New York. He said he paid \$5.50 for it and purchased it with the intention of sending it to his brother, who is in the United States army. Judge Enright kept the knife and said he would turn it over to the state police for investigation.

Neglik when asked to plead to the charge of larceny, admitted his guilt and informed the court that he had made restitution. He was ordered to pay a fine of \$10.

Alex. McGill of Dracut, charged.

## A TREAT FOR AN EPICURE

is that new table luxury—the successor to butter—made from the nutritious parts of the delicious white meat of the coconut, churned with pasteurized milk. Benefit Brand "Sweet Nut" Margarine is better than most butter—always fresh, sweet, delectable to the taste and at 30c a lb. about half the cost. Sold only at the Direct Importing Co.'s, red front store, 51 Merrimack st., Lowell, where Benefit Brand Teas, Coffees and Grocery Specialties are retailed at wholesale prices.

## Sweet Nut Margarine

**ARE YOU  
GOING DEAF?  
DO YOU  
Gasp for Breath?**

My specialty is treating deafness, head noises, vertigo, ringing, clogged nostrils and healing sore places in the breathing tubes. I have devoted twenty-eight years to the treatment of this class of ailments and now, by the discoveries made by me, I am able to treat deafness and head noises without using instruments in the ear tubes.

## THE NEW SYSTEM Of Deafness and Bronchial Treatment by Electricity

**8 Visits for \$5**

If you suffer with clogged nostrils, discharging nostrils, are going deaf or have head noises, or discharging ears, or have a bad throat or bad stomach, or gasp for breath and suffer from those other distressing symptoms of asthma, I will be pleased to have you call at my office. It will cost you nothing for an examination and if you begin treatment, this month you will receive eight complete office treatments for \$5.00. This includes all diseases of a catarrhal nature, whether the disease be in the eyes, ears, nose, throat, bronchial tubes or stomach.

## —The— Electric Warming Pad Chases Chills

Imagine a light, soft, woolly, eiderdown blanket, 15 inches long and 12 inches wide, which maintains an even, soothing heat, and you have a good mental picture of this pad.

Electric Warming Pads are in use in hundreds of Lowell homes where the leaky, unreliable hot water bag was formerly tolerated.

Connects to any lamp socket. Is twice as large as the ordinary water bag or bottle and weighs only 1-3 as much.

Tel. 821 for one today.

## DAILY BULLETIN FROM WAR WORK HEADQUARTERS 119 MERRIMACK STREET

## Sugar Cards, Fuel and Coal Cards

AT 117 MERRIMACK STREET

People are flocking in for these! How many of them realize that the war means anything to them? How many have Liberty Bond Buttons? We are noticing! It is inexcusable in any of them to be thinking only of themselves and to act as though they had no duty to the Country, to the Boys and to Lowell.

Get your Sugar Cards, demand your coal, but do your duty. BUY LIBERTY BONDS. Earn your buttons. Everybody can, or there is something wrong.

Anyone without a button must be a poor patriot for America.

Make no excuses. Subscribe today and pay later. If you are unable to go to a bank, telephone 5726, and we will send a Boy Scout to take your subscription for you.
